Unending Auspiciousness:

Unending Auspiciousness Tony Duff,2010 **Unending Auspiciousness** Tony Duff,2010 The Sutra of the Recollection of the Noble Three Jewels is a compilation of the Buddha's teachings called the recollections. The recollections are widely used throughout all Buddhist traditions as a way of remembering the Three Jewels and deepening faith in them. This book is a particularly complete collection of everything needed to study practice and even translate the Sutra. The book starts with three chapters of introduction which explain the origins of the Sutra, the many translation issues raised by the Sutra and how to study and practise the Sutra. These chapters contain a wealth of material gathered and arranged in one place by the author after years of study of the Sutra. They contain something for everyone. There are discussions of faith and how to arouse it using the Sutra. There are extensive discussions of translation which are a must read for anyone doing translation work from Tibetan Buddhist texts; they cover important issues of translation that have not been seen in print to date. Then there is helpful guidance on how to study and understand the Sutra. There is also a section on how to access the magic of fundamental reality using the Sutra.

Birth in Buddhism Amy Paris Langenberg,2017-06-26 Recent decades have seen a groundswell in the Buddhist world: a transnational agitation for better opportunities for Buddhist women. Many of the main players in the transnational nuns' movement self-identify as feminists, but other participants in this movement may not know or use the language of feminism. In fact, many ordained Buddhist women say they seek higher ordination so that they might be better Buddhist practitioners, not for the sake of gender equality. Eschewing the backward projection of secular liberal feminist categories, this book describes the basic features of the Buddhist discourse of the female body held more or less in common across sectarian lines and still pertinent to ordained Buddhist women today. The textual focus of the study is an early first millennium Sanskrit Buddhist work, *Descent into the Womb* (scripture or *Garbhavakrantīśāstra*). Drawing out the implications of this text, the author offers innovative arguments about the significance of childbirth and fertility in Buddhism: namely, that birth is a master metaphor in Indian Buddhism; that Buddhist gender constructions are centrally shaped by Buddhist birth discourse; and that by undermining the religious importance of female fertility, the Buddhist construction of an inauspicious, chronically impure and disgusting femininity constituted a portal to a new liberated feminine life for Buddhist monastic women. Thus, this study of the Buddhist discourse of birth is also a genealogy of gender in middle period Indian Buddhism. Offering a new critical perspective on the issues of gender, bodies and suffering, this book will be of interest to an interdisciplinary audience including researchers in the field of Buddhism, South Asian history and religion, gender and religion theory and method in the study of religion and Buddhist medicine.
