Venture Catalyst The Five Strategies For Explosive Corporate Growth:

Venture Catalyst Donald L. Laurie, 2001 **Venture Catalyst** Donald L. Laurie, 2005-07 A practical framework for sparking explosive growth by turning your company into an entrepreneurial powerhouse *Venture Catalyst* Donald Laurie, 2001-09-20 Where's the growth While the NASDAQ has generated over three trillion dollars in new wealth over the past ten years many companies are still playing by yesterday's rules growing incrementally or expanding through risky mergers and acquisitions In today's high stakes environment the question is not whether to venture but how far and fast can your company grow through new business creation In *Venture Catalyst* Don Laurie offers an insider's perspective on the explosive world of corporate venturing through interviews with such pioneers as Roger Ackerman of Corning David Wetherell of CMGI and Mitch Kapor of Accel Moreover he offers a practical framework for identifying new sources of growth launching and managing ventures balancing the tension between established discipline and entrepreneurial creativity and maximizing the value of ventures For executives managers entrepreneurs and investors alike *Venture Catalyst* is a powerful guide to thriving in the new economy *Venture Catalyst*, 2010 **Platforms and Artificial Intelligence** Ahmed Bounfour, 2022-03-28 Artificial intelligence AI and platforms are closely related Most investments in AI especially in critical technologies are provided by large platforms This book describes how platforms invest in AI and how AI will impact the next generation of competences following a twofold approach to do so on the one hand the book seeks to understand how platforms for investment in intangibles and AI are organized but on the other hand it provides a framework to describe how AI will change jobs and competences in the future Moreover the book addresses five main themes 1 platforms platformization and the foundations of their business models 2 artificial intelligence technological tendencies and the policy agenda 3 artificial intelligence productivity and the next generation of competences 4 artificial intelligence productivity and the digital divide 5 artificial intelligence ethics and the post truth society The book's content is mostly based on papers presented at the last two installments of the World Conference on Intellectual Capital for Communities It brings together the views of leading scholars and experts on how artificial intelligence and platformization will impact competences in the near future [The 80/20 Individual](#) Richard Koch, 2011-01-12 In this powerful sequel to his classic bestseller *The 80/20 Principle* Richard Koch uniquely makes the connection between the rise of the individual and the 80/20 principle achieving more with less to create great new wealth From big business to small from Hollywood to sport Richard Koch demonstrates how the innovative individual now has the competitive advantage *The 80/20 Principle* showed how individuals could improve their personal lives but not their professional lives *The 80/20 Individual* is different Koch reveals how innovative individuals are taking over the world and how you can join in the revolution creating new wealth and wellbeing in a twenty first century individualism *The 80/20 principle* enables anyone who is determined bright or shrewd to stamp their footprint on the world to become an 80/20 person 80/20 people cut across all established fields and all walks of life politics business social work and not for profits

sports entertainment and the media **Start-Ups DECLASSIFIED** Stephen J. Andriole,2025-05-26 This book is about increasing the probability of success a playbook for entrepreneurs You re an entrepreneur and should already be thinking about how to get rich filthy rich before you write one line of code or define the service you plan to offer If you die you die But you should not die without dreaming about a house in the Hamptons and a private jet This is why you never sleep Start Ups DECLASSIFIED can help It s a must read because it describes the real start up process based on actual cases not theories about how to create grow or exit start ups The book offers lessons learned for every step of the start up process ranging from ideation to fundraising to scaling to exiting as well as a real description of how the sometimes audacious cast of characters actually behaves Every lesson is grounded in experience It s a practical book full of insider analyses observations and lessons from start up cases where the author was in the room This book describes the real start up process not the one described by pundits or the uninitiated followed by the steps necessary to cut through the articles books and TED talks about how to do start ups Start Ups DECLASSIFIED is a playbook for entrepreneurs Start Ups DECLASSIFIED says the quiet things out loud The book is about increasing the probability of success It leapfrogs the nonsense that permeates startup myths and movies If you re a serious entrepreneur you will love this book **Fulfilling the Promise of Technology Transfer** Koichi
