Paul Stevens,2024-02-20 Work whether from home in cyberspace or in a factory or office occupies a major chunk of our time energy and soul This book seeks to make sense of our work in the world through adapting the pithy statement of the Puritan William Perkins to define marketplace theology as the science of working blessedly forever It is a science involving investigation but not just with the head thought but also with heart prayer and hand practice But it is a science of working So the book investigates a theology of work undertaken in the light of God s blessing and purpose And our work is not just for this life but forever since some of it could last into the new heaven and new earth where guess what Scripture says we will work as fully human and resurrected beings Stevens gathers his lifetime of research and teaching into this book showing through biblical research and contemporary analysis the meaning of work and human enterprise It could change your lifestyle your work style and your soul **Unassisted Childbirth** Laura Kaplan Shanley,2012-02-22 This book

reveals how giving birth is an inherently safe relatively painless process that is best performed without the assistance of doctors or midwives and how confidence and a positive attitude reduces fear and therefore the pain of labor According to Laura Kaplan Shanley a renowned leader in the natural birth movement human birth is inherently safe and relatively painless provided we refrain from physical or psychological interference The problems often associated with birth can be traced to three main factors poverty unnecessary medical intervention and fear When these causes are eliminated most women can give birth either alone or with the help of a partner friends or family This second edition of Unassisted Childbirth leads with a history of childbirth and then describes how most deliveries occur today detailing why these processes don't serve mothers or babies The information in this unique book gives women yet another legitimate choice in childbirth that doesn't rely on doctors and technology and allows parents birth professionals and general readers to reexamine their most basic ideas about birth and learn to think in new ways

Drunk in the Spirit Merrill G. Greene, 2025-07-15 Sloshed Hammered Doing carpet time Sipping godka Videos showing people falling down shaking and spontaneously laughing all in church If one has not grown up in the Charismatic or Pentecostal tradition the concept of being drunk in the Spirit likely seems baffling Yet in recent decades the idea of spiritual intoxication has gained traction What should we think about such odd looking manifestations Does the Bible speak of anything like this How should we discern such things In this book readers will find a sustained analysis of passages from the Bible dealing with these very topics Readers may be shocked at how trances ecstatic episodes and altered states of consciousness are indeed found within the pages of sacred Scripture some of them hidden in one's own cherished stories
