In Defence of War Nigel Biggar, 2013-09-12 Pacifism is popular Many hold that war is unnecessary since peaceful means of resolving conflict are always available if only we had the will to look for them Or they believe that war is wicked essentially involving hatred of the enemy and carelessness of human life Or they posit the absolute right of innocent individuals not to be deliberately killed making it impossible to justify war in practice Peace however is not simple Peace for some can leave others at peace to perpetrate mass atrocity What was peace for the West in 1994 was not peace for the Tutsis of Rwanda Therefore against the

virus of wishful thinking anti military caricature and the domination of moral deliberation by rights talk In Defence of War asserts that belligerency can be morally justified even though tragic and morally flawed **For the Life of the World** Robert J. Dean,2016-05-13 What is the church What is its mission in the world Modern Protestantism s inability to provide a clear answer to these seemingly simple questions has resulted in vast confusion amongst pastors about the nature of their calling and has left congregations languishing without a clear reason for existence Many of the voices and allegiances competing for the churches attention have rushed in to fill the void with the result that the church in modernity has frequently found itself captive to the prevailing culture Yet from within the belly of highly culturally accommodated churches both the German pastor theologian Dietrich Bonhoeffer and the American theological ethicist Stanley Hauerwas were able to articulate compelling visions of churches freed from their cultural captivity in order to truly and freely serve God and neighbor Against the complex and confusing backdrops of Nazi Germany and late twentieth and early twenty first century America respectively Bonhoeffer and Hauerwas sought to recover the ethical and political character of the Christian faith through recalling the church back to the christological center of its faith Together they provide a rich set of complementary and at times mutually correcting resources for the contemporary church as it seeks to faithfully bear witness to Christ amidst the ruins of Christendom *Ideology in U.S. Foreign Relations* Christopher McKnight Nichols,David Milne,2022-08-09 Winner 2023 Joseph Fletcher Prize for Best Edited Book in Historical International Relations History Section International Studies Association Ideology drives American foreign policy in ways seen and unseen Racialized notions of subjecthood and civilization underlay the political revolution of eighteenth century white colonizers neoconservatism neoliberalism and unilateralism propelled the post Cold War United States to unleash catastrophe in the Middle East Ideologies order and explain the world project the illusion of controllable outcomes and often explain success and failure How does the history of U S foreign relations appear differently when viewed through the lens of ideology This book explores the ideological landscape of international relations from the colonial era to the present Contributors examine ideologies developed to justify or resist white settler colonialism and free trade imperialism and they discuss the role of nationalism in immigration policy The book reveals new insights on the role of ideas at the intersection of U S foreign and domestic policy and politics It shows how the ideals coded as civilization freedom and democracy legitimized U S military interventions and enabled foreign leaders to turn American power to their benefit The book traces the ideological struggle over competing visions of democracy and of American democracy s place in the world and in history It highlights sources beyond the realm of traditional diplomatic history including nonstate actors and historically marginalized voices Featuring the foremost specialists as well as rising stars this book offers a foundational statement on the intellectual history of U S foreign policy *Just War and Christian Traditions* Eric Patterson,J. Pacifism and Pentecostals in South Africa Marius Nel, 2018-06-27 Most of the early twentieth century Pentecostal denominations were peace churches that encouraged a stance of conscientious objection However since the Second World War Pentecostals have largely abandoned their pacifist viewpoint as they have taken on a more literal Biblical hermeneutic from their interaction with Evangelical denominations This book traces the history of nonviolence in Pentecostalism and suggests that a new hermeneutic of the Bible is needed by today's Pentecostals in order for them to rediscover their pacifist roots and effect positive social change The book focuses on how Pentecostalism has manifested in South Africa during the twentieth century Much of the available academic literature

on hermeneutics and exegesis in the field of Pentecostal Studies is of an American or British European origin This book redresses this imbalance by exploring how the Bible has been used amongst African Pentecostals to teach on the apparent paradox of a simultaneously wrathful and loving God It then goes on to suggest that how the Bible is read directly affects how Pentecostals view their role as potential reformers of society So it must be engaged seriously and thoughtfully By bringing Pentecostalism's function in South African society to the fore this book adds a fresh perspective on the issue of pacifism in world Christianity As such it will be of great use to scholars of Pentecostal Studies Theology and Religion and Violence as well as those working in African Studies

Bodies of Peace Myles Werntz, 2014 *Bodies of Peace* argues that Christian nonviolence is both formed by and forms ecclesial life creating an inextricable relationship between church commitment and resistance to war In this volume Myles Werntz examines the work of John Howard Yoder Dorothy Day William Stringfellow and Robert McAfee Brown demonstrating how each thinker's advocacy for nonviolent resistance depends deeply upon the ecclesiology out of which it comes The volume argues that any account of an ecclesially informed resistance to war must be open to a multitude of approaches not as pragmatic concessions but as a foretaste of ecumenical unity *Hauerwas the Peacemaker?* Nathan Scot Hosler, 2020-04-14 War has been abolished in Christ is a strong claim by theologian Stanley Hauerwas Wars however continue to rage and historic numbers of people are displaced globally Despite critics' assessments that Hauerwas contributes to Christians disengaging his work provides certain tools for the work of peacebuilding In this work Hauerwas's contribution to peacemaking as a part of his ecclesiology and broader theological ethical work will be assessed Hauerwas's peacemaking within his work stands within the context of ecclesiology and related themes of witness and Christology The possibilities of his work on peacemaking to extend to peacebuilding practice and foreign policy formation are explored and a critique is leveled regarding his engagement with racial justice Additionally certain practices of reading in theology and training in this language are extrapolated to engage the task of policy formation and analysis in contexts where religion is an active factor This study concludes that Hauerwas's theological ethics of peacemaking makes a valuable contribution but must be extended into specific practices

Gospel of the Absurd Robert Scot Miller, 2017-08-02 *Gospel of the Absurd* is a project that originates in the anarchic experiences of a crack cocaine addict who was knocked off his high horse by an experience of Jesus Having spent years as an enemy of the faith R Scot Miller came back to faith with the passion of a new convert infused with a subversive's heart for turning the world upside down In the process of stumbling every bit as much as he learned to walk in the light Miller begins to understand that the subversive claims of the gospel of Jesus as the Christ are not only the most meaningful response to the absurdity of the world but that such absurdity demands a community of action that makes the subversive Christ the credible response to a culture and Christendom run amok with power and greed *Gospel of the Absurd* is about an ethic informed by an absurd claim that being the claim that voluntary sacrifice of privilege is the proper response to human brokenness and the systems of domination that have lured the church

into apostasy Miller then explores whether the church by prioritizing care ethics over legislative or coercive justice is the salvific experience Jesus is calling us to engage in

Fratelli Tutti William T. Cavanaugh, Carlos Mendoza-Álvarez OP, Ikenna Ugochukwu Okafor, Daniel Franklin E. Pilario CM, 2024-01-19 This volume is the first truly global commentary on a papal encyclical Pope Francis published Fratelli Tutti in October 2020 in the midst of interrelated global crises climate catastrophe ongoing racial injustice a widening gap between the rich and the desperately poor battles over human migration the rise of authoritarian politics and the erosion of democracy all exacerbated by the COVID 19 pandemic The encyclical provided a sobering assessment of the devastation but also a hopeful vision of solidarity and healing The responses in this book not only reflect on Fratelli Tutti from a great diversity of locations and perspectives but also attempt to model Francis's call to fraternity and sorority within this volume In these pages scholars from around the world create a conversation meant to embody one of the virtues that Francis elicits in the encyclical creative openness to the reciprocal gifts of others This book takes up Pope Francis's invitation to continue talking thinking and acting always in a climate of both confidence and audacity to promote social friendship among the people of the world

Catholic Discordance Massimo Borghesi, 2021-12-20 2022 Catholic Media Association honorable mention Pope Francis 2022 Catholic Media Association honorable mention in English translation edition One element of the church that Pope Francis was elected to lead in 2013 was an ideology that might be called the American model of Catholicism the troubling result of efforts by intellectuals like Michael Novak George Weigel and Richard John Neuhaus to remake Catholicism into both a culture war colossus and a prop for ascendant capitalism After laying the groundwork during the 1980s and armed with a selective and manipulative reading of Pope John Paul II's 1991 encyclical Centesimus Annus these neoconservative commentators established themselves as authoritative Catholic voices throughout the 1990s viewing every question through a liberal conservative ecclesial political lens The movement morphed further after the 9 11 terror attacks into a startling amalgamation of theocratic convictions which led to the troubling theopoliticism we see today The election of the Latin American pope represented a mortal threat to all of this and a poisonous backlash was inevitable bringing us to the brink of a true American schism This is the drama of today's Catholic Church In Catholic Discordance Neoconservatism vs the Field Hospital Church of Pope Francis Massimo Borghesi who masterfully unveiled the pope's own intellectual development in his The Mind of Pope Francis analyzes the origins of today's Catholic neoconservative movement and its clash with the church that Francis understands as a field hospital for a fragmented world

Following Jesus David Lowry, 2020-05-12 We live in a time when many view the church as a relic of ancient traditions and cosmologies often reactionary mean spirited nationalist and racist They see those who call themselves Christians reacting in fear to the changes around them rather than like Jesus boldly declaring and living out God's compassion and justice Some who view themselves as nonbelievers point out often with great clarity the distance between so called Christian witness and the teaching of Jesus This book takes us back to the first followers of Jesus and their attraction to Jesus and his teaching It

reexamines what they encountered in Jesus that led them to follow him and it analyzes the dynamics of following This exploration becomes a call to let Jesus lead us into God's presence and liberating action By doing so we experience a stripping away of our false religiosity misplaced commitments and idolatries As we join with others in a community of Jesus's followers gathered by Jesus to be sent out we exercise true society altering witness From the Divine to the Human Muhammad U. Faruque, Mohammed Rustom, 2023-06-28 Featuring the work of leading contemporary Muslim philosophers and theologians this book grapples with various forms of evil and suffering in the world today from COVID 19 and issues in climate change to problems in palliative care and human vulnerability Rather than walking down well trodden paths in philosophy of religion which often address questions of evil and suffering by focusing on divine attributes and the God world relationship this volume offers another path of inquiry by focusing on human vulnerability potential and resilience Addressing both the theoretical and practical dimensions of the question of evil topics range from the transformative power of love virtue ethics in Sufism and the necessity of suffering to the spiritual significance of the body and Islamic perspectives on embodiment In doing so the contributors propose new perspectives based on various pre modern and contemporary materials that can enrich the emerging field of the global philosophy of religion thereby radically transforming contemporary debates on the nature of evil and suffering The book will appeal to researchers in a variety of disciplines including Islamic philosophy religious studies Sufism and theology

War and Religion Jolyon Mitchell, Joshua Rey, 2021 This book provides an overview of the history of religion and war and a framework for analysing it Ranging from ancient history to modern day conflicts and touching on both religiously incited violence and pacifism it offers a nuanced view on these issues that have had such weight in the past and which continue to shape our present and future

Approaching the End Stanley Hauerwas, 2015-02-17 In this book Stanley Hauerwas explores the significance of eschatological reflection for helping the church negotiate the contemporary world In Part One Theological Matters Hauerwas directly addresses his understanding of the eschatological character of the Christian faith In Part Two Church and Politics he deals with the political reality of the church in light of the end addressing such issues as the divided character of the church the imperative of Christian unity and the necessary practice of sacrifice

Just War Theory and Literary Studies Ty Hawkins, Andrew Kim, 2021-09-01 This book questions when why and how it is just for a people to go to war or to refrain from warring in a post 9 11 world To do so it explores Just War Theory JWT in relationship to recent American accounts of the experience of war The book analyses the jus ad bellum criteria of just war right intention legitimate authority just cause probability of success and last resort before exploring jus in bello or the law that governs the way in which warfare is conducted By combining just war ethics and sustained explorations of major works of twentieth and twenty first century American war writing this study offers the first book length reflection on how JWT and literary studies can inform one another fruitfully
