Visibility Marketing David Avrin, 2016-07-25 The landscape is littered with the corpses of great products and strong companies that died because of crappy marketing Why do so many companies fail so miserably Why do high priced ad agencies and marketing firms keep spitting out stupid campaigns Too many in business have failed to recognize the shift that has happened right under their noses It s not so much that people have changed it s that the business landscape has changed dramatically For the first time in human history we have no unmet needs Every problem has a solution and many companies now find themselves creating solutions that appear to be looking for a problem In his provocative and enlightening new book *Visibility Marketing* David Avrin shows what marketing approaches work which don t and why You will learn how to uncover your true competitive advantages and a process to craft messages and tactics that achieve tangible results A remarkably accessible relatable thought provoking reference book *Visibility Marketing* speaks directly to business owners entrepreneurs marketing managers and sales professionals With wisdom gleaned from hundreds of presentations and workshops and conversations with tens of thousands of company leaders *Visibility Marketing* will forever change how businesses and professionals look at the competitive landscape and how they promote themselves

Marketing the Water-Energy-Food (WEF) Nexus Q.J. Yao, 2025-09-20 This book helps readers understand the persuasiveness of popular message levels agenda knowledge attitude and behavioral intention and factors sidedness conclusiveness and gain or loss framing in communicating critical environmental issues particularly the Water Energy Food WEF Nexus The WEF Nexus is a relatively new environmental concept that has been deemed by leading scientists and international organizations as an effective solution to water energy and food shortages and crises It is vital to garner sufficient public support for the concept to function This book addresses questions such as How can we strategically and effectively communicate the WEF Nexus to the public to raise necessary public awareness and supportive attitudes avoid

unnecessary politicization and secure public resources to cope with the water energy and food issues before they drastically deteriorate How can some commonly used message factors affect the persuasiveness of the WEF nexus strategic communications and how may those communications be processed by the audience These questions are answered with data from the National College Student Science Literacy Survey NCSSLS a relatively representative survey of American college students in 2016 2018 with a survey experiment included in its second round Marketing of High-technology Products and Innovations Jakki J.
