Trains And Buttered Toast:

Trains and Buttered Toast John Betjeman, 2006 Eccentric sentimental and homespun John Betjeman's passions were mostly self-taught. He saw his country being devastated by war and progress and he waged a private war to save it. His only weapons were words, the poetry for which he is best known and even more influential, the radio talks that first made him a phenomenon. From fervent pleas for provincial preservation to humoresques on eccentric vicars and his own personal demons, Betjeman's talks combined wit, nostalgia, and criticism in a way that touched the soul of his listeners from the 1930s to the 1950s. Now collected in book form for the first time, his broadcasts represent one of the most compelling archives of 20th-century broadcasting. *Trains and Buttered Toast* - Ssb John Betjeman, Stephen Games, 2007-06-14 **Broadcasting**

Buildings Shundana Yusaf, 2014-02-28 How the BBC shaped popular perceptions of architecture and placed them at the heart of debates over participatory democracy **Trains**, 1962 *English Journeys*, **Tennyson Among the Poets** Robert Douglas-Fairhurst, Seamus Perry, 2009-10-08 A revaluation of Tennyson's achievements and influence. Explores the multiple connections between Tennyson and other writers, his predecessors, contemporaries, and successors. *John Betjeman Collected Poems* John Betjeman, 2006-06-29 Collected Poems made publishing history when it first appeared and has now sold more than two million copies to an ever-growing readership. This newly expanded edition includes Betjeman's verse autobiography *Summoned by Bells* with a new Introduction by Poet Laureate Andrew Motion. Collected Poems is the definitive Betjeman companion. Betjeman's England John Betjeman, Stephen Games, 2010-02-04 For more than half a century, Betjeman's writings have awakened readers to the intimacy of English places: from the smell of gaslight in suburban churches to the hissing of backwash on a shingle beach. Betjeman is England's greatest topologist; whether he's talking about a townhall or a teashop, he gets to the nub of what makes unexpected places unique. This new collection of his writings, arranged geographically, offers an essential gazetteer to the physical landmarks of Betjeman Country. A new addition to the popular series of Betjeman anthologies following on from *Trains and Buttered Toast* and *Tennis Whites and Teacakes*, this is a treasure trove for any Betjeman fan and for anyone with a love for the rare, curious, and unique details of English life. The Kinks Mark Doyle, 2020-04-13 Of all the great British rock bands to emerge from the 1960s, none had a stronger sense of place than the Kinks. Often described as the archetypal English band, they were above all a quintessentially working-class band with a deep attachment to London, particularly the patch of suburban North London where most of the members grew up. In this illuminating study, Mark Doyle examines the relationship between the Kinks and their city from their early songs of teenage rebellion to their later album-length works of social criticism, providing a unique perspective on the way in which the band responded to the shifting nature of working-class life. Along the way, he finds fascinating and sometimes surprising connections with figures as diverse as Edmund Burke, John Clare, Charles Dickens, and the Covent Garden Community Association. More than just a book about the Kinks, this is a book about a city, a nation, and a social class undergoing a series

of profound sometimes troubling changes and about a group of young men who found a way to describe lament and occasionally even celebrate those changes through song

John Betjeman Greg Morse, 2012 John Betjeman was undoubtedly the most popular Poet Laureate since Tennyson But beneath the thoroughly modern window on Britain that he opened during his lifetime lay the influence of his nineteenth century forbears This book explores his identity through such Victorianism via the verse of that period but also its architecture religious faith and more importantly religious doubt It was nevertheless a process which took time In the 1930s Betjeman's work was tinted with modernism and traditionalism He found Victorian buildings funny and wrote much in praise of the Bauhaus style even though his early poetry was peppered with Victorian references This leaning was incorporated into a greater sense of purpose during World War 2 when he transformed himself from precious humorist into propagandist The resulting sense of cohesion grew when the dangers of post war urban redevelopment heightened the need to critique the present via the poetics of the past a mood which continued up to and beyond his gaining the Laureateship in 1972 This duty proved to be a millstone so the official poems are thus explored by the author more fully than hitherto The conclusion of looks back to Betjeman's 1960 verse autobiography *Summoned by Bells* which is seen as the apogee of his achievement and a snapshot of his identity Included here is the first critical appreciation of the lyrics embodied within the text which are taken as a map of the young poet's literary growth Larkin's 1959 question *What exactly is Betjeman* then leads to a final appraisal of his originality as evidenced by his glances towards postmodernism feminism and post colonialism The fact is that Betjeman never quite fits in anywhere He is always a square peg in a round hole or a round peg in a square hole often for the sheer enjoyment of so being In a sense his desire to be as non conformist as a Quaker meeting house makes him a radical rather than the reactionary that his interests imply He was a champion of beauty and the British Isles and clearly did much to make us see the worth of our Victorian forbears Greg Morse's book highlights this important facet of his work
