Witness To The World The Christian Mission In Theological Perspective:

Witness To The World David J. Bosch, 2006-10-01 A great deal of uncertainty exists in the church as to what mission really is. The shifts in political power away from the traditionally Christian West, the call for a moratorium and the other critical voices from the Third World churches and the increasing self-assurance and missionary consciousness among adherents of non-Christian religions all these have given rise to the question whether Christian mission work still makes sense and if it does what form it should take. Is mission identical to evangelism in the sense of proclaiming eternal salvation? Does it include social and political involvement and if so how? Where does salvation take place only in the Church or in the individual or in society or in the world or in the non-Christian religions? The picture is one of change and complexity, tension and urgency. The answers we give to these questions must be consonant with the will of God and relevant to the situation in which we find ourselves. *Witness to the World* David Jacobus Bosch, 1991 *Mission* Carlos F. Cardoza-Orlandi, 2002-06-01 Mission has become for many North American Christians an ambiguous and often uncomfortable term. To many it brings to mind a past in which western culture was identified with the gospel in missionary practice and programs. Distressed with this history and uncertain about how to overcome it, many prefer to ignore the New Testament mandate that the church must be in mission if it is to be the church. Others swing the other way, declaring that everything the church does is mission, depriving the idea of mission of its power to define those specific actions of God which proclaim the gospel and build God's kingdom. The church exists by missions just as fire exists by burning. With these words of Emil Brunner, the author reminds us that to be the church is to be in mission. After describing the various captivities of mission which plague North American Christianity, the author argues for a robust and engaged practice of mission beginning in congregations and extending to the broader community. **Introducing Christian Mission Today** Michael W. Goheen, 2014-07-14 Michael Goheen gives us a full-scale introduction to mission studies today in its biblical, theological, and historical dimensions. Goheen covers the full horizon of major issues in mission, including its global, urban, and holistic contexts. This text shows how the missional church encounters the pluralism of Western culture and global religions. Christian Mission in the Twentieth Century Timothy Yates, 1994 Offering an essential historical overview of the chief developments in Christian mission, this should become a standard textbook. *The Study of Evangelism* Paul W. Chilcote, Lacey C. Warner, 2008-02-13 Christians and communities of faith today are rediscovering evangelism as an essential aspect of the church's mission. Many of the resulting books in the marketplace, however, have a hands-on orientation, often lacking serious theological engagement and reflection. Bucking that trend, *The Study of Evangelism* offers thirty groundbreaking essays that plumb the depths of the biblical and theological heritage of the church with reference to evangelistic practice. Helpfully organized into six categories, these broad, diverse writings lay a solid scholarly foundation for meaningful dialogue about the church's practice of evangelism. **MissionShift** David Hesselgrave, Ed Stetzer, 2010-07-01

Essays on modern missions issues by Charles Van Engen Paul Hiebert and Ralph Winter with responses from other missional leaders edited by David Hesselgrave and Ed Stetzer *The Real Church* Harald Hegstad,2013-02-15 What does it mean to believe in the church What is the relationship between the church we believe in and the church we experience Is there an invisible church that is different from the visible This book is an argument for an ecclesiology of the visible The only church the real church is a concrete reality made up of people just like any other fellowship What distinguishes it as church is the presence of the triune God among those who gather in the name of Jesus making it a sign and anticipation of the fellowship of the kingdom of God From this premise Dr Hegstad analyzes such issues as the relationship between church and world mission and diakonia church as fellowship and organization ministries in the church worship and the unity of the church as well as discussing the relationship between a sociological and a theological understanding of the church *Transformation by the Spirit and the Word* Will Loescher,2023-03-01 This book is a distillation of reading Acts for over fifty years preaching it for twenty five years and studying it in depth for five years My aim is for students church leaders preachers and missionaries to join me on a journey of narrative theology a literary exploration of transformation by the Spirit and the Word in Acts As with every part of God s inspired Scriptures there is always more to discover and apply As a Reformed Charismatic I believe that Acts is our story However rather than just attempting to copy it I suggest that the book s unexpected literary shape reveals a challenging missional significance The need for world gospel mission continues today However like the early church we often contain the Holy Spirit within our own structures and are reluctant to move out of our comfort zones Acts shows the church s priority is to be God s mission instrument in the world Let s study lead preach and go from Acts so that we realize Jesus s promise that you will receive power when the Holy Spirit comes upon you and you will be my witnesses in Jerusalem Judea and Samaria and to the ends of the earth Acts 1:8 *Biblical Holism and Agriculture (Revised Edition)*: David J. Evans,Ronald J. Vos,Keith P. Wright,2020-04-22 Because the World Matters New generations are championing responsibility for both the environment and those peoples who depend upon it in all new ways Biblical Holism and Agriculture addresses the urgent need for constructing a holistic perspective grounded in the Bible to appraise the economic social ecological environmental and spiritual impact of globalization and the unprecedented impact of powerful agricultural technologies and marketing systems The holistic biblical perspectives within reference ancient Hebrew insights about responsible freedom for keeping the land by people created in the image of God as representatives commissioned to stewardship and justice
