Unholy Terror Bosnia Al Qaida And The Rise Of Global Jihad:

Unholy Terror John R. Schindler, Al Qaida in the 80s they were in Afghanistan supported by America and fighting the Russians In the new century they have metastasized throughout the world's geopolitical body Where were they in the 90s Unholy Terror provides the answer with all its terrifying implications for our world today This book provides the missing piece in the puzzle of al Qaida's transformation from an isolated fighting force into a lethal global threat the Bosnian war of 1992 to 1995 John R Schindler reveals the unexamined role that radical Islam played in that terrible conflict and the ill considered contributions of American policy to al Qaida's growth His book explores a truth long hidden from view that like Afghanistan in the 1980s Bosnia in the 1990s became a training ground for the mujahidin Unholy Terror at last exposes the shocking story of how bin Laden successfully exploited the Bosnian conflict for his own ends and of how the U S Government gave substantial support to his unholy warriors leading to blowback of epic proportions Unholy Terror John R.

Schindler,2007 The first full account of the role the Bosnian conflict and American policy played in the transformation of al Qaida from a local terror into a global threat **Crime-terror Alliances and the State** Lyubov Grigorova,Ted Robert Gurr,2013 This new book by Lyubov Mincheva and Ted Gurr examines the political economy of transborder violence on the European Periphery that poses grave threats to domestic and international security in Europe and elsewhere The units of analysis are unholy alliances i.e hybrid transborder militant and criminal networks which have been active in the 1990s and the first decade of the 2000s The concept of Unholy Alliances is extended to also include the trans state criminal syndicates that arise in failed and dysfunctional states or operate within the global illicit economy It also addresses the question of what reigns supreme in securing the militants long term success money or social endowment including strong identity networks

Terrorism, an Unconventional Crime Vahab Aghai Ph.D,2011-08-30 The terrorist attacks of 9 11 opened a window on a host of questions and assumptions about terrorism Terrorism An Unconventional Crime uses those questions and assumptions as a starting point to explore the history ideology movements leaders and modern methodology of what is in fact an ancient phenomenon Chapter topics include the following What Are the Historic Roots of Terrorism September 11How Could It Happen Here Who Are the Taliban Is al Qaeda Taking Root in America What Are the Tactics of Terrorism Are Rebels Guerillas and Drug Cartels Terrorists Is Islam a Major Threat to Europe Can Terrorism Be Eradicated If Terrorism Is an Unconventional Crime What Are the Unconventional Solutions The book's principal focus is the current war on terrorism The book discusses the various reasons for conducting operations in Afghanistan and Iraq examines the tactics used and evaluates their effectiveness It devotes multiple chapters to the Taliban and al Qaeda allowing readers to distinguish between the two groups and their varying interests and motives There is also a detailed chapter long biography of the late Osama bin Laden One of the most important chapters is the one dedicated to the September 11 attacks The rapid narration of the timeline of events along with the descriptions of each of the nineteen hijackers and the modus operandi they used to succeed

in the attack transports the reader back to that fatal day The gaps in the security system the near misses of local authorities the hijacker pilot who was a near no show the what ifs of the day are brought into sharp and painful focus Finally *Terrorism An Unconventional Crime* presents factual information to debunk the idea all too common in some circles that all Muslims are terrorists or potential terrorists The book cites a wide spectrum of studies ranging from statistical surveys of terrorist incidents to social demographics psychological profiles compilations of correspondence and the views of religious scholars specializing in many faiths The latter affirm that every faith has a fundamentalist wing that could be radicalized at any time This kind of approach is a hallmark of *Terrorism An Unconventional Crime* When dealing with contemporary material the book carefully presents at least two different points of view usually starting with official government reports and then comparing and contrasting the opinions of various experts The object of the book is not to impose a particular viewpoint on readers but to inform and involve them in what for years to come will likely be an urgent and important issue

Jihadism, Foreign Fighters and Radicalization in the EU Inmaculada Marrero Rocha, Humberto Trujillo Mendoza, 2018-11-20 *Jihadism Foreign Fighters and Radicalization in the EU* addresses the organizational and strategic changes in terrorism in Europe as a result of urban jihadism and the influx of foreign fighters of European nationality or residence Examining the different types of responses to the treatment of radicalization and its consequences in the recruitment of young urban fighters and jihadists this book offers a framework for understanding the process of violent radicalization It critically analyses political and legal responses that have taken place within the European framework whilst also examining a series of functional responses from social and behavioural psychology This book then goes on to develop an explanatory model from an economic standpoint exploring the need to adapt the fight against the financing of terrorism to the changes in the sources of financing jihadist cells and foreign fighters Furthermore the volume draws on experience from the prison sector to assess the process of radicalization and the possibilities of intervention Taking an interdisciplinary approach this book will be of great interest to students of terrorism and counter terrorism radicalization European politics radical Islam and security studies

Returning Islamist Foreign Fighters Elena Pokalova, 2019-10-24 This book examines the challenges foreign fighter returnees from Syria and Iraq pose to Western countries A number of returnees have demonstrated that they are willing to use violence against their home countries and some have already staged terrorist attacks on Western soil on apparent orders from ISIS Through the historical context of previous waves of mobilizations of Islamist foreign fighters the author tracks the experiences of returnees from previous conflicts and discusses the major security challenges associated with them The book analyzes the major approaches implemented by Western countries in response to foreign fighter returnees discusses the prosecution of returnees and evaluates the corresponding challenges of prison radicalization

Warmonger Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband s support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be

shipped overseas Warmonger How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton's malign foreign policies and U S complicity in terrorist acts In so many ways Clinton's presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton's administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent

The Civil War in Bosnia and Herzegovina (1992-95) Viktor Bezruchenko, 2022 The war in Bosnia and Herzegovina 1992-1995 was the bloodiest and most savage conflict in post WWII Europe While numerous books and articles on the subject exist this book fills an important void by comprehensively addressing the intricacies of the conflict's political historic military and diplomatic factors The brutal civil war triggered by the demise of Yugoslavia Based on documents and eyewitness accounts the book covers the ideologies hidden agendas military operations covert actions and diplomacy that resulted in the Dayton Peace Accords of 1995 It also includes the geography population and tumultuous history of Bosnia and Herzegovina The author convincingly dispels myths related to the war including pre planned Serbian aggression the siege of Sarajevo the massacres of civilians in the UN safe areas of Srebrenica and epa and Slobodan Milo evi's role

Political, Social and Religious Studies of the Balkans Raphael Israeli and Ana Dimitrovska, 2021-05-24 This volume explores the roots and centennial development of radical Islam in the Balkans since the rise of early Muslim fundamentalists in the Muslim world in the early 20th century It also follows current militant Muslim movements which have grown in the world and were the direct trigger of the Bosnia war 1992-5 The book also clarifies the parallels between the predominant events in the world of Islam

during the past century specific developments in Balkan Islam in general and of Bosnia in particular The Confrontation: Winning the War Against Future Jihad Walid Phares, 2008-03-18 In Future Jihad terrorism and Middle East expert Walid Phares gave a definitive account of the historical and cultural forces that led to September 11 and the rise of radical Islam In The War of Ideas he revealed the conflict of ideologies that underlie the War on Terror Now in The Confrontation he identifies the clashes to come and provides a blueprint for defeating the forces of jihad Moving from the ravaged villages of the Sudan to London s Muslim neighborhoods to the battlefields of Iraq and Afghanistan he illuminates the vast and complex world of the global jihadist movement He offers a multi pronged strategy global in scope and calls on the world s diverse local and international institutions to come together and coordinate their efforts Pointing the way forward this book shows how we might reclaim a world that is safe for freedom and democratic societies
