Great Health Care J. Harrington, Eric D. Newman, 2011-12-23 *Great Health Care* is enlightening and entertaining It's a must read for physicians patients health policymakers and administrators and the interested public anyone who wants to understand what great health care is and how we might build it together The authors share their stories and motivations and the methods they have used to transform care for their own patients within their own practices and health systems They thoughtfully explore how we got into this mess how we can get out of it and the barriers to making it happen It is not only the impact of chronic diseases on our health and economy that draws us to this subject It is the intriguing and rewarding potential for improving the status quo through redesigning how chronic disease care is provided and paid for

Timothy Harrington MD You can't do things differently until you see things differently Eric Newman MD We start people on the road to recovery but the 12 weeks of cardiac rehabilitation is just the warm up period The really important part is what happens afterward Richard Lueker MD Beth McCormick MS We believe the extraordinary efforts of our program coordinators are key to our clients wellbeing and our unusually low readmission rate Kathi Farrell RN BSN PHN Kathleen Sullivan RN MSN In real life we are not usually given the chance to have a do over But we are given the chance to continuously improve With the right skill sets and the right partners we can transform

Eric Newman MD *Making the Cut* Aaron Kheriaty, 2025-09-16 There is a cure for medicine's ills but it's going to hurt Effective treatment as every doctor knows begins with accurate diagnosis *Making the Cut* is about what's going on in the house of medicine Medicine got sick One in three people now distrust the healthcare system Following the pandemic two thirds of Americans doubt medical scientists will act in the best interest of the public We are grappling with an epidemic of chronic illness heart disease cancer diabetes Alzheimer's stroke and chronic lung and kidney disease affecting six in ten Americans which medicine seems powerless to fix The overall life expectancy of Americans has declined for the first time since the Great Depression Not only are trust levels tanking the number of doctors is dropping dramatically Physicians are quitting in droves One in five doctors will leave medicine in the next two years One in three will reduce their hours A doctor we assume wounds in order to heal You're going to feel a sharp pain she says before making the cut Today though all too often the doctor wounds without healing Why In *Making the Cut* Dr Aaron Kheriaty one of the country's leading public intellectuals and preeminent bioethicists reveals what medicine gave him and what it sometimes took from him This book is about how he grew from an overconfident pre med to an ambivalent medical student to a capable physician who had fallen in love with medicine even if his lover has turned into a prostitute of late While presenting a damning diagnosis of contemporary medicine *Making the Cut* also applies the wounding scalpel in order to heal it
