The Internment of Western Civilians under the Japanese 1941-1945 Bernice Archer, 2004-08-02 Bernice Archer's comparative study of the experiences of the Western civilians interned by the Japanese in mixed family camps and sexually segregated camps in the Far East combines a wide variety of conventional and unconventional source material This includes contemporary War Foreign and Colonial Office papers diaries letters camp newspapers and artefacts post war medical engineering and educational reports biographies autobiographies memoirs and over fifty oral interviews with ex internees Using contemporary personal accounts the shock of the Japanese victories and the devastating experience of capture are highlighted This book also covers wider issues such as the role of women in war gender and war children and war colonial culture oral history and war and memory *Camp Life Is Paradise for Freddy* Fred Lanzing, 2017-01-15 Children see and hear what is there adults see and hear what they are expected to and mainly remember what they think they ought to remember David Lowenthal wrote in *The Past Is a Foreign Country* It is on this fraught foundation that Fred Lanzing builds this memoir of his childhood in a Japanese internment camp for Dutch colonialists in the East Indies during the World War II When published in the Netherlands in 2007 the book triggered controversy if not vitriol for Lanzing's assertion that his time in the camp was not the compendium of horrors commonly associated with the Dutch internment experience Despite the angry reception Lanzing's account corresponds more closely with the scant historical record than do most camp memoirs In this way Lanzing's work is a substantial addition to ongoing discussions of the politics of memory and the powerful if contentious contributions that subjective accounts make to historiography and to the legacies of the past Lanzing relates an aspect of the war in the Pacific seldom discussed outside the Netherlands and by focusing on the experiences of ordinary people expands our understanding of World War II in general His compact beautifully detailed account will be accessible to undergraduate students and a general readership and together with the introduction by William H Frederick is a significant contribution to literature on World War II the Dutch colonial experience the history of childhood and Southeast Asian history

Wyatt, 2004-11-30 The modern states of Indonesia Vietnam Thailand the Philippines Myanmar Malaysia Singapore Cambodia Laos Brunei and East Timor were once a tapestry of kingdoms colonies and smaller polities linked by sporadic trade and occasional war By the end of the nineteenth century however the United States and several European powers had come to control almost the entire region only to depart dramatically in the decades following World War II The Emergence of Modern Southeast Asia offers a new and up to date perspective on this complex region Although it does not neglect nation building the central theme of its popular and long lived predecessor In Search of Southeast Asia the present work focuses on economic and social history gender and ecology It describes the long term impact of global forces on the region and traces the spread and interplay of capitalism nationalism and socialism It acknowledges that modernization has produced substantial gains in such areas as life expectancy and education but has also spread dislocation and misery Organizationally the book shifts between thematic chapters that describe social economic and cultural change and country chapters emphasizing developments within specific areas Enhanced by scores of illustrations The Emergence of Modern Southeast Asia will establish a new standard for the history of this dynamic and radically transformed region of the world Contributors David Chandler Norman G Owen William R Roff David Joel Steinberg Jean Gelman Taylor Robert H Taylor Alexander Woodside David K Wyatt **Imperial Japan's World**

War Two Werner Gruhl, 2017-07-12 Gruhl's narrative makes clear why Japan's World War II aggression still touches deep emotions with East Asians and Western ex prisoners of war and why there is justifiable sensitivity to the way modern Japan has dealt with this legacy Knowledge of the enormity of Japan's total war is also necessary to assess the United States and her allies policies toward Japan and their reactions to its actions extending from Manchuria in 1931 to Hiroshima in 1945 Gruhl takes the view that World War II started in 1931 when Japan crowded and poor in raw materials but with a sense of military invincibility saw empire as her salvation and invaded China Japan's imperial regime had volatile ambitions but limited resources thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands Their 1931 to 1945 invasions and policies further added to Asia's pre war woes particularly in

China by badly disrupting marginal economies leading to famines and epidemics Altogether the victims of Japan's World War Two aggression took many forms and were massive in number Gruhl offers a survey and synthesis of the historical literature and documentation statistical data as well as personal interviews and first hand accounts to provide a comprehensive overview analysis The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U S decision to drop the atom bomb are explored here as well as Japan's war crimes and postwar revisionist apologist views regarding them This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context
