George C. Marshall: Soldier-Statesman of the American Century Mark A. Stoler, 2021-06-25 In a career that paralleled the emergence of the United States as an international power Marshall was a participant in every significant event contributing to the nation's status as a superpower From his first combat duty in the Philippines at the turn of the century through both World Wars into the cold war and the Korean conflict Marshall was a key figure in devising and implementing US military strategies and foreign policies Stoler emphasizes the years 1939 1951 when Marshall served as World War II army chief of staff special presidential representative to China secretary of state at the beginning of the cold war and Korean War secretary of defense The book is unique in its merging of military and diplomatic history with biography It includes a chronology and a bibliographic essay Drawing on more detailed works supplemented by his sound judgments based on his own careful research Stoler has successfully caught the spirit of the man and his work Forrest C Pogue official biographer of Marshall former director of the George C Marshall Foundation Useful fascinating and very informative Stoler illuminates many historical debates and events David Eisenhower author of Eisenhower at War 1943 1945 A very readable book based on the most recent scholarship and presented in a way that students can understand Michael J Hogan Ohio State University In a skillful work of compression and synthesis Mark A Stoler sets himself an ambitious dual task to render comprehensible the life of an individual almost no one knew well and to ground this life firmly in the context of the revolution in American foreign relations during the first half of the twentieth century The enterprise succeeds admirably partly because Marshall's career lends itself to such treatment and partly because Stoler demonstrates a flair for selecting the essential from the immaterial H W Brands *The American Historical Review* This is the best available one volume biography of this distinguished man Stoler demonstrates Marshall's intellectual growth as he came to understand international politics and the limits of power Daniel R Beaver *The Historian* A richly researched and balanced assessment Stoler's insights into Marshall are many and valuable He perfectly captures his sterling integrity and the extent of his exemplary nonpartisanship this is the best single volume about a true hero Barry F Machado *The Journal of Military History* An excellent book There have been short one volume biographies of Marshall before but this is the best of the lot Among the strengths of Stoler's treatment are his careful exposition of the factors in Marshall's youth crucial to the formation of his character the importance of his various experiences with the National Guard the Plattsburg volunteers and the Civilian Conservation Corps in conditioning his faith in citizen soldiers and the formative role of his professional education at the Command and General Staff School at Fort Leavenworth and the Infantry School at Fort Benning I B Holley Jr *The Journal of American History* Stoler is able to present the issues faced by the new chief of staff lucidly and with great insight In sum Professor Stoler with style and verve has produced an excellent summary volume on George C Marshall and his times the book is insightful readable provocative and manageable I highly recommend it Douglas Kinnard *Naval War College Review* The book breaks through the general's deliberately cultivated

stoic persona and demonstrates the humanity that made him so admired in public and private Stoler's work stands as a model of its genre a concise study that incorporates themes from the large body of current scholarship in the field without ever losing sight of its central character Stoler captures the complexity of the man and his times in a book that is a pleasure to read Donald A Ritchie The Oral History Review This is a useful volume for those who lack the time to read all four volumes of Forrest Pogue's biography Gaddis Smith Foreign Affairs Military planning in the twentieth century : proceedings of the Eleventh Military History Symposium 10-12 October 1984 Harry R.
