The Vatican Exposed Paul L. Williams, 2009-09-25 Over 50 billion dollars in securities Gold reserves that exceed those of industrialized nations Real estate holdings that equal the total area of many countries Opulent palaces containing the world's greatest art treasures These are some of the riches of the Roman Catholic Church Yet in 1929 the Vatican was destitute Pope Pius XI living in a damaged leaky pigeon infested Lateran Palace could hear rats scurrying through the walls and he worried about how he would pay for even basic repairs to unclog the overburdened sewer lines and update the antiquated heating system How did the Church manage in less than seventy five years such an incredible reversal of fortune The story here told by Church historian Paul L Williams is intriguing shocking and outrageous The turnaround began on February 11 1929 with the signing of the Lateran Treaty between the Vatican and fascist leader Benito Mussolini Through this deal Mussolini gained the support of the staunchly Catholic Italian populace who at the time followed the lead of the Church In return the Church received among other benefits a payment of 90 million sovereign status for the Vatican tax free property rights and guaranteed salaries for all priests throughout the country from the Italian government With the stroke of a pen the pope had solved the Vatican's budgetary woes practically overnight yet he also put a great religious institution in league with some of the darkest forces of the 20th century Based on his years of experience as a consultant for the FBI Williams produces explosive and never before published evidence of the Church's morally questionable financial dealings with sinister organizations over seven decades through today He examines the means by which the Vatican accrued enormous wealth during the Great Depression by investing in Mussolini's government the connection between Nazi gold and the Vatican Bank the vast range of Church holdings in the postwar boom period Paul VI's appointment of Mafia chieftain Michele Sindona as the Vatican banker a billion dollar counterfeit stock fraud uncovered by Interpol and the FBI the Ambrosiano Affair called the greatest financial scandal of the 20th Century by the New York Times the mysterious death of John Paul I profits from an international drug ring operating out of Gdansk Poland and revelations about current dealings For both Catholics and non Catholics this troubling expose of corruption in one of the most revered religious institutions in the world will serve as an urgent call for reform

How the Catholic Church Became Naughty...And Where the Real Hindrance to Reform Lies Jack

Doherty,2015-10-31 The cardinals and bishops of the Catholic Church have been naughty for centuries Why can t they practice what they preach At Christmastime 2014 Pope Francis scolded them for their vanity hypocrisy back biting gossiping boasting lust for power and control and acting like Lords of the Manor This book is an expansion on Pope Francis s admonition to his inner governing circle the Vatican Curia tracing this naughtiness from the time of Emperor Constantine who converted to Christianity in the early 4th century and gave the Church palaces basilicas riches and a noble lifestyle It is a short journey throughout the lascivious and corruption filled history of these church leaders their torture of non believers selling of indulgences and church offices concubinage partnering with evil kings and rulers ending with the 20th century Vatican Bank frauds the money laundering for Mafia and Mason crimes the betrayal of the Church and the sexual abuse of children scandal These popes cardinals and bishops of the Catholic Church are and have been the Real Hindrance to Reform with their peculiar Vatican mindset of clericalism arrogance and exaggerated self estimation of their superiority over everyone and everything It has been evolving for 1700 years This short book is not a denunciation of the Catholic Church but a ray of hope that the Vatican will make the deep changes that are necessary for survival of Catholicism Only a priesthood

that includes married celibate male and female priests with a non clerical mindset will bring about the needed reform of the Catholic Church not the Pope alone nor the regressive Vatican mindset of clericalism ingrained in present day church leaders

For both the believers and the cynics, *The Rough Guide to Conspiracy Theories* sorts the myths from the realities. ***The Challenge to Power*** John C. Harrington, 2005. In this no-holds-barred look at the nation's money system, Harrington gives investors the strategies to thwart corporate domination of the earth's resources, decentralize the economy, restore democracy, tame corruption, and regain community control of financial resources. ***The Death of Tradition*** Steven Jones, 2019-10-08. An analysis of the events surrounding the discovery of the Dead Sea Scrolls and their influence on Church theology, particularly the influence on Vatican II. The book asks whether there was a covert agenda by examining actual historical accounts and quotes by those involved. ***Operation Gladio*** Paul L. Williams, 2015-02-03. This disturbing exposé describes a secret alliance forged at the close of World War II by the CIA, the Sicilian and US mafias, and the Vatican to thwart the possibility of a Communist invasion of Europe. Journalist Paul L. Williams presents evidence suggesting the existence of stay-behind units in many European countries, consisting of five thousand to fifteen thousand military operatives. According to the author's research, the initial funding for these guerilla armies came from the sale of large stocks of SS morphine that had been smuggled out of Germany and Italy, and of bogus British bank notes that had been produced in concentration camps by skilled counterfeiters. As the Cold War intensified, the units were used not only to ward off possible invaders but also to thwart the rise of left-wing movements in South America and NATO-based countries by terror attacks. Williams argues that Operation Gladio soon gave rise to the toppling of governments, wholesale genocide, the formation of death squads, financial scandals on a grand scale, the creation of the mujahideen, an international narcotics network, and most recently, the ascendancy of Jorge Mario Bergoglio, a Jesuit cleric with strong ties to Operation Condor, an outgrowth of Gladio in Argentina, as Pope Francis I. Sure to be controversial, *Operation Gladio* connects the dots in ways the mainstream media often overlooks. ***The Papacy, the Jews, and the Holocaust*** Frank J. Coppa, 2006. The Papacy has long played a crucial role in western civilization. Too many its history and theology have seemed steeped in hostility toward the Jews. In the post-World War II era, the initial focus was on Pope Pius XII's stance during the Holocaust; it soon expanded, however, to the broader question of the papacy and the Jews. The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti-Judaism and secular anti-Semitism. In light of the polemical debate, this subject has aroused during the past half century; this is no small task. In this work, acclaimed author and historian Frank J. Coppa once again proves a capable guide to exploring the issue. ***The New Encyclopedia of Unbelief*** Tom Flynn, 2007-04-30.
