achievements to those of his Norman and Hohenstaufen antecedents to describe the circle of associates who participated in
his manifold activities and finally to seek the origin and to trace the course of the unremitting hostility of contemporary
popes to him and to his concept of empire The author has critically examined and judiciously employed all available
contemporary chronicles letters official documents polemical writings and all other pertinent materials that either directly or
indirectly bear upon the subject In addition the book is in no wise concerned with the spiritual motivation of the priesthood
