Sekulow,2015-05-19 The author a free speech and religious liberty litigator and news commentator argues that the federal bureaucracy has become a de facto fourth branch of government that it routinely violates the rights of the electorate without accountability and that only by actively resisting its continued encroachments on personal liberty can American democracy be restored

Antichrists and the Apocalypse Joseph Pope,2019-11-22 Prophetically it s closing time Pandemonium has broken out on every continent Economic collapse war famine and pestilence has taken over the world But it was all foretold in the Book of Revelation Rogue nations seek to take advantage of the chaos There is a leadership vacuum Suddenly there appears a solitary figure who has a track record for governance and management He is known for his compassion and charisma He is also known for electrifying speeches Apparently he is God s man for the hour But what does the Bible say

The Closing of the Liberal Mind Kim R. Holmes,2017-12-12 A former U S Assistant Secretary of State and currently Acting Senior Vice President for Research at The Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties **America v.
