

The Wars Of Alexander The Great

Robin Waterfield

The Wars Of Alexander The Great:

The Wars of Alexander the Great Waldemar Heckel, 2014-06-06 The age of Alexander and his conquest of the Persian or Achaemenid Empire which had existed for over two centuries represents a watershed in the history of the world This book offers a fascinating insight into the achievements of one of the greatest generals ever known Alexander s conquests are of profound significance By perfecting the new weapons and tactics developed by his father Philip II and combining them with the use of specialist units and advancements in siege warfare Alexander enabled the Macedonian kingdom to move beyond the restrictions of city state armies and on to the stage of world conquest *The Wars of Alexander the Great, 336-323 BC*

Waldemar Heckel, 2002 The age of Alexander and his conquest of the Persian or Achaemenid Empire which had existed for over two centuries represents a watershed in the history of the world This book offers a fascinating insight into the achievements of one of the greatest generals ever known Alexander s conquests are of profound significance By perfecting the new weapons and tactics developed by his father Philip II and combining them with the use of specialist units and advancements in siege warfare Alexander enabled the Macedonian kingdom to move beyond the restrictions of city state armies and on to the stage of world conquest Bloomsbury Publishing The Anabasis of Alexander; Or, The History of the Wars and Conquests of Alexander the Great Arrian, 1884 *The Wars of Alexander the Great* Charles River

Editors, 2020-03-19 Includes pictures Includes excerpts of ancient accounts Includes a bibliography for further reading Over the last 2 000 years ambitious men have dreamed of forging vast empires and attaining eternal glory in battle but of all the conquerors who took steps toward such dreams none were ever as successful as antiquity s first great conqueror Leaders of the 20th century hoped to rival Napoleon s accomplishments while Napoleon aimed to emulate the accomplishments of Julius Caesar But Caesar himself found inspiration in Alexander the Great 356 323 BCE the Macedonian king who managed to stretch an empire from Greece to the Himalayas in Asia by the age of 30 It took less than 15 years for Alexander to conquer much of the known world At one point in antiquity the Achaemenid Persian Empire was the largest empire the world had ever seen but aside from its role in the Greco Persian Wars and its collapse at the hands of Alexander the Great it has been mostly overlooked When it has been studied the historical sources have mostly been Greek the very people the Persians sought to conquer Needless to say their versions were biased and attitudes about the Persians were only exacerbated by Alexander the Great and his biographers Darius III king of Persia at the time of Alexander s invasion was no tactical genius but he was an intelligent and persistent enemy who had been handed the throne just before the arrival of the indomitable Alexander His misfortune was to face an enemy at the forefront of military innovation and flexibility a fighting force that he was not equipped to handle and the unconquerable will of the Macedonian army fueled by devotion to their daring and charismatic king To be fair after he had finished off the Persians Alexander must have been glad to leave Persia and its adjoining provinces at his back Alexander was planning to march onwards into India and had made overtures to the wild

tribesmen that inhabited the region that is now Pakistan but he had been abruptly refused The chieftains of the hill clans who guarded the passes of the mighty Hindu Kush mountains were determined to make a fight of it secure in the knowledge that the high passes of their domains were virtually unconquerable Alexander never one to accept defiance made his preparations and in midwinter a season traditionally reserved for rearmament and regrouping he began his campaign The Aspasioi the Guraeans and the Assakenoi inhabitants of the rocky valleys of north western Pakistan all opposed him so Alexander destroyed their fortresses one by one determined to extinguish them The hill clans were fierce fighters and each fortress small though they generally were was only carried by storm after days of vicious fighting which resulted in grievous losses among the Macedonian ranks To give an idea of the brutality of this conflict Alexander himself was seriously wounded twice during two separate sieges taking a javelin through the shoulder fighting the Aspasioi and then a spear thrust to the ankle in the assault against the Assakenoi fortress of Massaga His reprisal was fierce every fortress of the hill clans that did not surrender him was razed to the ground and its inhabitants put to the sword to the last man Despite the war weariness of his veterans and many of his generals after having vanquished the hill tribes Alexander pressed south and east into the Punjab There he clashed with the most powerful enemy he had encountered since he had vanquished Darius at Gaugamela the great Indian ruler Rajah Porus whose domains included virtually the whole Punjab and who commanded a massive army Alexander s force came face to face with Porus s army at the Hydaspes River in 326 BCE Despite Porus s strong defensive position Alexander succeeded in forcing a crossing

The History of the Wars of Alexander the Great Quintus Curtius,1747
The History of the Wars of Alexander the Great Quintus Curtius Rufus,1747 **The History of the Wars of Alexander the Great** Quintus Curtius Rufus,1747 **The Wars of Alexander's Successors, 323-281 BC** Bob Bennett, Mike Roberts,2013-01-19 This history of Ancient Greek warfare vividly chronicles the struggle for control of the Macedonian Empire a fateful time of change in the Ancient World As the story goes Alexander the Great decreed from his deathbed that his vast Macedonian Empire should go to the strongest What followed was an epic struggle between generals and governors for control of the territories Most of these successors known as the Diadochi were consummate tacticians who learned the art of war from Alexander himself or from his father Philip Few died a peaceful death and the last survivors were still leading their armies against each other well into their seventies These conflicts reshaped the ancient world from the Balkans to India In two volumes The Wars of Alexander s Successors presents this critical period of ancient warfare with all its colorful characters epic battles treachery and subterfuge This first volume introduces the key personalities including Antigonos Monophthalmus the One Eyed and his son Demetrius Poliorcetes the Besieger Seleucus Nicator the Victorious and Ptolemy Soter the Saviour It also gives a narrative of the causes and course of these wars from the death of Alexander to the Battle of Corupedium in 281 BC when the last two original Diadochi faced each other one final time Dividing the Spoils: The War for Alexander the Great's Empire Robin Waterfield,2011-04-21 This is the story of one of the great forgotten wars of history

which led to the division of one of the biggest empires the world has ever seen Alexander the Great built up his huge empire in little more than a decade stretching from Greece in the West via Egypt Syria Babylonia and Persia through to the Indian sub continent in the East After his death in 323 BC it took forty years of world changing warfare for his heirs to finish carving up these vast conquests These years were filled with high adventure intrigue passion assassinations dynastic marriages treachery shifting alliances and mass slaughter on battlefield after battlefield And while the men fought on the field the women schemed from their palaces and pavilions Dividing the Spoils revives the memory of Alexander s Successors whose fame has been dimmed only because they stand in his enormous shadow In fact Alexander left things in a mess at the time of his death with no guaranteed succession no administration in place suitable for such an enormous realm and huge untamed areas both bordering and within his empire The Successors consolidated the Conqueror s gains Their competing ambitions however meant that consolidation inevitably led to the break up of the empire Astonishingly this period of brutal cynical warfare was also characterized by brilliant cultural developments especially in the fields of philosophy literature and art As well as an account of the military action this is also the story of an amazing cultural flowering In some senses a new world emerged from the dust and haze of battle the world of Hellenistic Greece A surprising amount of the history of many countries from Greece to Afghanistan began in the hearts and minds of the Successors of Alexander the Great As this book demonstrates their stories deserve to be better known

Alexander Theodore Ayrault Dodge,1890 **Who's Who in the Age of Alexander the Great** Waldemar Heckel,2008-04-15 Containing over 800 biographies of individuals known from the literary and epigraphic sources for the age of Alexander this book features entries ranging from leading commanders in Alexander s army to the nobles and regional leaders of the Persian empire whom he encountered on his epic campaign

Alexander the Great at War Ruth Sheppard,2011-03-22 Perhaps the most famous commander of the ancient world Alexander the Great and his battles and victories never cease to fascinate those with any interest in Ancient Greece He was aged only 20 when he became king of Macedon but he had already begun to show the military genius that would win him future victories against the mighty Persian Empire In an epic campaign lasting 11 years Alexander traveled thousands of miles through deserts plains and forests fought huge battles and besieged many cities to become the master of a massive empire stretching from Greece to India He died prematurely at the age of just 33 and no man could hold together the empire he had created A god in his lifetime his name is still world famous millennia after his death This book examines Alexander s campaigns in detail and his victories and the tactics that ensured them are explained and described with the help of maps illustrations and reconstructions to bring the epic career of one of the ancient civilization s greatest generals to life

The Anabasis of Alexander or, The History of the Wars and Conquests of Alexander the Great Arrian,2022-05-28 Arrian s The Anabasis of Alexander a seminal historical narrative chronicles the remarkable military campaigns of Alexander the Great interweaving detailed accounts of battles strategies and the geography of the ancient world Written in the 2nd century

AD this text is notable for its meticulous style and reliance on primary sources including the accounts of Alexander's contemporaries which lends authenticity and depth to Arrian's portrayal of the legendary conqueror. The work stands as a cornerstone of historiography reflecting the virtues of the Hellenistic period while simultaneously serving as a critical analysis of leadership and ambition. Arrian, a Greek historian and philosopher, was profoundly influenced by the legacy of Alexander and his military innovations. His background as a student of the philosopher Epictetus and his own experiences as a military commander enriched his understanding of both the philosophical implications of leadership and the practical realities of warfare. Such insights allow him to present not only a historical account but also a profound examination of Alexander's character and the zeitgeist of his time. This masterfully crafted narrative appeals to historians, students of classical literature, and enthusiasts of military history alike. Engaging and richly detailed, *The Anabasis of Alexander* not only captures the grandeur of Alexander's conquests but also serves as an enduring reflection on the complexities of power, legacy, and the human spirit.

Alexander the Great & Persia Joseph Stiles, 2022-09-15 Upon his return from India, Alexander the Great travelled to the Persian royal city of Pasargadae to pay homage at the tomb of King Cyrus, founder of the Achaemenid Persian Empire, whom he admired greatly. Disgusted to find Cyrus' tomb desecrated and looted, the Macedonian king had the tomb guards tortured, the Persian provincial governor executed, and the tomb refurbished. This episode involving Cyrus' tomb serves as one of many case studies in Alexander's relationship with Persia. At times, Alexander would behave pragmatically, sparing his defeated enemies and adopting Persian customs. Sisymbria, the mother of Persian King Darius III, allegedly came to view Alexander as a son and starved herself at the news of his demise. On other occasions, he did not shy away from destruction, famously torching the palace at Persepolis and cruelty earning himself the nickname 'the accursed'. This conflicting nature gives Alexander a complex legacy in the Persian world. Joseph Stiles explores Alexander the Great's fascinating relationship with his spear-won empire, disentangling the motives and influences behind his policies and actions as King of Asia.

The History of the Wars and Conquests of Alexander the Great Arrian, 1884 [The Anabasis of Alexander](#) or, [The History of the Wars and Conquests of Alexander the Great](#) Arrian, 2019-11-19 Arrian's *The Anabasis of Alexander* serves as a masterful chronicle of Alexander the Great's campaigns, drawing upon a wealth of primary sources including the accounts of contemporaries like Pseudo-Skylax and those who accompanied Alexander, such as the historian Callisthenes. Written in the second century AD, Arrian's narrative exhibits a meticulous attention to detail and a compelling literary style that blends historical rigor with vivid storytelling, transporting readers into the heart of military strategy, cultural encounters, and the unparalleled ambition of one of history's most iconic figures. This work is notable for its engagement with themes of leadership, ethics, and the consequences of conquest, situating it within the larger tradition of Greco-Roman historiography that values both fact and moral lesson. Arrian himself, a former pupil of the philosopher Epictetus and a military officer, shows a unique understanding of both the philosophical ideals shaping leadership and the

pragmatic realities of warfare His scholarly background and firsthand experiences likely inspired his efforts to produce a work that not only serves historical interest but also prompts reflections on the nature of power responsibility and the legacies left by legendary figures such as Alexander For students of history and enthusiasts alike The Anabasis of Alexander is an indispensable read that provides insight into not only the life and conquests of Alexander the Great but also the cultural and ethical considerations of leadership This work remains a pivotal text for understanding the complexities of power and the enduring impact of one man's ambition on the historical landscape In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work's timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era's events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work's messages connecting them to modern life Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read [Alexander](#)

Theodore Ayrault Dodge,2012-08-04 A classic history of one of the world's greatest military commanders At the age of 20 Alexander the Great inherited the near bankrupt kingdom of Macedonia and its small but revolutionary army built around an unbreakable infantry phalanx and a shock cavalry force In just ten years he led this army on a march of conquest across most of the known world Greece Asia Minor the Near East Egypt the lands of the Fertile Crescent and on into what we now know as Afghanistan Pakistan and India Undeclared in battle in his short life he immeasurably changed the course of history Theodore Ayrault Dodge's account of the campaigns was first published in 1890 as part of his Great Captains series The author an experienced military officer and historian follows the entire career of Alexander the Great reconstructs his army his strategy and all of his battles and explains his lasting impact on the art of war The result is a classic military history and biography This ebook edition includes an active table of contents reflowable text and over 200 campaign maps battle diagrams and illustrations **The History of the Wars of Alexander the Great** Quintus Curtius Rufus,1798 [The History of the Wars of Alexander the Great](#) Quintus Curtius Rufus,Johann Freinsheim,John Digby,1747 *The War Chronicles: From Chariots to Flintlocks* Joseph Cummins,2008
