Water System Science And Policy Interfacing Water System Science And Policy Interfacing:

Water System Science and Policy Interfacing Philippe Quevauviller, 2009-11-20 Recent discussions among scientists and policy makers have highlighted that knowledge generated by many research and demonstration projects is not reaching policymakers in an efficient way Conversely the consideration of research results by the policy making community is not straightforward and difficulties arise in integrating the latest research developments in legislation The difficulty is enhanced by the fact that the policy making community is not defining its role as client sufficiently well and the dialogue and communication channels are far from ideal to ensure an efficient flow of information An increasing number of experts consider that improvements could be achieved through the development of a science policy interface so that R D results are synthesised in a way to efficiently feed policy implementation and that short medium and long term research needs may be identified This book examines the issue of integrating science into policy with an emphasis on water system knowledge and related policies An important feature of the book is the discussion of science policy interfacing needs illustrated by examples from authors from different countries in relation to water system management This publication is timely in that the science policy interfacing is now identified as a key challenge worldwide with regard to integrated water resource management and therefore the book will be of great interest to scientists water managers and stakeholders Readers will also benefit from a better understanding of the needs benefits and drawbacks of an established transfer mechanism of scientific outputs to policies

Water System Science and Policy Interfacing Philippe Quevauviller, 2010 Recent discussions among scientists and policy makers have highlighted that knowledge generated by many research and demonstration projects is not reaching policymakers in an efficient way Conversely the consideration of research results by the policy making community is not straightforward and difficulties arise in integrating the latest research developments in legislation The difficulty is enhanced by the fact that the policy making community is not defining its role as client sufficiently well and the dialogue and communication channels are far from ideal to ensure an efficient flow of information An increasing number of experts consider that improvements could be achieved through the development of a science policy interface so that R D results are synthesised in a way to efficiently feed policy implementation and that short medium and long term research needs may be identified This book examines the issue of integrating science into policy with an emphasis on water system knowledge and related policies An important feature of the book is the discussion of science policy interfacing needs illustrated by examples from authors from different countries in relation to water system management This publication is timely in that the science policy interfacing is now identified as a key challenge worldwide with regard to integrated water resource management and therefore the book will be of great interest to scientists water managers and stakeholders Readers will also benefit from a better understanding of the needs benefits and drawbacks of an established transfer mechanism of scientific outputs to policies

Drought: Research and Science-Policy Interfacing Joaquin Andreu, Abel Solera, Javier

Paredes-Arquiola, David Haro-Monteagudo, Henny van Lanen, 2015-02-12 Droughts occur in arid and semi arid areas of the world but also in humid areas and can develop over short periods flash drought or longer periods seasons decades Even though progress has been made it remains difficult to adequately characterize monitor forecast and manage droughts due to their multi faceted nature Usually drought does

Sustainable Water Ecosystems Management in Europe Carlo Sessa, 2012-07-31 First book to consider citizens playing a role in the science policy interface to help formulate durable responses to sustainability challenges Discusses all aspects to enhance the connectivity of actors in the sustainable water management field with three pilot case studies showing how citizens and stakeholders can be engaged early and effectively in the river basins and coastal waters planning processes Provides tips and recommendations for the transferability of the approach in different coastal areas of Europe and beyond Sustainable Water Ecosystems Management in Europe examines the anthropogenic deterioration of water ecosystems in particular in coastal areas It proposes a new approach to enhance connectivity between research and policy making The book exploits the concept of integrated adaptive ecosystem management by engaging scientists policy makers and the public the latter including both stakeholders and lay citizens water users in comparable case studies Emphasis is given to the role of the public to enlarge the concept of organisational learning to the wider concept of social learning The EC 7th Research Framework Program funded project AWARE engaged a panel of randomly selected citizens living in three different coastal areas of Europe in a pilot experience of knowledge brokerage with water scientists and decision makers focused on coastal waters quality Results and lessons learned from the project are summarized in this volume and recommendations are made for this pilot s replication and transferability to different coastal areas and sustainable water management tasks and beyond to other sustainability research and policy issues This book is a must read for water managers and policy makers looking to effectively organize citizen and stakeholder participation in river basin and coastal water planning as required by the EU Water Framework Directive Sustainable Water Ecosystems Management in Europe provides useful recommendations for organising effective participation of citizens in the science and policy dialogue promoting a collective awareness of the plans and actions needed to protect the water environment and ensure sustainable use of water resources Editor Carlo Sessa AWARE Project Coordinator Director at ISIS Institute of Studies for the Integration of Systems Italy

Water Governance, Stakeholder Engagement, and Sustainable Water Resources Management Sharon B. Megdal, Susanna Eden, Eylon Shamir, 2018-07-10 This book is a printed edition of the Special Issue Water Governance Stakeholder Engagement and Sustainable Water Resources Management that was published in Water

Environment Impact Assessment K. M. Baharul Islam, Zafar Mahfooz Nomani, 2021-06-23 Environment Impact Assessment Precept Practice deals with theoretical practical managerial and legal issues in multidisciplinary holism to suit Indian environmental planning and governance Environment Impact Assessment is not only considered a tool for sustainable development but a promissory augury of creation of equitable regime of for ecosystem governance The book is

laced with polemical issues in dexterous detail to cater erudite demand of environmental planners besides fulfilling the void of curriculum and pedagogic requirements of technical universities environmental management and legal studies The book offers diversity of thoughts across discipline on Environment Impact Assessment discourse in rounded perspective having immense potential for textual and reference utilities The treatment of subject is not only discursive but paradigmatic to eradicate contemporary crisis in Environment Impact Assessment regime It combines theoretical postulate with deeper empiricism and penetrative case studies to make an intriguing subject of Environment Impact Assessment with greater ease and lucidity Note T F does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Risk-Informed Management of European River Basins Jos Brils, Werner Brack, Dietmar Müller-Grabherr, Philippe Négrel, Jan E. Vermaat, 2013-08-23 The growing impacts of economic activities and climate change on the conditions of rivers throughout the world require a new integrated approach towards river basin management an approach that can also cope with an uncertain future In this volume leading European scientists and representatives of major stakeholder groups present risk informed management as this new approach as developed in the European Commission funded project RISKBASE It aims to improve the ecological quality of river basins and thus to sustain the goods and services they provide for the benefit of society Risk informed management involves the integrated application of three key principles Being well informed Managing adaptively Pursuing a participatory approach The authors explain and underpin these principles in detail offer inspiring examples from practice and connect them to the implementation of the European Water Framework Directive WFD This book is intended for scientists consultants and practitioners concerned about river basins world wide as well as the drafters and implementers of the WFD River Basin Management Plans

Data Mining: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2012-11-30 Data mining continues to be an emerging interdisciplinary field that offers the ability to extract information from an existing data set and translate that knowledge for end users into an understandable way Data Mining Concepts Methodologies Tools and Applications is a comprehensive collection of research on the latest advancements and developments of data mining and how it fits into the current technological world

Handbook of Research on Hydroinformatics: Technologies, Theories and Applications Gasmelseid, Tagelsir Mohamed, 2010-07-31 This book provides relevant theoretical frameworks and empirical research findings in the area hydroinformatics to assist professionals to improve their understanding of the development and use of decision support tools to support decision making and integrated water management at different organizational levels and domains Provided by publisher

[Disaster Risk Reduction for Resilience](#) Saeid Eslamian, Faezeh Eslamian, 2023-11-15 This book is part of a six volume series on Disaster Risk Reduction and Resilience The series aims to fill in gaps in theory and practice in the Sendai Framework and provides additional resources methodologies and communication strategies to enhance the plan for action and targets proposed by the Sendai Framework The series will appeal to a broad range of researchers academics students

policy makers and practitioners in engineering environmental science and geography geoscience emergency management finance community adaptation atmospheric science and information technology This volume discusses the implementation of socio hydrological resilience measures to curb the impacts on vulnerable communities of hydrologic disasters such as coastal floods drought water scarcity and thunderstorms The book provides a framework for sustainable hydrology community interactions to inform local communities about the best practices to achieve hydrological resilience and to implement resilient water infrastructure Hydrological influences on the resilience of a region are comprehensively surveyed and a green economy strategy is described and recommended for achieving climatic and hydrological sustainability

Restoring Lands - Coordinating Science, Politics and Action Herman Karl, Lynn Scarlett, Juan Carlos Vargas-Moreno, Michael Flaxman, 2012-02-05 Environmental issues vast and varied in their details unfold at the confluence of people and place They present complexities in their biophysical details their scope and scale and the dynamic character of human action and natural systems Addressing environmental issues often invokes tensions among battling interests and competing priorities Air and water pollution the effects of climate change ecosystem transformations these and other environmental issues involve scientific social economic and institutional challenges This book analyzes why tackling many of these problems is so difficult and why sustainability involves more than adoption of greener cleaner technologies Sustainability as discussed in this book involves knowledge flows and collaborative decision processes that integrate scientific and technological methods and tools political and governance structures and regimes and social and community values The authors synthesize a holistic and adaptive approach to rethinking the framework for restoring healthy ecosystems that are the foundation for thriving communities and dynamic economies This approach is that of collective action Through their research and practical experiences the authors have learned that much wisdom resides among diverse people in diverse communities New collaborative decision making institutions must reflect that diversity and tap into its wisdom while also strengthening linkages among scientists and decision makers From the pre publication reviews Finally we have a book that explains how science is irrelevant without people It s people who decide when and how to use science not scientists This book gives us a roadmap for how to really solve complex problems It involves hard work and creating new relationships between scientists and the public that don t typically exist in our society John M Hagan Ph D President Manomet Center for Conservation Sciences

Modelling Coastal Vulnerability Marcel Marchand, 2009 Models that explore vulnerability under various planned and unplanned conditions hardly exist This title focuses on the vulnerability of societies in low lying coastal and deltaic environments to tropical cyclonic storms and floods [Rural Development for Sustainable Social-ecological Systems](#) Claudia Baldwin, Séverine van Bommel, 2023-07-31 This book provides an overview of interdisciplinary approaches that have applied social science to research focused on issues around food agriculture and natural resource management The book demonstrates that those who work in rural sociology either as researchers or practitioners apply community development

and participatory techniques to socio environmental interaction The book discusses how the evolving concept of interconnected social and ecological systems SES emerged recognizing the inherent complexity adaptive nature and resilience of such systems This book engages with contemporary theory as well as new cutting edge transdisciplinary research evidenced in case studies from three continents *Coastal Lagoons in Europe* Geoffrey D. Gooch, 2015-07-15 Lagoons represent nearly 13% of the shoreline globally and around 5% in Europe Coastal lagoons are shallow water bodies separated from the ocean by a barrier e.g narrow spit connected at least intermittently to the ocean by one or more restricted inlets and usually geographically oriented parallel to the shore line Coastal lagoons are flexible and usually able to cope with environmental change yet nowadays they are under threat This is partly due to climate change impacts for example sea level rise and hydro meteorological extreme events but also due to more direct human activities and pressures The book focuses on addressing these challenges through integrated management strategies seen in a land sea and science stakeholder policy perspective Pan European management challenges are seen from the context of the perspectives of Policy Environment and Modelling Four case study lagoons in different geographical locations in Europe provide examples of some of the practical experiences and results around these challenges Possible impacts on drainage basins and lagoons are introduced through integrated scenarios which were developed through a multi science and land lagoon science perspective combined with interactions and contributions from stakeholders and citizens Issues around climate change impacts on environmental conditions in both drainage basins and lagoons are also included The book derives from a collaborative EC funded project entitled Integrated Water Resources and Coastal Zone Management in European Lagoons in the Context of Climate Change comprising nine partner institutes with a wide diversity in the scientific disciplines covered Editors Ana I Lillebo University of Aveiro Portugal Per Stalnacke Bioforsk Norwegian Institute for Agricultural and Environmental Research Norway Geoffrey D Gooch University of Dundee Scotland UK **Adaptiveness: Changing Earth System Governance** Bernd Siebenhüner, Riyanti Djalante, 2021-07-08 A state of the art review of adaptiveness as a key concept in environmental governance literature complemented by global regional and national applications **Handbook of Clean Energy Systems, 6 Volume Set** Jinyue Yan, 2015-06-22 The Handbook of Clean Energy Systems brings together an international team of experts to present a comprehensive overview of the latest research developments and practical applications throughout all areas of clean energy systems Consolidating information which is currently scattered across a wide variety of literature sources the handbook covers a broad range of topics in this interdisciplinary research field including both fossil and renewable energy systems The development of intelligent energy systems for efficient energy processes and mitigation technologies for the reduction of environmental pollutants is explored in depth and environmental social and economic impacts are also addressed Topics covered include Volume 1 Renewable Energy Biomass resources and biofuel production Bioenergy Utilization Solar Energy Wind Energy Geothermal Energy Tidal Energy Volume 2 Clean Energy

Conversion Technologies Steam Vapor Power Generation Gas Turbines Power Generation Reciprocating Engines Fuel Cells Cogeneration and Polygeneration Volume 3 Mitigation Technologies Carbon Capture Negative Emissions System Carbon Transportation Carbon Storage Emission Mitigation Technologies Efficiency Improvements and Waste Management Waste to Energy Volume 4 Intelligent Energy Systems Future Electricity Markets Diagnostic and Control of Energy Systems New Electric Transmission Systems Smart Grid and Modern Electrical Systems Energy Efficiency of Municipal Energy Systems Energy Efficiency of Industrial Energy Systems Consumer Behaviors Load Control and Management Electric Car and Hybrid Car Energy Efficiency Improvement Volume 5 Energy Storage Thermal Energy Storage Chemical Storage Mechanical Storage Electrochemical Storage Integrated Storage Systems Volume 6 Sustainability of Energy Systems Sustainability Indicators Evaluation Criteria and Reporting Regulation and Policy Finance and Investment Emission Trading Modeling and Analysis of Energy Systems Energy vs Development Low Carbon Economy Energy Efficiencies and Emission Reduction Key features Comprising over 3 500 pages in 6 volumes HCES presents a comprehensive overview of the latest research developments and practical applications throughout all areas of clean energy systems consolidating a wealth of information which is currently scattered across a wide variety of literature sources In addition to renewable energy systems HCES also covers processes for the efficient and clean conversion of traditional fuels such as coal oil and gas energy storage systems mitigation technologies for the reduction of environmental pollutants and the development of intelligent energy systems Environmental social and economic impacts of energy systems are also addressed in depth Published in full colour throughout Fully indexed with cross referencing within and between all six volumes Edited by leading researchers from academia and industry who are internationally renowned and active in their respective fields Published in print and online The online version is a single publication i e no updates available for one time purchase or through annual subscription

Transformations of Social-Ecological Systems Tetsu Sato,Ilan Chabay,Jennifer Helgeson,2018-12-08 Through this book readers will gain a comprehensive overview of transdisciplinary knowledge co production in local contexts as an issue driven and solution oriented process and will come to understand its relationship to societal transformation processes toward sustainability In a single volume the theory approaches and academic implications of this novel type of knowledge production are addressed together with its societal impacts In the midst of global anthropogenic impacts that affect various environments over the past few decades we have observed autonomous initiatives in local communities around the world to tackle these environmental challenges It is vital that such local actions be scaled up to achieve sustainable societies which requires societal transformation on larger scales Thanks to numerous collaborative actions in local communities transdisciplinary knowledge co production among diverse stakeholders has successfully been mobilized resulting in the development of Integrated Local Environmental Knowledge ILEK knowledge that can inform and support decisions and actions promoting the sustainable transformation of society This book uses comparative case studies in communities around

the world to illuminate and clarify processes and factors promoting the co production and utilization of ILEK to facilitate decision making In addition readers will gain deeper insights into the science society interactions that can contribute to finding collaborative solutions to a wide range of critical environmental problems Though the book is ideally suited for researchers and students it also offers a valuable resource for practitioners government agencies and stakeholder agencies

ENVIRONMENTAL INDICES : SYSTEMS ANALYSIS APPROACH - Volume I Yuri A. Pykh ,D. Eric Hyatt,Roman J.M Lenz ,2000-09-19 Environmental Indices Systems Analysis Approach examines the theoretical development of environmental indices and their practical application Indicators can be powerful tools in guiding data and information collection processes and careful development will lead to more focused and cost effective global monitoring and observing systems at international level The authorship is drawn from a group of internationally distinguished scientists and researches who are actively working towards a comprehensive set of tools and protocols such as simulation models fuzzy clustering analysis and GIS methodologies that will lead to the development of meaningful environmental indices This book will be a vital reference work for students teachers and researches together with policy makers planners and all professional involved in development programs

Decision Support Systems for Risk-Based Management of Contaminated Sites Antonio Marcomini,Glenn Walter Suter II,Andrea Critto,2008-12-16 Decision Support Systems for Risk Based Management of Contaminated Sites addresses decision making in environmental risk management for contaminated sites focusing on the potential role of decision support systems in informing the management of chemical pollutants and their effects Considering the environmental relevance and the financial impacts of contaminated sites all over the post industrialized countries and the complexity of decision making in environmental risk management decision support systems can be used by decision makers in order to have a more structured analysis of a problem at hand and define possible options of intervention to solve the problem Accordingly the book provides an analysis of the main steps and tools for the development of decision support systems namely environmental risk assessment decision analysis spatial analysis and geographic information system indicators and endpoints Sections are dedicated to the review of decision support systems for contaminated land management and for inland and coastal waters management Both include discussions of management problem formulation and of the application of specific decision support systems This book is a valuable support for environmental risk managers and for decision makers involved in a sustainable management of contaminated sites including contaminated lands river basins and coastal lagoons Furthermore it is a basic tool for the environmental scientists who gather data and perform assessments to support decisions developers of decision support systems students of environmental science and members of the public who wish to understand the assessment science that supports remedial decisions

The Politics of Knowledge and Global Biodiversity Alice Vadrot,2014-04-24 The establishment of the Intergovernmental Platform on Biodiversity and Ecosystem Services IPBES points to the crucial role attributed to science and knowledge for the successful implementation of biodiversity politics by both scientists and policy

makers With the increased importance of biodiversity in international politics and in part inspired by the success the Intergovernmental Panel on Climate Change IPCC has had in raising awareness of global warming the call for an IPCC for Biodiversity was successful The Politics of Knowledge and Global Biodiversity gives a full overview of the process of its implementation as finalised in 2013 and proposes an innovative conceptual framework that puts this specific case into a more general perspective of international politics and relations It provides a detailed empirical analysis of the knowledge politics associated with the establishment of IPBES and its conceptual framework and methodological approach is grounded in a theoretical perspective This pioneering work is the first to examine IPBES in this way and is essential reading for researchers and scholars of International Relations Environmental and Biodiversity Politics Science Policy Interfaces and Global Environmental Governance It will also be of interest to political scientists and social scientists

If you ally compulsion such a referred **Water System Science And Policy Interfacing Water System Science And Policy Interfacing** book that will pay for you worth, acquire the definitely best seller from us currently from several preferred authors. If you desire to entertaining books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections Water System Science And Policy Interfacing Water System Science And Policy Interfacing that we will unquestionably offer. It is not not far off from the costs. Its more or less what you dependence currently. This Water System Science And Policy Interfacing Water System Science And Policy Interfacing, as one of the most full of zip sellers here will definitely be along with the best options to review.

Water System Science And Policy Interfacing Water System Science And Policy Interfacing Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore

some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Water System Science And Policy Interfacing Water System Science And Policy Interfacing free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Water System Science And Policy Interfacing Water System Science And Policy Interfacing free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Water System Science And Policy Interfacing Water System Science And Policy Interfacing free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Water System Science And Policy Interfacing Water System Science And Policy Interfacing. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Water System Science And Policy Interfacing Water System Science And Policy Interfacing any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Water System Science And Policy Interfacing Water System Science And Policy Interfacing Books

1. Where can I buy Water System Science And Policy Interfacing Water System Science And Policy Interfacing books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Water System Science And Policy Interfacing Water System Science And Policy Interfacing book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Water System Science And Policy Interfacing Water System Science And Policy Interfacing books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Water System Science And Policy Interfacing Water System Science And Policy Interfacing audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Water System Science And Policy Interfacing Water System Science And Policy Interfacing books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some

websites offer free e-books legally, like Project Gutenberg or Open Library.
