Weens Chocolate And Cheese 33 1 Or 3:

Ween's Chocolate and Cheese Hank Shteamer, 2011-03-31 An in depth study of a pivotal moment in Ween's development as they became one of the world's most endearing and enduring cult bands *Ween's Chocolate and Cheese* Hank Shteamer, 2011-03-31 Ween now seems like a permanent fixture on the pop cultural landscape but when the band first hit MTV in the early 90s their longevity wasn't so secure Nearly two decades on though Aaron Gene Ween Freeman and Mickey Dean Ween Melchiondo preside over one of the most devoted cult fan bases in American music So how exactly did Ween manage to transcend joke band oblivion One answer is that in the years following their MTV breakthrough Ween gradually polished their output turning their staunchly primitive musical sketches into hi fi paintings *Chocolate and Cheese* released in 1994 marked Freeman and Melchiondo's first crucial steps in this direction Based on new in depth interviews with both members of Ween as well as producer Andrew Weiss and associates ranging from Josh Homme Queens of the Stone Age to Spike Jonze this book explores the song by song creation of *Chocolate and Cheese* and how the album served as a bridge between Ween's original two guys and a 4 track incarnation and the rich virtuosic rock roll force they would later become *The 33 1/3 B-sides* Will Stockton, D. Gilson, 2019-09-05 If given another chance to write for the series which albums would 33 1/3 authors focus on the second time around This anthology features compact essays from past 33 1/3 authors on albums that consume them but about which they did not write It explores often overlooked and underrated albums that may not have inspired their 33 1/3 books but have played a large part in their own musical cultivation Questions central to the essays include How has this album influenced your worldview How does this album intersect with your other creative and critical pursuits How does this album index a particular moment in cultural history In your own personal history Why is the album perhaps under the radar or a buried treasure Why can't you stop listening to it Bringing together 33 1/3's rich array of writers critics and scholars this collection probes our taste in albums our longing for certain tunes and our desire to hit repeat all while creating an expansive must listen list for readers in search of unexplored musical territories
