Writing with Style John R. Trimble, 1975 **Uncommon Law of Learned Writing 2.0** Chinua Asuzu, 2023-09-10 As lawyers we must not in hot pursuit of common law outrun common sense The dread of that eventuality prompted this book Uncommon Law of Learned Writing 2 0 promotes common sense in legal language Plain language which is commonsensical broadens access to legal documents thus democratizing the law If democracy is government of the people by the people and for the people law is the language in which government interacts with the people it is the language of democracy The people whose government speaks through law must understand what is said No democratic society should brook legalese a dense verbose dialect known only to lawyers What then should society do to redress the lawyer induced obscurity A Shakespearean character had an alarming proposal The first thing we do let s kill all the lawyers Apparently that proposal was not enthusiastically endorsed which explains why we re still here A milder remedy enrolling lawyers in language classes has been mooted which explains why this book is in your hands Uncommon Law of Learned Writing 2 0 motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries This book is as sweeping and authoritative a treatment of its subject as you can find anywhere **Brief-Writing Master Plan** Chinua Asuzu, 2022-08-23 As much a sword as a shield Brief Writing Master Plan offers an unparalleled and unprecedented curriculum of written advocacy It s a sparkling alchemical blend of doctrine ethics and skills It recruits linguistics logic psychology rhetoric and semantics into the arsenal of learned advocacy It contains the rhetorical wisdom of ages pages and sages An advocate files a brief to persuade the judge to decide the lawsuit in favor of the advocate s client The keyword is persuade Too often advocates forget this and write to please themselves They address themselves instead of the court They write in chest thumping prose and style Advocates will do well to keep in mind that in advocacy all that counts is persuading the judiciary Hence Brief Writing Master Plan responds to the judicial wish list for advocates writing style and substance This book is a transformative resource with the potential to accelerate court proceedings by easing judicial burdens and caseloads A sober reflection on the advocate s duty to the court Brief Writing Master Plan encourages professional candor decency and honesty Writing as taught in this book will surely propel you to the top 1% of the global legal profession and secure your legacy **Learned Writing** Chinua Asuzu, 2019-05-22 As lawyers we must not in hot pursuit of common law outrun common sense The dread of that eventuality prompted this book Learned Writing promotes common sense in legal language Plain language which is commonsensical broadens access to legal documents thus democratizing the law If democracy is government of the people by the people and for the people law is the language in which government interacts with the people it is the language of democracy The people whose government speaks through law must understand what is said No democratic society should brook legalese a dense verbose dialect known only to lawyers What then should society do to redress the lawyer induced obscurity A Shakespearean character had an alarming proposal The first thing we do let s kill all the lawyers Apparently that

proposal was not enthusiastically endorsed which explains why we're still here. A milder remedy enrolling lawyers in language classes has been muted which explains why this book is in your hands. Learned Writing motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries. This book is as sweeping a treatment of its subject as you can find anywhere.

Writing with Style John R. Trimble, 2000. Writing with Style demonstrates that writing is really applied psychology since it is essentially the art of creating desired effects. Provides an explanation of what effects are desirable and how to create them. Provides new insight into how to generate interesting ideas and get them down on paper. How to write a critical analysis. How to write a crisp opener. How to invigorate a banal style. How to punctuate with confidence. How to handle various conventions and much more.
