Euripides' "Alcestis" Andreas Markantonatos, 2013-10-14 This volume is an accessible yet in depth narratological study of Euripides Alcestis the earliest extant play of Euripides and one of the most experimental masterpieces of Greek tragedy not only standing in place of a satyr play but also preserving at least some of its typical features Commencing from the widely held view so lamentably ignored within the domain of Classics that a narratology of drama should be predicated upon the notion of narrative as verbal as well as visual rendition of a story this unique volume contextualizes the play in terms of its reception by the original audience locating the intricate narrative tropes of the plot in the dynamics of fifth century Athenian mythology and religion

Every Last Tie David Kaczynski, 2015-12-30 In August 1995 David Kaczynski's wife Linda asked him a difficult question Do you think your brother Ted is the Unabomber He couldn't be David thought But as the couple pored over the Unabomber's seventy eight page manifesto David couldn't

rule out the possibility It slowly became clear to them that Ted was likely responsible for mailing the seventeen bombs that killed three people and injured many more Wanting to prevent further violence David made the agonizing decision to turn his brother in to the FBI Every Last Tie is David s highly personal and powerful memoir of his family as well as a meditation on the possibilities for reconciliation and maintaining family bonds Seen through David s eyes Ted was a brilliant yet troubled young mathematician and a loving older brother Their parents were supportive and emphasized to their sons the importance of education and empathy But as Ted grew older he became more and more withdrawn his behavior became increasingly erratic and he often sent angry letters to his family from his isolated cabin in rural Montana During Ted s trial David worked hard to save Ted from the death penalty and since then he has been a leading activist in the anti death penalty movement The book concludes with an afterword by psychiatry professor and forensic psychiatrist James L Knoll IV who discusses the current challenges facing the mental health system in the United States as well as the link between mental illness and violence

The Fiction of Ruth Rendell Barbara Fass Leavy,2012-08-31 A study of the role of family ancient Greek narratives and the psychological theories of Freud and Jung in the mystery novels of Ruth Rendell Aside from Ruth Rendell s brilliance as a fiction writer and her appeal to mystery lovers her books portray a compelling universal experience that her readers can immediately relate to the intra familial stresses generated by the nuclear family Even those who experience the joys as well as pains of family life will find in Rendell the conflicts that beset all who must navigate their way through the conflicts that beset members of the closest families Barbara Fass Leavy analyzes the multi leveled treatment of these themes that contributes to Rendell s standing as a major contemporary novelist Rendell who also writes as Barbara Vine draws on ancient Greek narratives and on the psychological theories Sigmund Freud and Carl Jung derived from them to portray the disturbed family relationships found throughout her work Leavy s analysis considers what distinguishes mysteries as popular entertainment from crime fiction as literary art The potential for rereading even when the reader remembers whodunit will be the basis for this distinction Leavy also looks closely at the Oedipus and Electra complexes and how they illuminate Rendell s portrayals of the different pairings within the nuclear family for example mother and daughter and considers the importance of gender differences In addition Leavy corrects a widespread error that Freud formulated the Electra complex when in fact the formulation was Jung s as he challenged Freud s emphasis on the Oedipus story as the essential paradigm for human psychological development
