General William E. DePuy Henry G. Gole, 2008-09-26 This excellent biography of one of the US Army's unsung heroes provides a much needed re-examination of the early post Vietnam Army. Bowling Green Daily News. By the 1970s the United States Army was demoralized by the outcome of the Vietnam War and shifting attitudes at home. The institution as a whole needed to be reorganized and reinvigorated and General William E. DePuy was the man for the job. In 1973 DePuy was appointed commander of the newly established Training and Doctrine Command (TRADOC). By integrating training doctrine, combat developments and management in the US Army, he cultivated a military force prepared to fight and win in modern war. General William E. DePuy is the first full-length biography of this key figure in American military history. With extensive interviews with those who knew DePuy as well as access to his personal papers, Henry G. Gole chronicles and analyzes his unique contributions to the Army and nation. Gole guides the reader from DePuy's boyhood and college days in South Dakota through the major events and achievements of his life. During World War II, DePuy served in the 357th Infantry Regiment in Europe from the Normandy invasion until 1945 when he was stationed in Czechoslovakia. DePuy was asked by George Patton to serve as his aide; he supervised clandestine operations in China; he was instrumental in establishing Special Forces in Vietnam and he briefed President Lyndon B. Johnson in the White House. But his finest contribution was fixing a broken Army.
