## **The Work Life Equation Six Key Values That Drive Happiness And Success:**

The Work-Life Equation William L. Maw, 2015-03-03 This book supplies a simple memorable and effective formula to solve problematic behaviors in the work environment and life in general. An invaluable guidebook, it will help readers move beyond mediocrity and achieve happier, more successful lives. The Work Life Equation Six Key Values That Drive Happiness and Success is for the millions of people and business managers who are surrounded by bad behavior with its attendant mediocre or unsatisfying results at work and in their private lives but who hope and dream for happier and more successful lives. The book begins with a frank explanation of the need for self awareness and self improvement then describes how the winning formula and the equation for happiness and success in work life  $H = S + f(4C + 2R)$  can be applied via six types of behaviors to effect sweeping changes. The formula means Happiness and Success can be achieved by is a function of Cooperation Consideration Compassion Courtesy Respect and Responsibility. The book focuses not just on the meaning of these values but also on how to better live them. It concludes with a self assessment tool for the individual team or organization to complete that enables objective measurements of behaviors and identification of areas of potential improvement. Dismissing the familiar corporate value clichés, the author focuses on six key values most readers probably learned as kids but have forgotten about in adulthood or didn't realize were still apt and relevant. The book provides priceless information and guidance for all readers but will be especially appreciated by those in the corporate workplace interested in self improvement and success educators and business students executives looking to shift their firm's behavioral atmosphere in a positive direction and individuals seeking inspiration and hope in their daily lives.
