McAteer, 1982 Obsessed with the Doctoral Theses Kaarina Määtä, 2012-01-01 After having supervised the 30th doctoral thesis at the University of Lapland Finland Professor Kaarina Määtä invited the doctoral graduates and their circle of acquaintances to talk about their experiences of the process of writing a doctoral thesis and their opinions on good supervision and support What did the dissertation process give and demand Those who can answer this question are the ones who have defended their doctoral theses as well as the candidates spouses and professionals in the scientific community This book introduces explicitly all the phases of graduating as a doctor reveals the personal matters concerning doctoral theses and concretizes the pedagogy of supervising doctoral theses This book is aimed at doctoral students and their professors as well as everyone who is somehow connected to the dissertation process The aim of this anthology is to support prospective doctoral students and their supervisors in their dissertation processes

Educational Research Evelyn J. Sowell, 2001 Are your beginning students sometimes overwhelmed by the prospect of reading research articles or writing a research proposal Does the notion of educational research make them anxious to begin with Is research a mystery to them This text will help *Educational Research An Integrative Introduction* is a brief basic paperback alternative to the typically long weighty hardcover educational research tome It takes a practical approach to educational research for beginning students Students who study its chapters critically learn to read research reports and to produce a proposal for their own research project Nine complete research reports in Appendix A provide illustrations of

major ideas in the text chapters and are used in the end of chapter exercises The reports read include experimental descriptive qualitative and historical approaches The book presents qualitative and quantitative research as complementary approaches to educational research **Business and Technical Writing** Gerald J. Alred,Diana C. Reep,Mohan R.

Limaye,1981 **The Elementary School Journal** ,1985 **The Graduate Research Guidebook** Edward S.

Balian,1994-04-26 This book is a comprehensive and practical guide to masters or doctoral research work Professor Balian s unique presentation was written with the student in mind and helps dispel the mystique and trepidations of graduate level research work The text is clearly presented and facilitates an understanding of research theory coupled with a hands on and very student supportive practical approach Numerous charts and checklists throughout the text help ensure academic success for the reader This third edition was formerly titled How to Design Analyze and Write Doctoral Research 2nd Edition
