Tornado In A Junkyard The Relentless Myth Of Darwinism:

Tornado in a Junkyard James Perloff, 1999 In an easy to read text this book examines the growing scientific evidence that is challenging Darwin's theory of evolution lack of transitional forms in the fossil record the impossibility of mutations almost universally destructive serving as evolutionary building blocks the flawed logic of natural selection theory the stunning lack of evidence for ape men the mathematic impossibility of life beginning by itself and much more Also explores the damaging effect societal impact of Darwinism and examines how *Inherit the Wind* grossly misled Americans about the Scopes trial Addresses the ever vital question Are we here by chance or are we created by God Indexed over 80 illustrations hundreds of quotes from scientists ENDORSEMENTS DR DUANE T GISH SENIOR VICE PRESIDENT INSTITUTE FOR CREATION RESEARCH *Tornado in a Junkyard* by James Perloff should be in the library of every one who is interested in the subject of origins This book is a powerful argument for creation because it is thorough fully documented and scientifically accurate It is easily readable by scientist and layman alike and is written in a popular style that will make it interesting and entertaining for readers of all ages I highly recommend this book PUBLISHER'S WEEKLY 8 30 99 James Perloff's intriguing *Tornado in a Junkyard* aims to debunk evolutionary theory in favor of creationism Perloff a former contributing editor to the *New American* draws upon the work of neo Darwinists and geneticists to argue that while microevolution does occur meaning minor adaptations and variations within a species there is no solid evidence for macroevolution or conversion of one animal type into another DR EMMETT L WILLIAMS PRESIDENT CREATION RESEARCH SOCIETY *Tornado in a Junkyard* is a unique presentation of the scientific case against Darwinism informally written for laymen If you are looking for a user friendly explanation of the facts supporting creation this book is for you CONSERVATIVE BOOK CLUB 12 99 James Perloff brings all the data together in a volume readily accessible to nonscientific types His conclusion carefully drawn science contradicts Darwinism Perloff's style unusually lively makes *Tornado in a Junkyard* entertaining as well as educational ACTOR JACK LEMMON WHO PLAYED CLARENCE DARROW IN THE 1999 FILM VERSION OF *INHERIT THE WIND* My congratulations to Mr Perloff for an outstanding piece of work HOMESCHOOLING TODAY JAN FEB 2000 Why another anti evolution book Because *Tornado in a Junkyard* is different Author James Perloff a former fanatical atheist and anti creationist understands the other side's point of view He presents facts that logically disprove Darwinism and unveils the many frauds and lies perpetrated by Darwinists that the public accepts as unshakeable scientific fact ELLEN MYERS CREATION RESOURCE LIBRARY WICHITA KANSAS I've been heavily involved in the creationist movement for many years and am familiar with most of the facts cited in *Tornado* However the racy style the many excellent photos and especially the less known details and extensive documentation will now make *Tornado* my resource of choice in my work THE NEW AMERICAN 9 13 99 Perloff demonstrates in this reviewer's opinion conclusively that scientific evidence when examined honestly does not support modern Darwinism but actually contradicts it This is a very important work written in an informal and attractive

style that is a joy to read VICKI BRADY HOST HOMESCHOOLING USA With so many books out on the evolution creation debate it is getting hard to choose from good better and best James book falls in the best category I recommend that every homeschool family and church have a copy for their libraries CHRISTIAN NEWS 9 27 99 Christian News highly recommends Tornado in a Junkyard James Edward Gilmer,2011-01 100 Year Cover up Revealed We Lived With Dinosaurs makes our past coexistence with dinosaurs effortlessly apparent with a wide variety of proof ranging from artistic to documentary to scientific Although it automatically invalidates evolution by proving coexistence this book takes the extra step of examining and destroying with logic and science every major assumption and claim made by evolutionists including the absurd notion that dinosaurs and humans missed each other by 65 million years The sub topic that runs throughout the entire book is that for the past century evolutionists have been brainwashing us with bogus claims while actively and passively covering up evidence showing that humans coexisted with dinosaurs and that evolution is basically a hoax 100 Year Cover up Revealed We Lived With Dinosaurs not only proves the reality of coexistence and the fallacy of evolution but also shows how the suppression of these facts has polluted our laboratories classrooms and media Finally this book highlights the scientific and educational implications of its conclusions and offers an intelligent alternative to evolution The Mystery of Life What'S It All About? David E. Peeples,2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing The Mystery of Life it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isn't it about time to discover the answers to our most persistent and pressing questions The Mystery of Life is presented as a literary expose addressing the questions of origin meaning morality and destiny **The Death of Evolution** Michael Ebifegha,2007-04 For over a century evolutionists have been deliberately interpreting all

scientific data on origins to fit Darwin's theory of evolution. For instance, although the evidence in the living world and in all reliable fossil deposits shows abrupt gaps, evolutionists interpret these gaps as missing links to justify the numerous transformations that the theory predicts. The evolutionist paradigm recently suffered a fatal blow when empirical science ripped off its chapter on junk DNA, which Darwinists have idolized as the evolutionary key in unfolding ancestral history and thus the unique testimony against a purely creationist worldview. All along, just so explanations have persistently been tendered to camouflage the discrepancies. In *Farewell to Darwinian Evolution*, Michael Ebifegha presents a historical account of God's creation patent and seal and shows that they corroborate the scientific evidence. Arguing that a report claiming both invention and ownership of the cosmos must override any theory relating to events in the cosmos that were never witnessed, Ebifegha insists it is time to bid farewell to Darwinian transformational evolution, macroevolution. The focus in science, he stresses, must be limited to microevolution, the aspect that underpins modern advances in medicine, agriculture, and selective breeding. Dr. Michael Ebifegha is a scholar with international experience. He is a graduate of Ahmadu Bello University, Nigeria (M.Sc. Applied Geophysics), Carleton University, Canada (M.Sc. Physics), and the University of Toronto (B.Ed., Ph.D. Physics). He is currently a full-time science and mathematics instructor at the Toronto District School Board. Ebifegha is the author of *The Darwinian Delusion: Creation or Evolution?* and most recently *4th Refuting the Myth of Evolutionism and Exposing the Folly of the Clergy Letters*.

[The Scientific Case Against Scientific Creationism](#) Jon P. Alston, 2003-09. Sociologist Jon P. Alston offers a unique and clear analysis of the weaknesses of scientific creationism and intelligent design by identifying what creationists say when they reject evidence for evolution. He demonstrates how scientific creationists accept non-scientific statements that contradict established scientific knowledge. Acceptance of anti-evolutionary knowledge also demands acceptance of a literal six-day creation and other statements contradicting scientific findings. Few persons have read so closely the writings of scientific creationists to illustrate how anti-scientific anti-evolutionists become when they criticize the fact of evolution. Creationists are forced to develop just-so stories to defend their literal interpretations of Biblical scripture. Alston finds creationists cannot defend their religious beliefs using established scientific methodologies and principles.

The Other Side of the Scopes Monkey Trial Jerry Bergman, 2023-10-26. The enormous amount of literature on the Scopes Trial focuses on the religious elements of the trial. It almost totally ignored the importance of racism as taught in the text that Scopes used to teach biology. Bryan was not concerned about evolution in general but specifically human evolution. He believed that Darwin's theory as applied to humans encouraged the oppression of certain oppressed groups. Taking evolution's philosophy to its logical conclusion meant justifying survival of the fittest in social matters. This philosophy, he learned from his extensive reading about WWI, was a major factor influencing the Germans to fight in the first World War. Furthermore, Bryan believed the citizens of Tennessee had a right to determine what their children were taught in the public schools. Another fact that is rarely mentioned is the main fossil evidence cited in the trial documents and the press in support of

human evolution has been discredited by evolutionists including Neanderthal man Piltdown man Java man and Nebraska man Scopes was not a biology teacher but rather taught math His college degree was not in biology but law He was not put on the stand to testify in his trial probably because he never taught evolution and could not honestly answer questions about teaching it This book covers the so called trial of the century telling the real story of a sham brought on by the ACLU to further their political and anti Christian goals The Darwin Effect Dr. Jerry Bergman,2014-08-01 Dr Miklos Nyiszli an imprisoned doctor in the Auschwitz camp wrote that Nazi doctors hoped studying twins would solve the problem of faster reproduction of superior races Nazis hoped to have each German mother bear as many twins as possible What Darwin influenced went far beyond the Nazi death camps Shocking political social and scientific legacies of Darwin and his family Disturbing disclosure of how over 45 million Christians were killed in the 20th century because of their faith Revealing and layman friendly presentation This book is the result of 30 years of research and study carefully documenting the common destructive threads that tie some of history s most murderous dictators uncaring capitalists and aggressive social activists to the flawed concepts of Charles Darwin in an effort to change the world and how they succeeded The extermination of races considered lower than others the profound lack of empathy for less advanced cultures the corrupted atheistic justifications for taking the lives of millions all done to advance the agendas of social Darwinism at work in the world today More than mere theoretical discussions we have seen the horrifying evidence of the practical results when applying these destructive and misleading concepts to society in the last 100 years A Thinker's Guide to the Philosophy of Religion Allen Stairs,2017-09-29 With an approachable reader friendly style A Thinker s Guide to the Philosophy of Religion provides up to date themes in contemporary analytic philosophy of religion This provocative collection of readings stimulates clear thinking and careful attention to the reasons for taking up views on religious questions The Genesis Cataclysm W. Joseph Stallings,2020-08-31 Are there sufficient evidences to plausibly warrant positing a global Noahic Flood within the auspices of a specific Old Earth biblical paradigm If so what are they It is our firm conviction that God has allowed the passage of time to cover the blatant earthen signs of the Noahic Flood in such a way and just enough as to require earnest seekers of truth to use their eyes of faith and their vision of the kingdom metanarrative along with their empirical sight and senses to view and interpret the richness of the evidence Prerequisites in this quest include a great respect for the authority of Holy Scripture a pure heart with a simple desire for God s truth and a relentless willingness to look for both the forest and the trees viz to see the multitudes of seemingly unrelated small scenes always in light of the big picture The negation of any of these necessities will completely nullify the veracity of one s conclusions However we strongly aver that the totality of these necessities can bring the historical truth of the mystery of the Noahic Flood into a much much greater clarity **100 Year Cover-Up Revealed** James Edward Gilmer,2011-09-15 100 Year Cover up Revealed We Lived With Dinosaurs makes our past coexistence with dinosaurs effortlessly apparent with a wide variety of proof ranging from artistic to documentary to

scientific Although it automatically invalidates evolution by proving coexistence this book takes the extra step of examining and destroying with logic and science every major assumption and claim made by evolutionists including the absurd notion that dinosaurs and humans missed each other by 65 million years The sub topic that runs throughout the entire book is that for the past century evolutionists have been brainwashing us with bogus claims while actively and passively covering up evidence showing that humans coexisted with dinosaurs and that evolution is basically a hoax 100 Year Cover up Revealed We Lived With Dinosaurs not only proves the reality of coexistence and the fallacy of evolution but also shows how the suppression of these facts has polluted our laboratories classrooms and media Finally this book highlights the scientific and educational implications of its conclusions and offers an intelligent alternative to evolution
