**Resources in Education**, 1997-05 *A Korean Scholar's Rude Awakening in Qing China* Pak Chega, 2019-07-31 Two years after Adam Smith's *Wealth of Nations* was published in 1776 Pak Chega's 1750 1805 *Discourse on Northern Learning* appeared on the opposite corner of the globe Both books presented notions of wealth and the economy for critical review the former caused a stir across Europe the latter influenced only a

modest group of Chos n 1392 1897 Korea scholars and other intellectuals Nevertheless the ideas of both thinkers closely reflected the spirit of their times and helped define certain schools of thought in the case of Pak Northern Learning Pukhak which disparaged the Chos n Neo Confucian state ideology as inert and ineffective Years of humiliation and resentment against the conquering Manchus blinded many Korean elites to the scientific and technological advances made in Qing China 1644 1911 They despised its rulers as barbarians and begrudged Qing China s status as their suzerain state But Pak saw Korea s northern neighbor as a model of economic and social reform He and like minded progressives discussed and corroborated views about the superiority of China s civilization After traveling to Beijing in 1776 Pak wrote Discourse on Northern Learning in which he favorably introduced many aspects of China s economy and culture By comparison he argued Korea s economy was depressed the result of inadequate government policies and the selfishness of a privileged upper class He called for drastic reforms in agriculture and industry and for opening the country to international trade In a series of short essays Pak gives us rare insights into life on the ground in late eighteenth century Korea and in the many details he supplies on Chinese farming trade and other commercial activities his work provides a window onto everyday life in Qing China Students and specialists of Korean history particularly social reform movements and Chos n Qing relations will welcome this new translation

[Korean Culture](#), 1999 **A Korean Confucian's Advice on How to Be Moral** Don Baker, 2023-02-28 Tasan Ch ng Yagyong 1762 1836 is one of the most creative thinkers Korea has ever produced one of the country s first Christians and a leading scholar in Confucian philosophy Born in a staunchly Neo Confucian society in his early twenties he encountered writings by Catholic missionaries in China and was fascinated However when he later learned that the Catholic Church condemned the Confucian practice of placing a spirit tablet on a family altar to honor past generations he left the small Catholic community he had helped found and ostensibly returned to the Neo Confucian fold Nevertheless the Christian ideas he studied in his youth influenced his thinking for the rest of his life stimulating him to look at Neo Confucianism with a critical eye and suggest new solutions to problems Confucian scholars had been addressing for

centuries A Korean Confucian's Advice on How to Be Moral is an annotated translation of Tasan's commentaries on the Confucian classic Zhongyong usually translated as The Doctrine of the Mean in which he applies both Confucianism and Christianity to the question of how to best develop a moral character. Written as a dialogue with King Ch'ngjo (r. 1776-1800) these texts reveal how Tasan interpreted his Confucian tradition particularly its understanding of how human beings could cultivate morality while the king's questions illustrate the mainstream Neo-Confucianism. Tasan was reacting against the non-theistic standard insisting that living a moral life is not easy and that we need to be motivated to exert the effort necessary to overcome our selfish tendencies. He had abandoned his faith by the time he wrote these commentaries but influenced by Catholic works and determined to find a more effective way to live a moral life than non-theistic Neo-Confucianism provided, Tasan constructed a Confucian philosophy of moral improvement centered on belief in God. This translation helpfully annotated for context and analysis is an exploration of early Korean engagement with the West and a powerful guide to all those interested in Confucianism, Christianity, and morality. *Japan Weekly Mail*, 1894 *The Bible in the World*, 1907 **Newsletter** Han'guk Kukche Kyoryu Chaedan, 2008 **Everlasting Flower** Keith Pratt, 2006 There are two starkly different Koreas that are equally important actors on today's tense geopolitical stage. South Korea, which is thriving as a democracy racing into the future as a high-tech economic powerhouse, and North Korea, a repressive dictatorship ruled by the iron inclinations of the Dear Leader. The dividing 38th Parallel is a Cold War relic that masks the deep and binding cultural ties between them, and Keith Pratt tackles here in *Everlasting Flower* the complexly intertwined history of the two nations. *Everlasting Flower* traverses the ancient physical and cultural landscape of the Koreas, spanning from the ancient states of Old Choson and Wiman Choson to the present day. Pratt reveals the rich origins of such cultural foundations as religious practices and food and drink, and he connects them to key historical developments of both nations. He also probes controversial historical events such as the abuses, torture, punishment, and the comfort women of the Japanese occupation. Concise and richly illustrated pictorial essays augment Pratt's compelling narrative, chronicling various monuments of Korea's past, including the world's oldest observatory and the famous turtle boats. An engrossing and provocative history of the two Koreas, *Everlasting Flower* is an essential study of two nations that are rapidly emerging from the shadows of their looming neighbors, China and Japan, and of each other as well. As the Korean peninsula becomes an increasingly important geopolitical hotspot, *Everlasting Flower* offers a broad perspective on this painfully divided nation.
