Wishing On The Moon The Life And Times Of Billie Holiday

Meg Greene

Wishing On The Moon The Life And Times Of Billie Holiday:

Wishing on the Moon Donald Clarke,1994 No singer has been more mythologized and more misunderstood than jazz legend Billie Holiday This biography separates fact from fiction to reveal Lady Day in all stages of her short tragic life

Billie Holiday Donald Clarke,2002-06-20 Based on unrivaled access to archival interviews with those who knew her at every stage of her life the most revealing biography of the incomparable Lady Day **Wishing on the Moon** Donald CLARKE,1995 **Billie Holiday** Meg Greene,2006-11-30 Billie Holiday 1915 1959 the legendary jazz singer whose vocal stylings were deeply affecting continues to enthrall This biography conveys her hard luck youth career triumphs and then decline and early death At age 14 despite growing up with an absentee musician father little schooling a rape at 10 and jail time for prostitution this extraordinary girl moved to New York City to find work as a dancer or singer She soon became the toast of Harlem and went on to tour and record with the biggest names in jazz Holiday s career took off in the 1930s during the Depression and the biography evokes the era and atmosphere of the jazz club scene The state of race relations in the country is discussed as Holiday tours with white bandleaders such as Artie Shaw and even as she sings about lynching in the controversial Strange Fruit The narrative further chronicles Holiday s relationships descent into drug addiction the subsequent diminishment of her talent and tragic early death Readers today will then want to seek out Holiday s recordings to more fully appreciate her interpretations of the songs of that classic era **Billie Holiday** Michael V. Perez,Jessica McKee,2019-10-31 Eleanora Lady Day Fagan better known as Billie Holiday played a primary role in the development of American jazz culture and in African American history Devoted to the enduring jazz icon covering many aspects of her career image and legacy these fresh essays range from musical and vocal analyses to critical assessments of film depictions of the singer to analysis of the social movements and protests addressed by her signature songs including her impact on contemporary movements such as BlackLivesMatter More than a century after her birth Billie Holiday s abiding relevance and impact is a testament to the power of musical protest This collection pays tribute to her creativity bravery and lasting legacy *The Jazz Standards* Ted Gioia,2021 An essential copmprehensive guide to some of the most important jazz compositions telling the story of more than 250 key jazz songs and providing a listening tuide to more than 2000 recordings

The Birth of Cool Carol Tulloch,2016-01-28 It is broadly recognized that black style had a clear and profound influence on the history of dress in the twentieth century with black culture and fashion having long been defined as cool Yet despite this high profile in depth explorations of the culture and history of style and dress in the African diaspora are a relatively recent area of enquiry The Birth of Cool asserts that cool is seen as an arbiter of presence and relates how both iconic and ordinary black individuals and groups have marked out their lives through the styling of their bodies Focusing on counter and sub cultural contexts this book investigates the role of dress in the creation and assertion of black identity From the gardenia corsage worn by Billie Holiday to the work wear of female African Jamaican market traders through to the home dressmaking

of black Britons in the 1960s and the meaning of a polo neck jumper as depicted in a 1934 self portrait by African American artist Malvin Gray Johnson this study looks at the ways in which the diaspora experience is expressed through self image Spanning the late nineteenth century to the modern day the book draws on ready made and homemade fashion photographs paintings and films published and unpublished biographies and letters from Britain Jamaica South Africa and the United States to consider how personal style statements reflect issues of racial and cultural difference The Birth of Cool is a powerful exploration of how style and dress both initiate and confirm change and the ways in which they expresses identity and resistance in black culture **Encyclopedia of Music in the 20th Century** Lol Henderson,Lee Stacey,2014-01-27 The Encyclopedia of Music in the 20th Century is an alphabetically arranged encyclopedia of all aspects of music in various parts of the world during the 20th century It covers the major musical styles concert music jazz pop rock etc and such key genres as opera orchestral music be bop blues country etc Articles on individuals provide biographical information on their life and works and explore the contribution each has made in the field Illustrated and fully cross referenced the Encyclopedia of Music in the 20th Century also provides Suggested Listening and Further Reading information A good first point of reference for students librarians and music scholars as well as for the general reader *Music in the 20th Century (3 Vol Set)* Dave DiMartino,2016-04-15 This is an examination of the crucial formative period of Chinese attitudes toward nuclear weapons the immediate post Hiroshima Nagasaki period and the Korean War It also provides an account of US actions and attitudes during this period and China s response **Jammin' at the Margins** Krin Gabbard,1996-05-15 American cinema has long been fascinated by jazz and jazz musicians Yet most jazz films aren t really about jazz Rather as Krin Gabbard shows they create images of racial and sexual identity many of which have become inseparable from popular notions of the music itself In Jammin at the Margins Gabbard scrutinizes these films exploring the fundamental obsessions that American culture has brought to jazz in the cinema Gabbard s close look at jazz film biographies from The Jazz Singer to Bird reveals Hollywood s reluctance to acknowledge black subjectivity Black and even white jazz artists have become vehicles for familiar Hollywood conceptions of race gender and sexuality Even Scorsese s New York New York and Spike Lee s Mo Better Blues have failed to disentangle themselves from entrenched stereotypes and conventions Gabbard also examines Hollywood s confrontation with jazz as an elite art form and the role of the jazz trumpet as a crucial signifier of masculinity Finally he considers the acting careers of Louis Armstrong Nat King Cole and Hoagy Carmichael Duke Ellington s extraordinary work in films from 1929 until the late 1960s and the forgotten career of Kay Kyser star of nine Hollywood films and leader of a popular swing band This insightful look at the marriage of jazz and film is a major contribution to film jazz and cultural studies
