The Spiritual Hierarchy of the Universe from God to Man Walker Thomas, 2013-03-03 THE SPIRITUAL HIERARCHY OF THE UNIVERSE FROM GOD TO MAN ACCORDING TO THE URANTIA BOOK describes the structure of the universe from God all the way down to us humans on our little planet earth called Urantia by higher beings Here we begin our eternal quest to find God and become perfect like Him thereby earning our wings to live in eternity according to God s Laws of Love This information is given to us in a true revelation published in 1955 called THE URANTIA BOOK which helps us better grasp the true meaning of life in the universe This teaching manual follows its companion titled THE SPIRITUAL ASCENSION PLAN OF THE UNIVERSE FROM MAN TO GOD ACCORDING TO THE URANTIA BOOK as described in the Introduction to each of the books in this series of 30 books under the umbrella title PEACE PLEASE These two companion books are both written to help the reader understand terms referred to in Part IV called The Life and Teachings of Jesus referred to herein as The Jesus Papers that are only explained in detail in the preceding Parts I II and III of THE URANTIA BOOK This will help to keep the reader s focus on the heart of the teachings of URANTIA which is The Jesus Papers So the objective of this simplification is to provide a minimum amount of clarifying passages from the first three parts of the book in order to make available a maximum amount of understanding to the reader of the Jesus Papers concerning the structure of the universe in which the ascension plan to God actually takes place Writing these simplifications for this Spiritual Hierarchy requires making strict decisions as to what is selected for inclusion and what is left in its original context and the cost of making these strict decisions is to leave out incredibly rich passages that contain wisdom that we can t find anywhere else on the planet So trying to include this minimum amount of text requires creating a sensitive yet decisive balance between exclusion and inclusion There is no fool proof method of simplifying the text but these related manuals are our best effort to do that in spite of the difficulties

The Inhabited Universe , 2014-07-10 THE URANTIA REVELATION was presented by celestial authors through an anonymous human receiver It was published in 1955 as The Urantia Book a 2097 page volume divided into 196 papers These papers describe God the grand universe and its many inhabitants the origin and history of our

planet the life and teachings of Jesus and the glorious destiny God has planned for every creature throughout his vast domains an endless life of boundless opportunity and unlimited progress The Inhabited Universe consists of sixteen papers from the Urantia revelation It focuses on the many worlds we will encounter as we journey through the universe worlds teeming with life both human and superhuman God is spirit but Paradise is not The material universe is always the arena wherein take place all spiritual activities spirit beings and spirit ascenders live and work on physical spheres of material reality Paper 12 The Universe of Universes Spirit beings do not dwell in nebulous space they do not inhabit ethereal worlds they are domiciled on actual spheres of a material nature worlds just as real as those on which mortals live The Havona worlds are actual and literal albeit their literal substance differs from the material organization of the planets of the seven superuniverses Paper 14 The Central and Divine Universe There is a great and glorious purpose in the march of the universes through space All of your mortal struggling is not in vain We are all part of an immense plan a gigantic enterprise and it is the vastness of the undertaking that renders it impossible to see very much of it at any one time and during any one life We are all a part of an eternal project which the Gods are supervising and outworking The whole marvelous and universal mechanism moves on majestically through space to the music of the meter of the infinite thought and the eternal purpose of the First Great Source and Center Paper 32 The Evolution of Local Universes The Story of Everything Michelle Klimesh,2017-04-30 THE STORY OF EVERYTHING is the perfect introduction to THE URANTIA BOOK a monumental revelation that was first published in 1955 The original text over two thousand pages long includes 196 papers that describe the nature of God the structure of the universe the hierarchy of angels life after death life on other worlds man s origin and destiny evolution the history of our planet and the life and teachings of Jesus For those who seek a summary of these teachings Michelle Klimesh has distilled them into a compact volume that retains the vast scope of the original while omitting much of the detail **Reason and Revelation** Byron Belitsos,2024-05-15 Proponents of the UB are overdue for serious dialogue with the intelligentsia of our society including the academic community This introductory anthology builds bridges to these serious thinkers especially those unfamiliar with The Urantia Book It is suitable for those with research interest in religious studies philosophy theology history and general humanities This anthology provides the highest quality research essays about The Urantia Book UB in one standalone introductory volume Aside from their high quality of writing these materials have been selected for three reasons They showcase genuine scholarship and deep research on The Urantia Book These essays bridge to contemporary knowledge outside the UB Each piece is suitable for readers new the Urantia text Adherents of the UB are long overdue for serious dialogue with the academic community as well as with the intelligentsia of our society most of whom are unfamiliar with The Urantia Book In addition to introducing the UB to academics thought leaders and cultural influencers Reason and Revelation is also designed as an introductory textbook for use in university classrooms especially in fields such as religious studies philosophy theology history and general humanities Like the Urantia

revelation itself this anthology is holistic and interdisciplinary However it does not provide essays on the social and natural sciences these topics will be covered in a future volume Reason and Revelation is divided into four parts I General Studies II Origin and Influence Studies III Religion Ethics and Spirituality IV Philosophy and Theology Because no prior knowledge of the UB is required Part I provides a beginner s orientation The later sections further introduce UB teachings on more specific topics building upon this earlier section Most but not all of these later essays are chosen because they are comparative they assess the UB s teachings in relation to the contemporary academic understanding of the chosen topic Several chapters simply provide studies of key topics at academic depth To further aid readers the anthology provides an extensive glossary appendices charts and an index
