The Wave Algernon Blackwood, 1916

The Wave Algernon Blackwood, 2013-05-15

Since childhood days he had been haunted by a Wave It appeared with the very dawn of thought and was his earliest recollection of any vividness It was also his first experience of nightmare a wave of an odd dun colour almost tawny that rose behind him advanced curled over in the act of toppling and then stood still It threatened but it did not fall It paused hovering in a position contrary to nature it waited Something prevented it was not meant to fall the right moment had not yet arrived If only it would fall It swept across the skyline in a huge long curve far overhead hanging dreadfully suspended Beneath his feet he felt the roots of it withdrawing he shuffled furiously and made violent efforts but the suction undermined him where he stood The ground yielded and dropped away He only sank in deeper His entire weight became that of a feather against the gigantic tension of the mass that any moment it seemed must lift him in its rising curve bend break and twist him then fling him crashing forward to his smothering fate Yet the moment never came The Wave hung balanced between him and the sky poised in mid air It did not fall And the torture of that infinite pause contained the essence of the nightmare The Wave invariably came up behind him stealthily from what seemed interminable distance He never met it It overtook him from the rear The horizon hid it till it rose There were stages in its history moreover and in the effect it produced upon his early mind Usually he woke up the moment he realised it was there For it invariably announced its presence He heard no sound but knew that it was coming there was a feeling in the atmosphere not unlike the heavy brooding that precedes a thunderstorm only so different from anything he had yet known in life that his heart sank into his boots He looked up There above his head was the huge curved monster hanging in mid air The mood had justified itself He called it the wavy feeling He was never wrong about it
