Better Practices of Project Management Based on IPMA competences, 2nd edition John Hermarij, 2020-06-11 This book is replaced by a new version 3rd revised Edition Project management is a fast growing profession The IPMA Competence Baseline ICB version 3 dating from 2007 gives a clear description of this profession based on 46 competence elements This book gives the essential theoretical and practical background of each competence element based on the leading sources The structure of this book follows the order of the competence elements in the ICB version 3 divided into Technical competences Behavioral competences and Contextual competences For this reason it is the essential study book for everyone studying for the IPMA D and IPMA C exams and for those project managers that have committed themselves to a lifelong professional development In addition the book had to be applicable to groups of project managers originating from diverse cultures For this reason this is not a book that tells how a Westerner must behave in an Arab or an Asian country but one that looks at the different subjects covered in the ICB as seen from diverse cultural standpoints Each chapter is based on the same structure Definitions Introduction Process Steps Process steps Special topics Text boxes additional to the main text give additional explanation to the main text An elaborate Index of terms allows that this book can be used as the information source to all aspects of project management

Methods of IT Project Management, Fifth Edition Jeffrey L. Brewer, Kevin C. Dittman, Paul J. Thomas, 2025-09-15 Designed for graduate advanced undergraduate and practitioner project management courses with an information technology focus Methods of IT Project Management is designed around the Project Management Body of Knowledge PMBOK incorporating material from the latest seventh edition while still maintaining the book s process approach The text provides students with all the concepts techniques artifacts and methods found in the leading project management reference books and modern development methodologies agile hybrid and traditional while also conveying practical knowledge that can immediately be applied in real world settings This book uniquely integrates cutting edge knowledge and techniques from the industry ensuring that readers are equipped with the most current and relevant skills Unlike other books in this area the material is organized according to the sequence of a generic project life cycle from project selection to initiation planning execution control and iteration or

project closeout Following this life cycle approach as opposed to covering the material by knowledge area or project performance domain allows new learners to simultaneously study project management concepts and methods as they develop skills they can use immediately during and upon completion of the course The text s structure also allows different programs to use the book during real world projects

Economic Geography ,1928 *Holy Ground: Where Art and Text Meet* Hans T. Bakker,2019-12-16 The 31 selected and revised articles in the volume Holy Ground Where Art and Text Meet written by Hans Bakker between 1986 and 2016 vary from theoretical subjects to historical essays on the classical culture of India They combine two mainstreams the Sanskrit textual tradition including epigraphy and the material culture as expressed in works of religious art and iconography The study of text and art in close combination in the actual field where they meet provides a great potential for understanding The history of holy places is therefore one of the leitmotifs that binds these studies together One article The Ramtek Inscriptions II was co authored by Harunaga Isaacson two articles on Moksadharma 187 and 239 241 and The Quest for the Pasupata Weapon by Peter C Bisschop
