Trampoline An Illustrated Novel:

Trampoline Robert Gipe, 2015 When Dawn Jewell fifteen restless curious and wry joins her grandmother s fight against mountaintop removal mining in spite of herself she has to decide whether to save a mountain or save herself be ruled by love or by anger remain in the land of her birth or run for her life **Trampoline** Robert Gipe, 2015-11-20 Dawn Jewell is fifteen She is restless curious and wry She listens to Black Flag speaks her mind and joins her grandmother s fight against mountaintop removal mining almost in spite of herself I write by ear says Robert Gipe and Dawn s voice is the essence of his debut novel Trampoline She lives in eastern Kentucky with her addict mother and her Mamaw whose stance against the coal companies has earned her the community s ire Jagged and honest Trampoline is a powerful portrait of a place struggling with the economic and social forces that threaten and define it Inspired by oral tradition and punctuated by Gipe s raw and whimsical drawings it is above all about its heroine Dawn as she decides whether to save a mountain or save herself be ruled by love or ruled by anger remain in the land of her birth or run for her life Pop Robert Gipe, 2021-02-26 A coming of age story of hope betrayal and familial legacy set in rural Appalachia Set in the run up and aftermath of the 2016 election Pop brings the Canard County trilogy to a close as Dawn the young narrator of Gipe s first novel Trampoline is now the mother of the seventeen year old Nicolette Whereas Dawn has become increasingly agoraphobic as the internet persuades her the world is descending into chaos Nicolette narrates an Appalachia where young people start businesses rooted in local food culture and work to build community But Nicolette s precocious rise in the regional culinary scene is interrupted when her policeman cousin violently assaults her setting in motion a chain of events that threaten to destroy the family and Canard County in the process In the tradition of Gipe s first two novels Pop s Appalachia is full of clear eyed caring creative and complicated people struggling to hang on to what is best about their world and reject what is not Their adventures reflect an Appalachia that is overrun by outside commentators looking for stories to tell about the region sometimes positive sometimes negative but almost always oversimplified **Weedeater** Robert Gipe, 2020-02-18 Weedeater picks up six years after the end of Robert Gipe s first novel Trampoline and continues the story of the people of Canard County Kentucky living through the last hurrah of the coal industry and battling with opioid abuse The events it chronicles are frantic but its voice is filled with humor and grace Appalachia on the Table Erica Abrams Locklear, 2023-04-15 When her mother passed along a cookbook made and assembled by her grandmother Erica Abrams Locklear thought she knew what to expect But rather than finding a homemade cookbook full of apple stack cake leather britches pickled watermelon or other traditional mountain recipes Locklear discovered recipes for devil s food cake with coconut icing grape catsup and fig pickles Some recipes even relied on food products like Bisquick Swans Down flour and Calumet baking powder Where Locklear wondered did her Appalachian food script come from And what implicit judgments had she made about her grandmother based on the foods she imagined she would have been interested in cooking Appalachia on the Table argues in part that since the conception of

Appalachia as a distinctly different region from the rest of the South and the United States the foods associated with the region and its people have often been used to socially categorize and stigmatize mountain people Rather than investigate the actual foods consumed in Appalachia Locklear instead focuses on the representations of foods consumed implied moral judgments about those foods and how those judgments shape reader perceptions of those depicted The question at the core of Locklear's analysis asks How did the dominant culinary narrative of the region come into existence and what consequences has that narrative had for people in the mountains

Writing Appalachia Katherine Ledford, Theresa Lloyd, Rebecca Stephens, 2020-03-17 Despite the stereotypes and misconceptions surrounding Appalachia the region has nurtured and inspired some of the nation's finest writers Featuring dozens of authors born into or adopted by the region over the past two centuries *Writing Appalachia* showcases for the first time the nuances and contradictions that place Appalachia at the heart of American history This comprehensive anthology covers an exceedingly diverse range of subjects genres and time periods beginning with early Native American oral traditions and concluding with twenty first century writers such as Wendell Berry bell hooks Silas House Barbara Kingsolver and Frank X Walker Slave narratives local color writing folklore work songs modernist prose each piece explores unique Appalachian struggles questions and values The collection also celebrates the significant contributions of women people of color and members of the LGBTQ community to the region's history and culture Alongside Southern and Central Appalachian voices the anthology features northern authors and selections that reflect the urban characteristics of the region As one text gives way to the next a more complete picture of Appalachia emerges a landscape of contrasting visions and possibilities

ecospiritualism queer ecocriticism and materialist ecocriticism to name a few Adding Appalachian voices to the larger ecocritical discourse is vital not only for the sake of increased diversity but also to allow those unfamiliar with the region and its works to better understand the Appalachian region in a critical and authentic way Including Appalachia in the larger ecocritical community allows for the study of how the region its issues and its texts intersect with a variety of communities thus allowing boundless possibilities for learning and analysis
