Writing Your Self Transforming Personal Material John Killick:

Writing Your Self Myra Schneider, John Killick, 2009-11-07 Writing Your Self is a comprehensive resource for anyone who wants to explore personal material in their writing. It examines how many writers use personal subject matter in memoirs, poems, journals, and novels. Part One focuses on universal experiences including childhood, identity, adult relationships, and loss, as well as more specific issues such as displacement and disability, physical and mental illness, and abuse. Throughout the book, writers including the authors give frank firsthand accounts of their own experiences and how they have tackled writing about them. Part Two begins with a series of techniques for approaching personal material which include practical exercises and examples. It also considers the differences between raw and finished writing and the validity of each and offers ideas for developing work. With its wide range of writers and the exciting possibilities it offers, Writing Your Self is a definitive book for exploring personal literature and life writing.

Writing Your Self Myra Schneider, John Killick, 2010-01-07 A complete resource for life writing, one of the key genres studied within creative writing.

Laughter, Literature, Violence, 1840-1930 Jonathan Taylor, 2019-02-04 Laughter Literature Violence 1840-1930 investigates the strange, complex, even paradoxical relationship between laughter on the one hand and violence, war, horror, death on the other. It does so in relation to philosophy, politics, and key nineteenth and twentieth century literary texts by Edgar Allan Poe, Edmund Gosse, Wyndham Lewis, and Katherine Mansfield, texts which explore the far reaches of Schadenfreude and so-called superiority theories of laughter, pushing these theories to breaking point. In these literary texts, the violent superiority often ascribed to laughter is seen as radically unstable, co-existing with its opposite, an anarchic sense of equality. Laughter, humour, and comedy are slippery, duplicitous, ambivalent, self-contradictory hybrids fusing apparently discordant elements. Now and then, though literary and philosophical texts also dream of a different kind of laughter, one which reaches beyond its alloys, a transcendent, perfect laughter which exists only in and for itself.
