Horse Training In-Hand Ellen Schuthof-Lesmeister, Kip Mistral, 2021-08-31 This work sets out to show you that lightness in hand can be achieved by every horse For some horses it is easy but for others it is not so However if the training is undertaken slowly with gentleness and respect lightness in the hand is eventually possible

Horse Training In-Hand Ellen Schuthof-Lesmeister, Kip Mistral, 2025-11-04 Working the horse from the ground schooling

in hand as it has been known for centuries has long been an integral part of classical horse training. Now this gorgeously illustrated book explains in clear step by step lessons how the modern day horse owner can incorporate classical groundwork in her daily interactions with her equine partner to both their benefit and enjoyment. Whether schooling green or young horses, retraining problem horses or those with poor foundations, warming up advanced mounts prior to workouts, confirming lateral movements on the ground before attempting them on horseback or supplementing everyday under saddle exercises, work in hand provides a wonderful way to advance the horse's education as well as the standard of communication between horse and handler. Its gradual progression of work on the longe, double longe, long lines, short reins and long reins is the perfect addition to the training program that has grown a little stale or boring, the manageable solution to countless problems that commonly arise in daily work with horses and by definition an equestrian art form unto itself. With over 100 color photographs including many detailed series shots to demonstrate correct body positioning and meticulously hand drawn illustrations to guide you through the often confusing land of lateral work.

Horse Training In Hand is the first book ever to help shed classical groundwork's mystique while conscientiously preserving its magic. Find out for yourself how schooling in hand can give your training program a brand new look and feel, forever transforming workouts and schooling sessions into artistic endeavors that yield breathtaking results.

101 Longeing and Long Lining Exercises Cherry Hill, 2008-04-21. If you are like most people, you know what you want your horse to do and how you want him to behave. You want your training experiences to be safe and enjoyable for both you and your horse. But maybe you aren't sure what to do and when. In **101 Longeing and Long Lining Exercises**, you'll find complete ground training lesson plans from square 1 to square 101. Cherry Hill starts with basic in hand and free longeing lessons, then takes you through the addition of a longe line, cavesson, bridle, surcingle, side reins, saddle and long lines. You'll learn a wide variety of ground training exercises suitable for both English and Western horses. In hand section: Fancy footwork, Whip works, Pitching a wave, Turn on the forehand, Sidepass. Longeing section: Stop, look and listen, Outside turns, Inside turns, Whip talk, Spirals, Wagon wheels, Bending, tune up, Contact and collection. Long lining section: Long line lingo, Yin y ang, Figure 8, Serpentine, Backing, Cavalletti work, Trail obstacles. Each of the exercises is laid out with a diagram, step by step instructions and an explanation of its benefits. The exercises progress from the basic skills to more advanced ones such as counter canter and flying changes of lead. This book and its companion volume **Longeing and Long Lining the English and Western Horse: A Total Program** give you a solid foundation for helping your horse work in productive form.

Horse Training In-hand Ellen Schuthof-Lesmeister, Kip Mistral, 2009. This book sets out to show you that lightness in hand can be achieved by every horse. For some horses it is easy due to conformation and a general aptitude for focusing intently on the challenges of being trained. For others it is not so. However, if the training is undertaken slowly with gentleness and respect, lightness in the hand is eventually possible. A supple, flexible horse whose back and entire body is strong and correctly collected to support the rider's weight is balanced and ready for the demands of

any movement laterally or vertically A horse that is light in hand is proof of the highest order that the will of the rider and horse are truly one Simply lightness is born of trust Ellen Schuthof s training of horses is different from other trainers in that it emphasizes first the comfort security and happiness of the horse She stages short lessons to engage the horse s attention and cooperation If the horse becomes confused she immediately asks him to go back in time to a point where he has mastered a task and asks him to perform that task so as to restore his confidence The horse finishes the short lesson unstressed full of enthusiasm and pride in his new accomplishments and with an ever deepening bond with his trainer
