serve as the Southern Railway This illustrated account of the venerable Southern is both the story of the railroads 88 year tenure as the transportation force in the region and a fascinating chapter of Southern history The Southern Railway the first

system Author Tom Murray explores this complex prehistory before examining the Southern s nearly nine decades of freight

and passenger service right up to its 1982 merger with Norfolk Western to form Norfolk Southern Financier J P Morgan

makes an appearance in the story which takes in points of interest such as the 21 5 mile trestle across Louisianas Lake

Pontchartrain and legendary passenger trains like the Crescent and the Southerner Wonderful archival photos capture the

railways motive power and rolling stock against the regions cityscapes and scenic countryside The book also includes system
