The Water Ghost And Others:

The Water Ghost and Others, by John Kendrick Bangs ... John Kendrick Bangs, 1856 The Water Ghost and Others John Kendrick Bangs, 2014-04-17 The trouble with Harrowby Hall was that it was haunted and what was worse the ghost did not content itself with merely appearing at the bedside of the afflicted person who saw it but persisted in remaining there for one mortal hour before it would disappear It never appeared except on Christmas Eve and then as the clock was striking twelve in which respect alone was it lacking in that originality which in these days is a sine qua non of success in spectral life The owners of Harrowby Hall had done their utmost to rid themselves of the damp and dewy lady who rose up out of the best bedroom floor at midnight but without avail They had tried stopping the clock so that the ghost would not know when it was midnight but she made her appearance just the same with that fearful miasmatic personality of hers and there she would stand until everything about her was thoroughly saturated The Water Ghost and Others John Kendrick Bangs, 2015-10-30 For the purposes of this bit of history Bangletop Hall stands upon a grassy knoll on the left bank of the River Dee about eighteen miles from the quaint old city of Chester It does not in reality stand there nor has it ever done so but consideration for the interests of the living compels me to conceal its exact location and so to befog the public as to its whereabouts that its identity may never be revealed to its disadvantage It is a rentable property and were it known that it has had a mystery connected with it of so deep dark and eerie a nature as that about to be related I fear that its usefulness save as an accessory to romance would be seriously impaired and that as an investment it would become practically worthless The hall is a fair specimen of the architecture which prevailed at the time of Edward the Confessor that is to say the main portion of the structure erected in Edward s time by the first Baron Bangletop has that square substantial stony aspect which to the eye versed in architecture identifies it at once as a product of that enlightened era Later owners the successive Barons Bangletop have added to its original dimensions putting Queen Anne wings here Elizabethan ells there and an Italian Renaissance facade on the river front A Wisconsin water tower connected with the main building by a low Gothic alleyway stands to the south while toward the east is a Greek chapel used by the present occupant as a store room for his wife s trunks she having lately returned from Paris with a wardrobe calculated to last through the first half of the coming London season Altogether Bangletop Hall is an impressive structure and at first sight gives rise to various emotions in the aesthetic breast some cavil others admire One leading architect of Berlin travelled all the way from his German home to Bangletop Hall to show that famous structure to his son a student in the profession which his father adorned to whom he is said to have observed that
