Traditions Of Theology Traditions Of Theology:

The Meaning of Tradition Yves Congar, 2016-12-13 Some Christians claim to reject Tradition in preference to a supposedly Bible only Christianity Catholics on the other hand venerate Tradition yet often without adequately understanding it In this masterful book the great theologian Yves Congar explains why Tradition is an inescapable aspect of a fully biblical Christian faith He explores the various forms of Tradition and discusses the relationship between Scripture and Tradition as well as the role of the Magisterium of the Church The Meaning of Tradition clears up misconceptions held by many Evangelical Christians and even some Catholics on this important subject Congar's study of Tradition greatly contributed to the teaching of Vatican II and to a deeper appreciation of the Church Fathers

Themes in Religion and American Culture Philip Goff, Paul Harvey, 2004 Designed to serve as an introduction to American religion this volume is distinctive in its approach instead of following a traditional narrative the book is arranged thematically Eleven chapters by top scholars present in carefully organized and accessible

African Traditional Religion in the Modern World, 2d ed. Douglas E. Thomas, 2015-05-11 African traditional religion encompasses a variety of non dogmatic spiritual practices followed by millions around the world Some scholars argue it is

related to the Nubian religion of Egypt's Dynastic Period. In an expanded second edition, this book examines the nature of African traditional religion and describes common attributes of various cultural belief systems with an emphasis on West Africa. Principal elements studied include sacrifice, salvation, and culture; modes of revelation, divination, and African resilience in the face of invasion and colonization. The religious experiences of black people throughout the Americas are also covered. The author finds the cosmology, symbolism, and rituals of the Yoruba culture to be the fundamental bases of African traditional religion and draws similarities between the oral and written literature of West Africans and that of New World practitioners. The influence of Islam and Christianity is also discussed. Instructors considering this book for use in a course may request an examination copy here.
