Rutkowski, 2008-09-29 UFOs are a truly global phenomenon Although many of the best known cases have taken place in North America amazing stories of witnesses encounters with strange disc shaped objects and their occupants have come from every corner of the globe From a floating platform watched by dozens in Indonesia to a Saturn shaped object that flew over a ship off the coast of Brazil to a landing Down Under UFOs have been baffling witnesses and making headlines around the world What are some of the most interesting cases Which ones seem most mysterious And what can one of the worlds most active UFO researchers and investigators tell us about UFOs from A to Z Join Chris Rutkowski as he takes us on a tour of A World of UFOs **The Presidents and UFOs** Larry Holcombe, 2024-08-06 Eminently readable and meticulously researched this fascinating new book documents the evolution of the US government s handling of the UFO phenomenon Nick Pope UK Ministry of Defense UFO Project 1991 1994 and author of The Uninvited The UFO enigma has been part of our culture since the 1940s and building to a worldwide explosion of acceptance today Now as governments around the world open their files and records on internal UFO investigations the US remains steadfast in its denial of interest in the UFO issue As more of the world s population accepts the possibility of an extraterrestrial presence the demand is building for disclosure from the United States Using newly declassified and Freedom of Information Act documents eyewitness accounts interviews and leaked documents being authenticated The Presidents and UFOs details the secret history of UFOs and the corresponding presidential administration Starting in 1941 with the Roosevelt administration author Larry Holcombe examines the startling discoveries facing a president preoccupied by WWII the explosion of UFO sightings during the Truman years first contact during the Eisenhower administration and the possibility of a UFO connection to the Kennedy assassination In 1975 the Nixon administration came very close to admitting that UFOs exist by funding a documentary by Robert Emenegger Almost forty years later this book will examine Emenegger s findings For the first time the involvement of all of the modern presidents up to and including President Obama and the rise and then fall of their influence on UFO issues are told in one story that is an integral part of the fascinating UFO tapestry Holcombe raises many questions and offers plenty of evidence to keep fellow ufologists debating the topic for years to come Publishers Weekly

Invoking the Beyond: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new

set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond

The Ufo Phenomenon and the Birth of the Jewish, Christian, and Muslim Religions Robert Iturralde, 2022-04-07 This book traces and explains the unsolved mysteries from unexplained archaeological findings to modern day supernatural religious phenomenon The connection between the three major religious beliefs and the ufo phenomenon Is deeply explored The most famous supernatural mysteries like the Bermuda Triangle Big Foot the Jersey Devil and the men in black are explained as creations of the Ufo Phenomenon The purpose of these supernatural is to make us wonder fright hope and deceive Scientists are still looking for extraterrestrials In all the wrong places Alien life has been with us for thousands of years in forms of the supernatural religious phenomena myths and legends and now in modern times as the ufo phenomenon I show why the ufo phenomenon is the creator of the supernatural and religion

Before and After Roswell David A. Clary, 2001-01-22 The flying saucer has been the most vivid and persistent image in American life of the last half century It has also generated more controversy and rancor than anything else that might be characterized as a fantasy It is malleable suiting a wide variety of beliefs and outlooks touching nearly every public concern It arrived as a mysterious threat from above a metaphor for The Bomb It transformed swiftly into a hope from above promising to save us from ourselves Renamed UFO it became a symbol for those who distrusted the government Along its way through the postwar skies it acquired a cargo that included every species of hoax craziness lunacy and even sexual fantasy along with a fair amount of scientific and political baggage The flying saucer myth says much about how Americans react to the unexpected Before and After Roswell The Flying Saucer in America 1947 1999 places the flying saucer idea in the context of history politics entertainment and science to arrive at an explanation of what it is all about and how it got that way Because the Roswell incident the story that a flying saucer crashed near Roswell New Mexico in 1947 and that the government has hidden the truth about it ever since has dominated the subject recently the book is anchored around that particular story while demonstrating that the flying saucer did exist before and after Roswell It corrects some misconceptions including one that holds that because a majority of people say they believe in UFOs they therefore believe in a conspiracy to cover up the truth about them After detailing what actually happened in Roswell in 1947 the book takes up the birth of the flying saucer earlier that year underscoring the fact that the name originally denoted its movement not its shape The text then examines the Air Forces and CIAs responses to the phenomenon

and the rise of competing bands of ufologists true believers and skeptics to dominate debate over it The book also addresses Cold War contributions to the UFO issue and the role of Hollywood in providing the images that defined it Along the way it describes the crashed saucer tradition the contactees abductions men in black the Bermuda Triangle ancient astronauts cattle mutilations the little gray alien SETIs Drake Equation sex and the flying saucer and the rise of a new ufology emanating from the conspiracy culture growing out of the Kennedy assassination mythology and the Watergate scandal Part Two of Before and After Roswell begins with the invention of the incident in 1980 then traces the history of the flying saucer idea to the end of the century Important here are the submersion of the saucer into the larger anti government conspiracy tradition of that period and the increasing domination of the subject by television including Area 51 a myth invented on a TV show and the combined influence of reality based cable documentaries and the amazingly popular series The X Files Also addressed are such things as crop circles the MAJIC hoax the face on Mars UFO conspiracy fiction and the explosion of the abduction belief A chapter on The Battle of Roswell traces the evolution of that controversy through a succession of books by ufologists in the end it broke down into disputed orthodoxies and feuds over who had the real crash site to charge admission to When boosters tried to turn Roswell into a tourist attraction their quarrels and mercenary outlook alienated the town and made the annual UFO Encounter a flop The book concludes that the flying saucer is not a thing but an idea and one that will overcome the burden of

Spaceships of the Pleiades Kal K. Korff, 2010-08-05 The case of Eduard Billy Meier has gained worldwide attention for his claims of being in on going contact with aliens from the star cluster known as the Pleiades Purported to be the most documented UFO account of all time Meier's files consist of 1 000 photographs and 12 motion picture films of the visiting spacecraft Through thousands of pages of contact notes Meier claims to have passed on the wisdom and advanced technical knowledge from his conversations with these aliens designed to help guide our evolution In addition he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier's contacts with them The aliens also left numerous landing tracks in the ground and gave Meier various rock metal mineral and crystal samples as proof of their visitations Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence and reveals here how a Swiss farmer hatched and continues to maintain the most elaborate UFO hoax in
