The Vision The Struggle How Metropolitan State University Of Denver Began:

The Vision, the Struggle Robert Bowen, 2015-04-14 Metropolitan State College of Denver opened its doors in 1965 a time in the history of our country filled with political strife and civil unrest The Vision The Struggle tells the story of an idea conceived by men and women who desired to provide a college education to the previously underserved populations in Denver It chronicles the long bitter and difficult struggle to turn that vision into reality an effort that in many ways emulated the bigger battles being played out across America Bowen not only recounts the conflict to open Metro but he provides a unique insight into the philosophical debate behind its very existence Using the music of the 1960 s and explaining events in the context of that decade we are able to grasp the relevance of those times Throughout this book Mr Bowen demonstrates how history can both entertain and enlighten To glimpse a unique view of Denver s role in a turbulent moment in our nation s history The Vision The Struggle is a must read

passionate about social justice activism *Governing in a Global World* Maria J. D'Agostino, Marilyn Marks Rubin, 2017-11-28 *Governing in a Global World* captures the panorama of women governing around the world Even though the modern era marks history's greatest advancements for women worldwide they hold fewer than 30 percent of decision making positions and are often missing from negotiating tables where policies are made and conflicts resolved The opening chapters present trends and context for studying women in public service by focusing on path setters across the globe the status of women in the world's executive and legislative bodies and their participation in public service across several nations Later chapters examine power leadership and representation of women in public service with several chapters looking at women governing from a regional perspective in the Middle East Sub Sahara Africa Latin America and China The final chapter presents empirical evidence that shows how policies to increase women's representation in the public arena reduce gender inequality more than any other policy intervention Taken together the chapters illustrate the worldwide importance of and challenges to promoting gender equality and women governing *This Could Be the Start of Something Big* Manuel Pastor Jr., Chris Benner, Martha Matsuoka, 2015-10-27 For nearly two decades progressives have been dismayed by the steady rise of the right in U S politics Often lost in the gloom and doom about American politics is a striking and sometimes underanalyzed phenomenon the resurgence of progressive politics and movements at a local level Across the country urban coalitions including labor faith groups and community based organizations have come together to support living wage laws and fight for transit policies that can move the needle on issues of working poverty Just as striking as the rise of this progressive resurgence has been its reception among unlikely allies In places as diverse as Chicago Atlanta and San Jose the usual business resistance to pro equity policies has changed particularly when it comes to issues like affordable housing and more efficient transportation systems To see this change and its possibilities requires that we recognize a new thread running through many local efforts a perspective and politics that emphasizes regional equity Manuel Pastor Jr Chris Benner and Martha Matsuoka offer their analysis with an eye toward evaluating what has and has not worked in various campaigns to achieve regional equity The authors show how momentum is building as new policies addressing regional infrastructure housing and workforce development bring together business and community groups who share a common desire to see their city and region succeed Drawing on a wealth of case studies as well as their own experience in the field Pastor Benner and Matsuoka point out the promise and pitfalls of this new approach concluding that what they term social movement regionalism might offer an important contribution to the revitalization of progressive politics in America **Building Bridges for Women of Color in Higher Education** Conchita Y.
