Understanding Treating Managing Addiction Tobutt:

Managing Addictions F. Michler Bishop, 2001 This volume offers a range of techniques designed to address the complexity of treating addictive disorders Understanding that one form of treatment will not work for all patients Dr Bishop stresses the need for therapists to be flexible and to consider a variety of perspectives **Alcohol at Work** Clive Tobutt, 2016-03-23 In the European Union many individuals will partake in drinking a little wine with their lunch or dinner to aid their enjoyment of the meal or as an appetizer for food Alcohol is also a drug of dependence Some individuals will drink too much and some of them will become addicted Access to alcohol binge drinking and younger drinkers can lead to unsafe workplaces absenteeism fraud and criminal behaviour Alcohol at Work is a definitive guide to the problem exploring its nature and scale and providing a complete range of ideas and techniques to help create a policy in the workplace and develop appropriate and effective measures for monitoring and tackling alcohol abuse The key collective message is solve the problem take the alcohol not the person out of the workplace In the UK alone research puts the cost of alcohol abuse in the workplace at 2 billion a year This is a must have reference for human resource occupational health and risk managers as well as those involved in tackling criminal behaviour such as fraud and violence at work resulting from alcohol abuse and addiction *Alcohol Use: Assessment, Withdrawal Management, Treatment and Therapy* David B. Cooper, 2023-01-31 The book brings together the most up to date knowledge and expertise covering the whole topic of alcohol It presents the practical skills needed to offer ethical intervention and treatment and implement ethical person centered care It is a practice based text that aims to improve ethical relationships responses care and practice necessary to be effective in interventions and treatment with those experiencing alcohol use and health problems The focus is on combining the principles and philosophy of alcohol prevention and intervention in hospital and community Each chapter provides self assessment exercises reflective practice exercises key points and a to learn more section and develops a theoretical framework before broadening to include application in care and practice This work will appeal to a wide readership from professionals working within the mental health care and practice environment to mental health students **Drugs and Addictive Behaviour** Hamid Ghodse, 2002-10-24 In this completely revised and updated third edition of his highly successful book Hamid Ghodse presents a comprehensive overview of substance misuse and dependence There is a particular emphasis on practical evidence based approaches to the assessment and management of a wide range of drug related problems in a variety of clinical settings and he has written an entirely new chapter on alcohol abuse He defines all the terms and describes the effects of substance misuse on a patient's life Epidemiology and international prevention and drug control policies are covered to address the global nature of the problem and the appendix provides a series of clinical intervention tools among them a Substance Misuse Assessment Questionnaire This will be essential reading for all clinicians and other professionals dealing with addiction from counsellors and social workers to policy makers **Ghodse's Drugs and Addictive Behaviour** Hamid

Ghodse,2010-02-11 This classic text provides a comprehensive accessible overview of substance misuse and dependence with an emphasis on practical and evidence based approaches to the assessment management and prevention of a wide range of drug related problems in a variety of clinical and social settings The book includes definitions of terms and describes the effects and clinical characteristics of all substances of misuse The theoretical background to these topics is clearly explained For the fourth edition every chapter has been revised to include the most up to date information with the latest international data on the extent of the world drug problem There is detailed emphasis on harm minimization AIDS and hepatitis C and entirely new coverage of tobacco addiction and its management This is an essential guide for all healthcare workers health policy specialists counselors and those seeking to train in areas related to addiction and substance misuse *Companion to Psychiatric Studies E-Book* Eve C Johnstone,David Cunningham Owens,Stephen M Lawrie,Andrew M McIntosh,Michael D. Sharpe,2010-07-26 2011 BMA Book Awards Highly Commended in Psychiatry A new edition of a classic textbook now published for the first time with colour Covering the entire subject area both basic sciences and clinical practice in an easily accessible manner the book is ideal for psychiatry trainees especially candidates for postgraduate psychiatry exams and qualified psychiatrists New edition of a classic text with a strongly evidenced based approach to both the basic sciences and clinical psychiatry Contains useful summary boxes to allow rapid access to complex information Comprehensive and authoritative resource written by contributors to ensure complete accuracy and currency of information Logical and accessible writing style gives ready access to key information Ideal for MRCPsych candidates and qualified psychiatrists Expanded section on psychology including social psychology to reflect the latest MRCPsych examination format Discussion of capacity and its relationship to new legislation Text updated in full to reflect the new Mental Health Acts Relevant chapters now include discussion of core competencies and the practical skills required for the MRCPsych examination Includes a section on the wider role of the psychiatrist including teaching and supervision lifelong learning and working as part of a multidisciplinary team including dealing with conflict discipline and complaints Includes new chapter on transcultural aspects of psychiatry Enhanced discussion of the use of the best current management options both pharmacological and psychotherapeutic the latter including CBT including its use in the treatment of psychosis and group couple and family therapy *Human Frailties* Ronald J. Burke,Suzy Fox,2016-05-13 Every day we hear stories about the consequences of human frailties for individuals their families and friends and their organizations Some of these stories are about alcohol and drug addiction and other harmful lifestyle choices but human frailty also leads to all kinds of unethical and illegal behaviour Individuals are convicted of bribery and corruption price fixing theft and fraud sexual harassment and abuse of authority Politicians fiddle their expenses sports people cheat and fix matches and school and university students and teachers cheat to enhance exam results Studies have shown that business students cheat more than others and efforts to teach ethical behaviour in business schools make little difference The media who bring us stories of others frailties themselves engage in

unethical and illegal conduct in pursuit of an edge over their rivals The contributions to this latest addition to Gower's Psychological and Behavioural Aspects of Risk Series place the spotlight on individuals their behavioural choices and the consequences that follow for theirs and others lives and careers The conclusion is that people do have choices and options and that whilst there are no easy or quick fixes in addressing self limiting behaviours successful avoidance of the worst outcomes can be achieved This book provides guidance on the practical steps that need to be taken in order to gain a sense of proportion of what is important and of how we are doing if we are to address our frailties and stop making unethical choices *Public Health Mini-Guides: Alcohol Misuse E-book* Ken Barrie,Angela Scriven,2014-06-14 The Hot Topics in Public Health series Hot Topics in Public Health consists of a series of small pocketbooks focussing on the key public health issues identified by the UK government priorities The books will be of use to a wide audience of students and practitioners in the Nursing and Allied Health areas as all students in these areas do modules on Public Health and Health Promotion as well as those doing a diploma or degree in PH HP Students will find the books useful to cover assignments and on the ward and practitioners will love the quick reference format for use on the ward and in giving patient advice and running clinics on these topics There will be a title providing essential information on the priority areas of Obesity Smoking Alcohol misuse Sexual health Mental health Diabetes Non communicable diseases Exercise Drug misuse Health inequalities Boxes Thinking points will be of interest to practitioners Key debates Case studies Current strategies Gov targets Further Reading Useful web links *Oxford Textbook of Primary Medical Care* Roger Jones (Prof.),2005 *Death, Dying, and Social Differences* David Oliviere,Barbara Monroe,Sheila Payne,2011-09-15 This book examines access to specialist palliative care among different groups in society and the ways of working with difference within such services
