Love, 2006-09-22 Documents the key feminists who ignited the second wave women's movement This work tells the stories of more than two thousand individual women and a few notable men who together reignited the women's movement and made permanent changes to entrenched customs and laws *Wages for Housework* Louise Toupin, 2018-09-20 Revolutionary feminism is resurging across the world But what were its origins In the early 1970s the International Feminist Collective began to organise around the call for recognition of the different forms of labour performed by women They paved the way for the influential and controversial feminist campaign Wages for Housework which made great strides towards driving debates in social reproduction and the gendered aspects of labour Drawing on extensive archival research Louise Toupin looks at the history of this movement between 1972 and 1977 featuring unpublished conversations with some of its founders including Silvia Federici and Mariarosa Dalla Costa as well as activists from Italy Germany Switzerland the United States and Canada Encompassing rich theoretical traditions including autonomism anti colonialism and feminism whilst challenging both classical Marxism and the mainstream women's movement the book highlights the power and originality of the campaign Among their many innovations these pathbreaking activists approached gender sexuality race and class together in a way that anticipated intersectionality and had a radical new understanding of sex work *Historicising the Women's Liberation Movement in the Western World* Laurel Forster, Sue Bruley, 2019-07-09 The Women's Liberation Movement WLM of the late 1960s 1970s and 1980s emerged out of a particular set of economic and social circumstances in which women were unequally treated in the home the workplace and in culture and wider society As part of the WLM women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society making their concerns apparent through consciousness raising and activism This important time in women's history is revisited in this collection which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised The contributions here cover a range of important issues including feminist art local activism class distinction racial politics perceptions of motherhood girls education feminist print cultures the recovery of feminist histories and feminist heritage and they span personal and political concerns in Britain Canada and the United States Each contributor considers the impact of the WLM in a different context reflecting the variety of issues faced by women and helping us to understand the problems of the second wave This book broadens our understanding of the impact and the implication of the WLM explores the dynamism of women's activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms The chapters in this book were originally published as a special issue of *Women's History Review* **The Routledge Reader in Gender and Performance** Lizbeth Goodman, Jane de Gay, 2002-01-31 The first reader in this field Contributions from many of the top

academics in the field Extremely broad in its coverage Organized with the beginning student in mind **Women and Community Action** Lena Dominelli, 2019-05-22 Historically women and men have been assigned to different spaces in their communities Although several decades of feminist social action have made significant progress to the social economic and political condition of many women change has been uneven and there remain considerable advancements to be made globally This valuable third edition considers women s changing position in the world today updating some of the perennial challenges that women face and examining new and emerging issues including digital exclusion sustainable community development and environmental justice Published in association with the British Association of Social Workers this book is an invaluable resource for students and practitioners of social work community work sociology and social policy
