Beginning Teaching, Beginning Learning: In Early Years and Primary Education Janet Moyles, Jane Payler, Jan Georgeson, 2017-06-16 This bestselling textbook provides an introduction to the fundamentals of teaching and learning in early years and primary education. If you are training to work in schools or other educational settings, the book offers a wide range of practical and straightforward guidance covering essential topics such as safeguarding, attachments and relationships, assessment, the indoor and outdoor environment, new technologies, behaviour management, and well-being. Thoroughly updated throughout and retaining its lively and engaging style, this new fifth edition extends your knowledge and understanding of working and playing effectively with young children. Enlivened by thought-provoking cameos and reflective questions, the book gives you the confidence to reflect upon challenge and enhance your own pedagogies. Key features include: Real-life cameos drawn from schools and settings; Questions to promote thinking included in each chapter; Suggested further reading including a range of annotated references; Up-to-date research and issues that teachers may face. **Beginning Teaching, Beginning Learning** is essential reading for student and newly qualified early years and primary teachers and practitioners, as well as those who educate and train them. This outstanding book should be a core text for beginning teachers working in the birth to 11 age range. It places Early Years and Primary education in the historical context and encourages new teachers to become reflective practitioners by adopting a questioning approach based on thoughtful comparative experiences. One aspect which makes this stand out from other similar texts is the focus it has on developing a deep understanding of the partnership between children's learning and the beginner teacher. Contributors, many of whom have been teachers themselves, include experts not only in their specific fields of interest but also in teacher education more broadly, so understand what is relevant for those on initial teacher education courses and those in the early stages of their teaching career. Jane Warwick, Primary PGCE Course Manager, University of Cambridge, UK. **Beginning Teaching, Beginning Learning** should be a core text on all birth to 11 years ITT courses. The book neatly combines grounded cameos of actual teaching experience with real-life questions and dovetails these with a thoroughly referenced scholarly critique. Through its engaging style and approach, the book speaks clearly and directly to the inquisitive, curious, and professional novice teacher who wishes to be both thoroughly reflective and knowledgeable of the latest research. This book is hugely successful as it manages to be both very wide in its content whilst encouraging a questioning and in-depth critical thinking throughout. Guy Roberts, Holmes MA, Early Years Education Programme Director, UCL Institute of Education, UK. **The Physical Development Needs of Young Children** Rebecca Duncombe, 2019-05-13 With growing concerns over declining levels of school readiness and physical activity, this book highlights the importance of quality early movement experiences and explores the connection between poor early Physical Development opportunities and later difficulties in the classroom. The book outlines the Physical Development needs of babies, toddlers, and young children up to the age of eight and suggests

practical ways in which these can be provided for It explores key concepts and terms such as physical literacy fundamental movement skills sport physical activity and Physical Education PE in relation to young children s Physical Development needs and discusses age appropriate provision Advice is given to prevent movement difficulties from occurring but it is acknowledged that not all children follow a typical Physical Development pathway and where this is the case suggestions are provided to help put children back on course The Physical Development Needs of Young Children is important reading for all who work with or care for young children including Early Years practitioners primary school teachers students who are studying to join these professions and parents

Teaching the Primary Curriculum for Constructive Learning Michael Littledyke, Laura Huxford, 2013-10-23 First Published in 1998 There is a current preoccupation with educational standards with claims that overall standards of achievement have fallen The purpose of this book therefore is to address the question of how children learn across the primary National Curriculum subjects with implications for effective teaching approaches The book emphasises a constructivist view of learning which acknowledges that children have views and attitudes which are formed as a result of experiences in and out of school and that these must be taken into account if meaningful and transferable learning is to be achieved

Physical Education and Development 3-11 Jonathan Doherty, Peter Brennan, 2012-08-21 Physical education plays a vital role in children s development health and well being and is an increasingly important part of the government s strategy for healthy schools The role and profile of physical education at primary level continues to grow as awareness of the need to encourage an active lifestyle at an early age increases This accessible guide to teaching PE within the 3 11 age range will allow all non specialist primary teachers to approach the subject with confidence encouraging a better understanding of its role within schools and the special contribution it can make to children s lives The book shows how to guide children s movement experiences from the Foundation Stage right through to adventurous activities and sports games at the end of Key Stage 2 contains a wealth of practical advice on developmentally appropriate practical ideas supports the PECCSL strategy PE School Sport and Club Links of providing at least 2 hours a week on high quality PE and school sport within schools Written for all early years and primary students on teacher education courses this book is also relevant for teachers HLTAs and other non PE specialists working with children up to the age of 11
