Teaching Writing in the Age of Catastrophic Climate Change Justin Everett, Russell Mayo, 2024-11-25 Catastrophic storms searing heat waves crumbling waterfronts warming oceans air fouling forest fires and mass extinction have become facts of life Under these conditions it is difficult to imagine that the global industrial civilization will continue in its present form This requires us to reconsider the subject of ecocomposition from a new perspective What does it mean to teach college writing in the face of this sobering reality The introduction reviews the history of ecocomposition and reframes it in light of the apocalyptic turn in climate discourse over the last quarter century as well as the role that ecocomposition theory can play in framing these discussions *Teaching Writing in the Age of Catastrophic Climate Change* is organized into four sections The first section considers the environmental narrative from the viewpoint of climate justice while the second reframes pedagogies of place in light of the climate catastrophe The third section examines the intersections of writing studies and the natural sciences while the fourth section entertains the personal and emotional dimensions of teaching ecocomposition within the framework of catastrophic climate change If we have been successful

these chapters provide a starting place for having sobering discussions in our classrooms and considering what ecocomposition means in this unsettling age Writing Today Richard Johnson-Sheehan, Charles Paine, 2015-06-12 This is the eBook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book Note You are purchasing a standalone product MyWritingLab does not come packaged with this content If you would like to purchase both the physical text and MyWritingLab search for 0133970396 9780133970395 Writing Today Plus MyWritingLab with Pearson eText Access Card Package Package consists of 0133944131 9780133944136 MyWritingLab with Pearson eText Glue in Access Card 013394414X 9780133944143 MyWritingLab with Pearson eText Inside Star Sticker 032198465X 9780321984654 Writing Today MyWritingLab is not a self paced technology and should only be purchased when required by an instructor Organized by genre practical for college and career Accessible to students and flexible for instructors Writing Today Third Edition introduces students to the conventions of writing memoirs profiles literary analyses arguments research papers and more Each chapter features a step by step process for composing within a given genre as well as exemplary student and professional readings to promote rhetorical knowledge and critical analysis The 42 short chapters the chunked writing style and visual instruction work to ensure that students will transfer the skills and strategies practiced in your class to their other classes their lives and their careers From its graphic Quick Start Guides to its Write This prompts Writing Today challenges students to extend the boundaries of their writing abilities as they practice composing for the real world Also available with MyWritingLab This title is also available with MyWritingLab an online homework tutorial and assessment program designed to work with this text to engage students and improve results Within its structured environment students practice what they learn test their understanding and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts *Creative Writing* Graeme Harper, Jeri Kroll, 2020-08-28 This stimulating edited collection focuses on the practice of revision across all creative writing genres providing a guide to the modes and methods of drafting revising and editing Offering an overview of how creative writing is generated and improved the chapters address questions of how creative writers revise why editing is such a crucial part of the creative process and how understanding the theories underpinning revision can enhance writers projects Innovative and thought provoking this book is ideal for undergraduate and postgraduate students of creative writing along with all creative writers looking to hone and polish their craft Strategies for Business and Technical Writing Kevin J.
