exemplary programs Inclusive Pre-K & Kindergarten: Paula Kluth, Jaclyn Beljung, 2014-06-20 Preschool and kindergarten classrooms are unique settings that differ from the elementary and high school classrooms students experience at a later age. They are designed to help children learn about learning. In pre K and kindergarten classrooms playing, moving, and creating are all integral parts of daily lessons. Teachers are charged with designing learning experiences that keep young students engaged, allow choice and freedom, and connect learners to one another. Meeting the needs of diverse students in today's early childhood classrooms requires careful and targeted differentiation of curriculum, instruction, learning objectives, and environment. This six-page laminated guide by Paula Kluth and Jaclyn Beljung provides recommendations for creating carefully designed and thoughtfully orchestrated inclusive classroom environments for children in pre K and kindergarten. It includes a variety of ideas and strategies for: Setting up the classroom; Designing instruction for students with different needs; Creating positive behavioral supports; Making learning active; Establishing productive collaborative relationships with families and colleagues.

Exploring Gifted Education Jennifer L. Jolly, Jane M. Jarvis, 2018-01-29 Exploring Gifted Education focusses on the most fundamental and pressing topics in gifted education from across Australian and New Zealand contexts and gives particular attention to evidence-based practices and research findings. The wide variety of topics presented include identification of gifted learners; creativity; twice exceptional learners; affective considerations; teaching the gifted; curriculum considerations; programs and services; STEM; early childhood learners; rural and remote contexts; and parents of gifted learners. Each chapter provides guiding questions and key ideas to help orient the reader and discussion.

questions synthesise the chapter s concepts at the conclusion The first book of its kind to synthesise research based findings in gifted education from across New Zealand and Australia it is an essential reference tool for researchers and a key text for courses in gifted education Practitioners and parents will also find the assembled research illuminating and informative in understanding and addressing the needs of gifted learners *Children's Play, Pretense, and Story* Susan Douglas, Lesley Stirling, 2015-12-21 At the heart of this volume is the recognition that children s engagement with play and story are intrinsically and intricately linked The contributing authors share a passionate interest in the development and well being of children in particular through their use of imagination and adaptation of the everyday into play and stories Following these principles the volume explores the connections between play story and pretense with regard to many cultural and contextual factors that influence the way these elements vary in children s lives In a departure from earlier collections on play and story the authors take a particular focus on normative as compared with atypical development This collection begins with an approach to understanding the developmental relationship between play and story which recognizes their similarities while acknowledging their differences Much of the collection addresses pretend play and story in children with autism spectrum disorder an understudied but important group for consideration as these dimensions of their lives and development have often been considered problematic The volume also includes sections on play and story in classroom settings and play and story across cultures including non English speaking environments such as Israel Romania China and Mexico It concludes with a discussion of how play differs across sociocultural and economic contexts making a unifying claim for the importance of play in children s lives but also calling for an understanding of what play means to very different groups of children

Critical Literacy Practice Bogum Yoon, Rukhsar Sharif, 2015-08-17 This edited book shows how critical literacy can be applied in and outside the classroom setting It shows educators how critical theory is applied in practice using studies in diverse K 16 settings kindergarten through university contexts By providing specific examples of critical literacy practice in the classroom and beyond the book aims to help teachers researchers and teacher educators make clear connections between theory and practice in critical literacy Reclaiming Powerful Literacies Rebecca Rogers, 2017-10-30 Offering a unique reflexive framework for Critical Discourse Analysis focused on discourses of hope transformation and liberation this book showcases a variety of powerful literacies in action Drawing from original research in a range of public educational spaces across the lifespan from Kindergartners studying social justice movements to sixth graders designing a social justice museum exhibit focused on the environment and sustainability to teacher education students practicing racial literacy in response to the death of Michael Brown in Ferguson Missouri Rogers makes the case that critical social theories often associated with Critical Discourse Analysis have not kept pace with a recent shift toward the positive referred to as Positive Discourse Analysis Encouraging readers to reconsider their understanding of concepts such as power action context critique and reflexivity this book illustrates the potential of theorizing discourse analysis from a positive orientation
