Writing A Woman's Life:

Writing a Woman's Life Carolyn G. Heilbrun, 1989 Why is it that generations of writers had to describe George Sand as a great man Why did Dorothy L Sayers having created a heroine as independent as herself then marry off Harriet Vane And why did Carolyn Heilbrun resort to the pseudonym of Amanda Cross to write her own detective fiction For Carolyn Heilbrun May Sarton's *Journal of a Solitude* was a watershed which marked a new way of writing about women's lives Before then traditional biography and autobiography assumed that only one narrative was acceptable for women romantic love leading to conventional marriage This book uses fascinating insights into the lives of unconventional women such as Virginia Woolf and Colette to show how their stories have been distorted by this assumption *Writing a Woman's Life* Carolyn G. Heilbrun, 1997 The conventional biography is often a cover that inadvertently hides the real life of the subject In this book the author attempts to reveal the real lives of women writers with as much honesty as possible now that many of them are no longer alive *Writing a Woman's Life* Carolyn G. Heilbrun, 1988 Traces and redefines the lives of noted women using a new and distinctly feminine voice and language thereby giving equal weight to the ambitions and choices of women

Mothering, Public Leadership, and Women's Life Writing Claire Wolfeich, 2017-07-31 In *Mothering Public Leadership and Women's Life Writing* Claire E Wolfeich presents a series of case studies in Christian spirituality bringing mothers' autobiographical writing into focus for theological reflection From the medieval mystic Margery Kempe to the twentieth century activist Dorothy Day from African American preacher Jarena Lee to labor organizer Dolores Huerta the book mines women's first person writing surfacing critical issues for theological analysis Listening deeply to these diverse maternal voices the book advances creative theological reflection on work vocation time poverty Sabbath and spiritual guidance *Mothering Public Leadership and Women's Life Writing* demonstrates the significance of the study of mothering for theology and spirituality studies and the import of life writing as an underutilized source for practical theology **Mary Hays's 'Female Biography'** Mary Spongberg, Gina Luria Walker, 2020-06-04 The essays included in Mary Hays's *Female Biography* Collective Biography as Enlightenment Feminism emerge from the authors' collaboration in producing the first modern edition of Hays's work in the Chawton House Library Edition 2013 2014 This book explores Hays's larger ambitions to lay the foundation for an encyclopaedic work by for and about women The scholars' contributions to this volume engage with some of the multiple problems and possibilities that *Female Biography* presented Drawing on this effort individual scholars examine Hays's attempts to correct existing masculinist constructs which framed the universe of knowledge then and persist in our time Hays perceived that these had the cumulative effect of rendering women invisible She responded to such absence by providing examples of the extent of female worth across Western society Other contributions focus specifically on the subjects of Hays's entries looking at how she used source material and laid the groundwork for future biographical studies of women's lives Both *Female Biography* and Hays herself have continually presented difficulties in categorization not quite

Enlightenment not quite Victorian either This book recontextualizes her work demonstrating the radicalism and originality of her feminism even in its post Wollstonecraftian phase as well as the longevity of her influence As such it will be of interest to those conducting research into Hays her subjects and the evolution of life writing by women This book was originally published as a special issue of *Women's Writing* Writing Feminist Lives Malin Lidström Brock, 2017-05-05 This book draws attention to the controversy that surrounds Betty Friedan Germaine Greer Gloria Steinem and Simone de Beauvoir's lives and the important role that their life stories have played in their feminist writing Directly and indirectly the four women have contributed to battles over feminism's meaning through autobiographically informed political writing Inevitably therefore their biographers are also participants in these battles yet not always on the same side as their subjects *Writing Feminist Lives* introduces a further fold of nuance into considerations of biography and feminism by showing that the biographers of the four women have made methodological choices that reflect their loyalty to or their scepticism towards competing ideological definitions of the exemplary feminist life **Writing, a Woman's Business** Judy Simons, Kate Fullbrook, 1998 In a dozen feminist essays contributors deconstruct women fiction and the reading public e.g. Her brilliant career the marketing of Angela Carter theorizing the marketplace Marketing Black women's texts the case of Alice Walker and women in the business Women writers as an unprotected species Marilyn Monroe is an unexpected index entry name index only Includes a few bandw photos Distributed in the US by St Martin's Press Annotation copyrighted by Book News Inc Portland OR Writing Women's Madness, 1845-1914 Mary Chapman, 2025-08-25 Taking an interdisciplinary approach this book bridges literary studies and the history of medicine to offer a unique perspective on female mental illness in the nineteenth century Demonstrating the importance of writing to psychiatric practice during this period the book moves forward from previous asylum focused scholarship to uncover how written discourse was integral to the creation and development of theories about the female mind During the Victorian era cultural beliefs about femininity combined with an emerging physiological understanding of mental illness to produce a concept of female madness centred on reproductive biology Exploring the textuality of clinical literature and periodicals the book shows how their genre form language and readership shaped the development of gendered psychiatric theory Covering nineteenth century print culture a range of popular and specialist periodicals and delving into little explored sources in the history of psychiatry the book examines key topics of interest such as the mind sciences in the popular press the publishing history of psychiatric textbooks patient literature in asylum periodicals and the early treatment of mental illness at the turn of the twentieth century The book will appeal to researchers working in the fields of periodical studies women's history and the history of psychiatry as well as scholars interested in the medical humanities more broadly *Frontier Feminist* Marilyn S. Blackwell, Kristen Tegtmeier Oertel, 2010 This comprehensive portrait of nineteenth century reformer Clarina Howard Nichols uncovers the fascinating story of a complex woman and reveals her important role in women's rights antislavery and westward expansion **The**

M. Ezell, 1996-11-08 Ezell critically examines these successful women s literary histories and applies to them the same self conscious feminism that critics have applied to more traditional methods Drawing both on French feminisms and on recent historicist scholarship Ezell points us to new possibilities for the recovery of early modern women s literary history By championing the recovery of lost women writers and insisting on reevaluating the past women s studies and feminist theory have effected dramatic changes in the ways English literary history is written and taught In *Writing Women's Literary History* Margaret Ezell critically examines these successful women s literary histories and applies to them the same self conscious feminism that critics have applied to more traditional methods According to Ezell by relying not only on past male scholarship but also on inherited notions of tradition some feminist historicists replicate the evolutionary narrative model of history that originally marginalized women who wrote before 1700 Drawing both on French feminisms
