Using Japanese A Guide To Contemporary Usage:

Using Japanese William McClure, 2000-11-09 This book first published in 2000 is a guide to Japanese usage for students who have already acquired the basics of the language and wish to extend their knowledge Unlike conventional grammars it gives special attention to those areas of vocabulary and grammar which cause most difficulty to English speakers Careful consideration is given throughout to questions of style register and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech There are also sections dealing with a selection of common social rituals such as greetings introductions and apologies Clear readable and easy to consult via its two indexes this is an essential reference for learners seeking access to the finer nuances of the Japanese language **Using Japanese**

Synonyms A. E. Backhouse, 2016-06-16 Being a successful speaker of a given language involves control of the meaning and use of vocabulary items taking in their lexical content what phenomena they refer to combinatorial behaviour what items they occur with and situational characteristics e g as colloquial or formal terms This essential reference book provides clear information on these aspects for around three hundred groups of Japanese near synonyms supplemented by a wide range of authentic examples The result is a clear profile of the meaning and use of each item highlighting similarities and distinctions among neighbouring terms and expanding learners lexical range The book is designed primarily for English speaking learners and the selection of groups and items and the overall treatment adopted reflects the author's extensive experience in teaching Japanese to English speakers Japanese forms and examples appear in both romanisation and Japanese orthography and the bilingual indexes allow readers to locate synonyms quickly and easily *Using German Vocabulary*

Sarah M. B. Fagan, 2004-05-27 This textbook provides a comprehensive and thematically structured vocabulary for students of German Designed for all but the very beginning levels of undergraduate study it offers a broad range of vocabulary and is divided into 20 manageable units dealing with the physical social cultural economic and political world The word lists are graded into three levels that reflect difficulty and likely usefulness and are accompanied by extensive exercises and activities designed to reinforce work done with the lists and to increase students competence in using the vocabulary Suitable for both classroom teaching and private study the exercises also make use of authentic German texts enabling students to work with the vocabulary in context Clearly organized and accessible *Using German Vocabulary* is designed to meet the needs of a variety of courses at multiple stages of any undergraduate programme **Essential Japanese Grammar** Masahiro

Tanimori, Eriko Sato, 2013-02-08 **Essential Japanese Grammar** is an indispensable study guide for students of the Japanese language at all levels Long the standard in Japanese language education it provides clear jargon free explanations of how Japanese grammar works and offers hundreds of example sentences An essential handbook for self study or the classroom students will find that a strong foundation in grammar is vital to those wishing to learn Japanese **Essential Japanese Grammar** presents many unique features First grammatical terminology has been kept to a minimum so that extensive prior

knowledge of grammar is not required Second abundant example sentences are written in Japanese characters kana and kanji followed by romanji and English translations Third the authors have tried to reveal aspects of grammar that may not be found in comparable grammar books such as rare Japanese verbs adjectival nouns clauses adverbs etc This Japanese grammar book contains Parts of speech Sentence constructions Conjugations forms Speech styles and tones Accentuation rules Essential words and functional elements An appendix for referencing and cross referencing Japanese words

Using Arabic Mahdi Alish,2005-06-30 Using Arabic is a guide to Arabic usage for students who have already acquired the basics of the language and wish to extend their knowledge Focusing mainly on Modern Standard Arabic it is divided into three clear sections on varieties of Arabic grammar and vocabulary Varieties of Arabic describes the linguistic situation in the Arab world showing students variations in register through the use of authentic texts The vocabulary section is designed not only to expand students knowledge of Arabic words but also to show them which words are most current and which are appropriate to different registers The final chapter provides an overview of Arabic grammar giving many modern day examples and highlighting common errors Clear readable and easy to consult Using Arabic will prove an invaluable reference for students seeking to improve their fluency and confidence in Arabic

Using Chinese Synonyms Grace Qiao Zhang,2010-04-08 Using Chinese Synonyms is an essential reference book specifically designed for non native speakers of Chinese and for teachers and other language professionals who want a user friendly guide to the finer nuances of Chinese synonyms It contains approximately 1700 synonyms in 316 groups With the particular needs of non native speakers of Chinese in mind this invaluable book selects and explains words and phrases in everyday use allowing students to enhance their knowledge of one of the most important and widely spoken languages in the world This book assists in the development of fluent spontaneous and skilful use of Chinese synonyms

Using Spanish Vocabulary R. E. Batchelor,Miguel Ángel San José,2003-08-07 This book first published in 2003 provides a comprehensive and structured vocabulary for all levels of undergraduate Spanish courses It offers a broad coverage of the concrete and abstract vocabulary relating to the physical cultural social commercial and political environment as well as exposure to commonly encountered technical vocabulary The accompanying exercises for private study and classroom use are designed to promote precision and awareness of nuance and register develop good dictionary use and encourage effective learning The book includes both Iberian and Latin American vocabulary and clearly identifies differences between the two varieties Consists of twenty units each treating a different area of human experience Units are divided into three levels which allows core vocabulary in each area to be learned first and more specialised or complex terms to be added at later stages Vocabulary is presented in alphabetical order for ease of location

Using Russian Synonyms Terence Wade,Nijole White,2004-01-28 This book designed for students who have already developed a basic competence in Russian aims to broaden and improve their vocabulary by providing detailed information on groups of Russian words with related meanings It is invaluable as a guide to finding the right word for the

context In order to enhance understanding of the structure of the Russian vocabulary groups of synonyms are organised under Russian rather than English headwords All entries are accompanied by examples of usage and English glosses and there are two indexes allowing users quickly to locate words in Russian or English The book takes full account of register variation indicating the degree of formal or informal use It is an essential reference for college students and undergraduates as well as teachers and other professional linguists seeking access to the finer nuances of the Russian language *Using Italian Vocabulary* Marcel Danesi,2003-08-07 Using Italian Vocabulary provides the student of Italian with an in depth structured approach to the learning of vocabulary It can be used for intermediate and advanced undergraduate courses or as a supplementary manual at all levels including elementary level to supplement the study of vocabulary The book is made up of twenty units covering topics that range from clothing and jewellery to politics and environmental issues with each unit consisting of words and phrases that have been organized thematically and according to levels so as to facilitate their acquisition The book will enable students to acquire a comprehensive control of both concrete and abstract vocabulary allowing them to carry out essential communicative and interactional tasks A practical topic based textbook that can be inserted into all types of course syllabi Provides exercises and activities for classroom and self study Answers are provided for a number of exercises **Japanese Language in Use** Toshiko Yamaguchi,2007-10-13 Introduces pragmatics discourse language and culture in the Japanese context It covers Language in context Japanese in conversation Honorifics and politeness Language and gender and Young people s language
