Seaton, 2007-03-12 Japan's Contested War Memories is an important and significant book that explores the struggles within contemporary Japanese society to come to terms with Second World War history Focusing particularly on 1972 onwards the period starts with the normalization of relations with China and the return of Okinawa to Japan in 1972 and ends with the sixtieth anniversary commemorations Analyzing the variety of ways in which the Japanese people narrate contest and interpret the past the book is also a major critique of the way the subject has been treated in much of the English language Philip Seaton concludes that war history in Japan today is more divisive and widely argued over than in any of the other major Second World War combatant nations Providing a sharp contrast to the many orthodox statements about Japanese ignorance amnesia and denial about the war this is an engaging and illuminating study that will appeal to scholars and students of Japanese history politics cultural studies society and memory theory *The Theory of Japan's National Polity and Pure Socialism* Ikki Kita, 2025-06-11 This is the first English translation of Ikki Kita's *The Theory of Japan's National Polity and Pure Socialism* 1906 also known as *Kokutairon and Pure Socialism* Volume 3 has all the chapters from Part V The full text is an analysis and commentary on socialism It focuses on Ikki Kita's theories of economic justice social democracy and the relationship between socialism and the Japanese national polity **In the Shadow of Empire** Alicia Volk, 2025-05-19 A pioneering look at an immensely creative period in Japanese art that developed amid the Cold War Alicia Volk brings to light a significant body of postwar Japanese art exploring how it accommodated and resisted the workings of the American empire during the early Cold War Volk's groundbreaking account presents the points of view of Japanese artists and their audiences under American occupation and amid the ruins of war Each chapter reveals how artists embraced new roles for art in the public sphere at times by enacting radical critiques of established institutions values and practices and situates a range of compelling art objects in their intersecting artistic and political worlds Centering on the diverse and divisive terrain of Japanese art between

1945 and 1952 In the Shadow of Empire creates a fluid map of relationality that brings multiple Cold War spheres into dialogue stretching beyond US occupied Japan to art from China Europe the Soviet Union and the United States and demonstrates the rich potential of this transnational site of artmaking for rethinking the history of Japanese and global postwar art

**Japanese War Orphans** Jiaxin Zhong, 2021-11-25 After Japan's defeat in August 1945 some Japanese children were abandoned in China and raised by Chinese foster parents They were unable to return to Japan even during the mass repatriation carried out by the Japanese government in the 1950s Most of them returned to Japan in the 1980s They are called Japanese war orphans They are victims of the Sino Japanese War and have been exploited and abandoned by the Japanese government They are also border people who have lived in the interstices between two nations China and Japan and are migrants who have exploited the gap in economic development between Japan and China to seek individual happiness Modern East Asia underwent drastic social change These drastic social changes affected the lives of the Japanese war orphans and their families in a variety of ways Over the years Zhong has interviewed Japanese war orphans their Chinese foster parents and Japanese volunteers The title is an interview based sociological study of the issue of Japanese war orphans The first half of the Japanese war orphans lives were spent in China and the latter half in Japan It brings to the fore the dramatic personal histories of the Japanese war orphans surviving in the interstices between two nation states Through analyzing the issue of Japanese war orphans the research on the subject makes the following three points 1 the powerlessness of civilians caught up in modern warfare and the long lasting effects of modern warfare on the life histories of individuals and their families 2 the nature of the modern nation state which exploits and abandons its citizens as though they were expendable and 3 immigration as a product of modernization gaps Scholars pursuing studies in both Japanese society Chinese society and historians of the Sino Japanese war would find this an ideal read

*Japan's World Power* Guibourg Delamotte, 2017-11-20 Since the end of the 1960s Japan's power in the world has largely been linked to its economic successes while it has pursued a decidedly pacifist post war foreign policy Recently however there has been talk of Constitutional reform especially since the new security legislation of 2016 Coupled with the conservative tilt of the two

Houses there is evidence to suggest that Japan's approach to exercising its power could be changing Japan's World Power therefore seeks to examine the nature of Japan's power today showing how the country's influence on the global stage appears to be shifting from economic and financial to more political and military Featuring a team of Japanese international relations experts each chapter analyses the different facets of Japanese power evaluating both its current status and the challenges which lie ahead Ultimately however this book demonstrates that despite recent developments and changes the way in which Japan exercises its power remains decidedly different from other major powers as it continues to be guided by its pacifist identity Providing a multi faceted assessment of Japan's power as well as its weaknesses this book will be useful to students and scholars of Japanese Politics Asian Foreign Policy and Asian Politics in general *Pan-Asianism and Japan's War 1931-1945* E. Hotta, 2007-12-25 The book explores the critical importance of Pan Asianism in Japanese imperialism Pan Asianism was a cultural as well as political ideology that promoted Asian unity and recognition The focus is on Pan Asianism as a propeller behind Japan's expansionist policies from the Manchurian Incident until the end of the Pacific War

**Targeting Civilians in War** Alexander B. Downes, 2011-05-15 Accidental harm to civilians in warfare often becomes an occasion for public outrage from citizens of both the victimized and the victimizing nation In this vitally important book on a topic of acute concern for anyone interested in military strategy international security or human rights Alexander B Downes reminds readers that democratic and authoritarian governments alike will sometimes deliberately kill large numbers of civilians as a matter of military strategy What leads governments to make such a choice Downes examines several historical cases British counterinsurgency tactics during the Boer War the starvation blockade used by the Allies against Germany in World War I Axis and Allied bombing campaigns in World War II and ethnic cleansing in the Palestine War He concludes that governments decide to target civilian populations for two main reasons desperation to reduce their own military casualties or avert defeat or a desire to seize and annex enemy territory When a state's military fortunes take a turn for the worse he finds civilians are more likely to be declared legitimate targets to coerce the enemy state to give up When territorial conquest and annexation are the aims of warfare the population of the disputed land is viewed as a threat and the aggressor state may target those civilians to remove them Democracies historically have proven especially likely to target civilians in desperate circumstances In *Targeting Civilians in War* Downes explores several major recent conflicts including the 1991 Persian Gulf War and the American led invasion of Iraq in 2003 Civilian casualties occurred in each campaign but they were not the aim of military action In these cases Downes maintains the achievement of quick and decisive victories against overmatched foes allowed democracies to win without abandoning their normative beliefs by intentionally targeting civilians Whether such restraint can be guaranteed in future conflicts against more powerful adversaries is however uncertain During times of war democratic societies suffer tension between norms of humane conduct and pressures to win at the lowest possible costs The painful lesson of *Targeting Civilians in War* is that when these two concerns clash the latter usually prevails The

Philosophy of Japanese Wartime Resistance David Williams, 2014-04-16 The transcripts of the three Kyoto School roundtable discussions of the theme of the standpoint of world history and Japan may now be judged to form the key source text of responsible Pacific War revisionism Published in the pages of Chuo Koron the influential magazine of enlightened elite Japanese opinion during the twelve months after Pearl Harbor these subversive discussions involved four of the finest minds of the second generation of the Kyoto School of philosophy Tainted by controversy and shrouded in conspiratorial mystery these transcripts were never republished in Japan after the war and they have never been translated into English except in selective and often highly biased form David Williams has now produced the first objective balanced and close interpretative reading of these three discussions in their entirety since 1943 This version of the wartime Kyoto School transcripts is neither a translation nor a paraphrase but a fuller rendering in reader friendly English that is convincingly faithful to the spirit of the original texts The result is a masterpiece of interpretation and inter cultural understanding between the Confucian East and the liberal West Seventy years after Tojo came to power these documents of the Japanese resistance to his wartime government and policies exercise a unique claim on students of Japanese history and thought today because of their unrivalled revelatory potential within the vast literature on the Pacific War The Philosophy of Japanese Wartime Resistance may therefore stand as the most trenchant analysis of the political philosophic and legal foundations of the place of the Pacific War in modern Japanese history yet to appear in any language **FOCUSING ON THE DIAOYU ISLANDS** Junmin Wang, 2022-04-14 This book mainly demonstrates the sovereignty over the Diaoyu Islands illustrates the significance approach and means of peaceful settlement of the Diaoyu Islands dispute and clarifies China's principal stand on the Diaoyu Islands issue According to mode of territorial acquisition the critical date and the inter temporal theory in international law the Diaoyu Islands had been China's territory rather than terra nullius or a part of Ryukyu before 1895 Therefore Japan could not acquire the Diaoyu Islands by occupation Instead Japan acquired the Diaoyu Islands by cession during the Sino Japanese War in 1895 In light of the situation and inter temporal law of the critical date China resumed her sovereignty over the Diaoyu Islands after WWII China beyond any doubt enjoys the sovereignty over the Diaoyu Islands China upholds the principle of peaceful settlement of the Diaoyu Islands dispute and strongly opposes settling the dispute by means of violence Studies show that the settlement of the Diaoyu Islands dispute can be analyzed and studied in reference to the operational mode of the International Court of Justice and China and Japan should take the Franco German reconciliation model to resolve the Diaoyu Islands dispute politically **Far East, Down South** Raymond A. Mohl, John E. Van Sant, Chizuru Saeki, 2016-10-25 Offers a collection of ten insightful essays that illuminate the little known history and increasing presence of Asian immigrants in the American southeast In sharp contrast to the melting pot reputation of the United States the American South with its history of slavery Jim Crow and the civil rights movement has been perceived in stark and simplistic demographic terms In Far East Down South editors Raymond A Mohl John E Van Sant and Chizuru Saeki provide a collection

of essential essays that restores and explores an overlooked part of the South's story that of Asian immigration to the region. These essays form a comprehensive overview of key episodes and issues in the history of Asian immigrants to the South. During Reconstruction, southern entrepreneurs experimented with the replacement of slave labor with Chinese workers. As in the West, Chinese laborers played a role in the development of railroads. Japanese farmers also played a more widespread role than is usually believed. Filipino sailors recruited by the US Navy in the early decades of the twentieth century often settled with their families in the vicinity of naval ports such as Corpus Christi, Biloxi, and Pensacola. Internment camps brought Japanese Americans to Arkansas. Marriages between American servicemen and Japanese, Korean, Filipina, Vietnamese, and nationals in other theaters of war created many thousands of blended families in the South. In recent decades, the South is the destination of internal immigration as Asian Americans spread out from immigrant enclaves in West Coast and Northeast urban areas. Taken together, the book's essays document numerous fascinating themes: the historic presence of Asians in the South dating back to the mid-nineteenth century; the sources of numerous waves of contemporary Asian immigration to the South; and the steady spread of Asians out from the coastal port cities. *Far East Down South* adds a vital new dimension to popular understanding of southern history.

*Judging War Crimes and Torture* Yves Beigbeder, 2006-09-01 This volume shows that even democratic countries like France but not France alone can commit war crimes, crimes against humanity, and even be accomplices in genocides. However, past crimes must be recalled and exposed, particularly if they have been hidden, covered by amnesties, and not judicially punished. They must be visible as part of a country's history in order to ensure that they are not repeated.

**Christianity in Modern Japan** Ernest Wilson Clement, 1905 *Kagawa Toyohiko's War Responsibility Confession* Mikio Miyagi, 2025-06-25 Kagawa Toyohiko (1888-1960) is well known as a Japanese Christian leader due to his sacrificial commitment to social reforms for the underprivileged, establishing cooperatives and unions for industrial workers, fishermen, and farmers, as well as supporting credit cooperatives, hospital cooperatives, and other social organizations. He reformed society to eliminate an inequitable commonwealth based on his theology of redemptive love through brotherhood economics. Though during the Pacific War he advised the independence and freedom of the Far East states and sought to see his Christian idea of brotherhood economics applied to Asian states, Greater East Asia Co-Prosperity, after the war, he hoped worldwide organizations such as the United Nations would adopt it, as he was convinced that economic partiality caused a worldwide conflict. His war responsibility is embedded in the gap between his Christian brotherhood economic theory and the state authorities of this world, which put the highest priority on their states' interests, even sacrificing the poor state. Thus, Kagawa felt responsibility for the war as he did not have enough influence to stop it.

**Defending Japan's Pacific War** David Williams, 2004-10-28 In their published writings and hitherto secret anti-Tojo seminars of 1940-44, the philosophers of the Kyoto School took the first soundings of the post-White Age that will define our tomorrow. They offered us the philosophy of our future. Jacket **Japan Weekly Mail**, 1909 [Japanese War Crimes during](#)

World War II Frank Jacob, 2018-06-08 A challenging examination of Japanese war crimes during World War II offers a fresh perspective on the Pacific War and a better understanding of reasons for the wartime use of extreme mass violence The 1937 Rape of Nanjing has become a symbol of Japanese violence during the Second World War but it was not the only event during which the Japanese used extreme force This thought provoking book analyzes Japan s actions during the war without blaming Japan helping readers understand what led to those eruptions In fact the author specifically disputes the idea that the forms of extreme violence used in the Pacific War were particularly Japanese The volume starts by examining the Rape of Nanjing then goes on to address Japan s acts of individual and collective violence throughout the conflict Unlike other works on the subject it combines historical sociological and psychological perspectives on violence with a specific study of the Japanese army seeking to define the reasons for the use of extreme violence in each particular case Both a historical survey and an explanation of Japanese warfare the book scrutinizes incidents of violence perpetrated by the Japanese vis vis theories that explore the use of violence as part of human nature In doing so it provides far reaching insights into the use of collective violence and torture in war overall as well as motivations for committing atrocities Finally the author discusses current political implications stemming from Japan s continued refusal to acknowledge its war time actions as war crimes
