Underworld: Rise of the Lycans Greg Cox,2009-04-14 The official movie novelization of the latest film in the blockbuster action horror movie series Underworld coming to theaters in January 2009 from Sony Pictures Centuries ago two ageless and terrifying races the aristocratic vampires and the feral lycans are bound by a cruel ancestral relationship between master and servant and eternally separated by the ongoing violent rivalry between their two species But unknown to both nobility and enslaved alike a clandestine and forbidden affair between the lycan servant Lucian and the beautiful vampire noblewoman Sonja burns brightly with an unbridled passion Seeking to escape Sonja s tyrannical father Viktor and a future in which their love is considered an abomination Lucian risks the ever present machinations of the court and his very life to cast himself and his beloved free of their bonds a daring tactic that will eventually give all lycans the courage to rise up against their oppressive vampire overlords New alliances are forged even as the chains of slavery are broken and all that Lucian and Sonja hold dear will be threatened with utter annihilation Billboard ,2009-02-07 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard** ,2009-02-14 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Gender and Werewolf Cinema* Jason Barr,2020-04-24 It all begins with a howl the unsettling sound which tells audiences that someone will soon become a werewolf But the changes that occur during that transformation aren t just physical they are psychological as well Unremarkable men become domineering leaders Innocuous men become violent and overtly sexual In films from *The Wolf Man* and *An American Werewolf in London* to *Ginger Snaps* when the protagonists become werewolves their perceptions of their gender and their masculinity or femininity change dramatically This volume explores how werewolves in cinema have provided an avenue for frank and often enlightening

conversations about gender roles and masculinity Werewolves are indeed a harbinger of change but the genre of werewolf cinema itself has changed over time in how different styles of masculinity and different gender identities are portrayed
