Wrongly Convicted Perspectives On Failed Justice Critical Issues In Crime And Society:

Wrongly Convicted Saundra Davis Westervelt, John A. Humphrey, 2001 Written from a cross disciplinary perspective the essays in this collection are divided into four sections the causes of wrongful convictions the social characteristics of the wrongfully convicted case studies and personal histories and suggestions for change in the criminal justice system

Anatomy of Innocence Laura Caldwell, Leslie S. Klinger, 2017-03-28 Recalling the great muckrakers of the past an outraged team of America's best selling writers unite to confront the disasters of wrongful convictions Wrongful convictions long regarded as statistical anomalies in an otherwise sound justice system now appear with frightening regularity But few people understand just how or why they happen and more important the immeasurable consequences that often haunt the lucky few who are acquitted years after they are proven innocent Now in this groundbreaking anthology fourteen exonerated inmates narrate their stories to a roster of high profile mystery and thriller writers including Lee Child Sara Paretsky Laurie R King Jan Burke and S J Rozan while another exoneree's case is explored in a previously unpublished essay by legendary playwright Arthur Miller An astonishing and unique collaboration these testimonies bear witness to the incredible stories of innocent men and women who were convicted of serious crimes and cast into the maw of a vast and deeply flawed American criminal justice system before eventually and miraculously being exonerated Introduced by best selling authors Scott Turow and Barry Scheck these master storytellers capture the tragedy of wrongful convictions as never before and challenge readers to confront the limitations and harsh realities of the American criminal justice system Lee Child tells of Kirk Bloodsworth who obsessively read about the burgeoning field of DNA testing cautiously hoping that it held the key to his acquittal until he eventually became the first person to be exonerated from death row based on DNA evidence Judge John Sheldon and author Gayle Lynds team up to share Audrey Edmunds's experience raising her children long distance from her prison cell And exoneree Gloria Killian recounts to S J Rozan her journey from that fateful knock on the door and the initial shock of accusation to the scars she carries today Together the powerful stories collected within the Anatomy of Innocence detail every aspect of the experience of wrongful conviction as well as the remarkable depths of endurance sustained by each exoneree who never lost hope

Life after Death Row Saundra D. Westervelt, Kimberly J. Cook, 2012-10-17 Life after Death Row examines the post incarceration struggles of individuals who have been wrongly convicted of capital crimes sentenced to death and subsequently exonerated Saundra D Westervelt and Kimberly J Cook present eighteen exonerees stories focusing on three central areas the invisibility of the innocent after release the complicity of the justice system in that invisibility and personal trauma management Contrary to popular belief exonerees are not automatically compensated by the state or provided adequate assistance in the transition to post prison life With no time and little support many struggle to find homes financial security and community They have limited or obsolete employment skills and difficulty managing such daily tasks as grocery shopping or banking They struggle to regain independence self sufficiency and identity Drawing upon

research on trauma recovery coping and stigma the authors weave a nuanced fabric of grief loss resilience hope and meaning to provide the richest account to date of the struggles faced by people striving to reclaim their lives after years of wrongful incarceration

Crime, Justice, and Society Ronald J. Berger, Marvin D. Free, Patricia Searles, 2009 Now in its third edition this innovative core text provides a comprehensive and critical introduction to key theories and topics in criminology Highlighting issues of class race and gender the authors navigate the study of crime and criminals in an accessible and compelling manner Notably the text Investigates a breadth of topics ranging from street crime to corporate fraud Explores pivotal theories for understanding crime and victimization Promotes critical thinking by analyzing media constructions of crime Includes the voices of offenders victims and criminal justice personnel Engages students through discussion of issues drawn from the headlines

Tracing Technologies Helena Machado, Barbara Prainsack, 2016-02-24 The real heroes of television crime shows in the twenty first century are no longer police detectives but forensic technologies The immense popularity of high tech crime television shows has changed the way in which crime scene work is viewed The term CSI effect was coined to signify a situation where people's views and practices have been influenced by such media representations e.g judges and jurors putting more weight on forensic evidence that has been produced with high tech tools in particular DNA evidence than on other kinds of evidence While considerable scholarly attention has been paid to examining the CSI effect on public jurors judges and police investigators prisoners views on forensic technologies and policing have been under explored Drawing on a research sample of over 50 interviews carried out with prisoners in Portugal and Austria this groundbreaking book shows how prisoners view crime scene traces how they understand crime scene technologies and what effect they attribute to the existence of large police databases on their own lives careers and futures Through critically engaging with STS sociological and criminological perspectives on the use of DNA technologies within the criminal justice system this work provides the reader with valuable insights into the effect of

different legal political discursive and historical configurations on how crime scene technologies are utilized by the police and related to by convicted offenders **Corrections** Michael Welch,2004 Welch s CORRECTIONS is the only text to take a critical approach to the field of corrections This unique and refreshing text encourages students to think analytically about punishment By establishing a greater social context corrections is presented against the backdrop of social forces namely political economic religious and technological forces that affect the corrections system Students gain an understanding of the corrections system through the authors critical and issues oriented presentation of materials The book consistently introduces clear meaningful and exciting examples illustrating various issues and concepts **Criminal Justice** ,2002

Sociological Abstracts Leo P. Chall,2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **Human Sacrifice in Jewish and Christian Tradition** Karin Finsterbusch,Armin Lange,Diethard Römheld,2007 The present volume asks to which extent ancient practices and traditions of human sacrifice are reflected in medieval and modern Judeo Christian times and also includes contributions concerned with the Ancient Near East and Ancient Greece *Library Journal* ,2001 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately
