The Spiritual Genome Middle English Edition:

New Perspectives on Middle English Texts Susan Powell, Jeremy J. Smith, 2000 This collection of essays by experts in the field on major late Middle English texts concentrates on the alliterative tradition particularly Sir Gawain and the Green Knight In addition there are papers on Chaucer and Henryson Chivalry and Exploration, 1298-1630 Jennifer Robin Goodman, 1998 The literature of medieval knighthood is shown to have influenced exploration narratives from Marco Polo to Captain John Smith Explorers from Marco Polo to Captain John Smith viewed their travels and discoveries in the light of attitudes they absorbed from the literature of medieval knighthood Their own accounts and contemporary narratives reinforced by the interest of early printers reveal this interplay but historians of exploration on the one hand and of chivalry on the other have largely ignored this cultural connection Jennifer Goodman convincingly develops the idea of the chivalric romance as an imaginative literature of travel she traces the publication of medieval chivalric texts alongside exploration narratives throughout the later middle ages and renaissance and reveals parallel themes and preoccupations She illustrates this with the histories of a sequence of explorers and their links with chivalry from Marco Polo to Captain John Smith and including Gadifer de la Salle and his expedition to the Canary Islands Prince Henry the Navigator Cortes Hakluyt and Sir Walter Raleigh JENNIFER GOODMAN teaches at Texas A M University Fables respecting the popes of the middle ages John J. English Reports in Law and Equity Edmund Hatch Bennett, Chauncey Smith, 1854 *Godparents and Kinship in Early Medieval Europe* Joseph H. Lynch, 2019-01-29 Between A D 200 and 1000 sponsorship at baptism evolved from a simple liturgical act into a mechanism for the creation of enduring relationships regarded as especially holy forms of kinship Combining anthropological historical theological and literary approaches Joseph Lynch presents a comprehensive analysis of the origins and development in Western society of this spiritual kinship Because of its solemnity and adaptability such kinship gradually took its place alongside blood and marital ties as a fundamental part of medieval society continuing to expand in

high and late medieval Europe and to flourish even in modern times particularly in Latin America Professor Lynch traces the liturgical practices and theological beliefs undergirding sponsorship and examines its social purposes including sacralization of personal friendships creation of client patron relationships extension of marital taboos provision of protectors for the young fostering of trust among adults and dissemination of religious instruction In the process he offers a rich array of insights into the Church's role in the passage of Western society from antiquity to the Middle Ages Joseph H Lynch is Professor of History and former Director of the Center for Medieval and Renaissance Studies at Ohio State University He is author of *Simoniackal Entry into Religious Life form 1000 to 1260 A Social Economic and Legal Study* Ohio State Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 English Journal ,1969 **The English Encyclopædia** ,1802 The Publishers Weekly ,1914

Athenaeum and Literary Chronicle ,1850 **Renaissance Music** Kenneth Kreitner,2017-07-05 We know what say a Josquin mass looks like but what did it sound like This is a much more complex and difficult question than it may seem Kenneth Kreitner has assembled twenty articles published between 1946 and 2009 by scholars exploring the performance of music from the fifteenth and sixteenth centuries The collection includes works by David Fallows Howard Mayer Brown Christopher Page Margaret Bent and others covering the voices and instruments debate of the 1980s the performance of sixteenth century sacred and secular music the role of instrumental ensembles and problems of pitch standards and musica ficta Together the papers form not just a comprehensive introduction to the issues of renaissance performance practice but a compendium of clear thinking and elegant writing about a perpetually intriguing period of music history Humanities ,1985 Mores Catholici Kenelm Henry Digby,1846 *John Knowles's A Separate Peace* Harold Bloom,Sterling Professor of Humanities Harold Bloom,2014-05-14 A collection of essays analyzing Knowles's classic work including a chronology of his works and life **Mysteries and Secrets Revealed** Loren Pankratz,2021-04-01 *Mysteries and Secrets Revealed* uncovers the reality behind mysteries of nature and secrets of frauds that eluded common understanding The journey begins in the ancient Greek city of Delphi where priests claimed the gift of a priceless gold lion was an acknowledgement of their clairvoyant powers But their concocted story concealed an embarrassing blunder Those sufficiently savvy to catch the lie became aware of even deeper problems Author Loren Pankratz then guides us through the conflicts of Renaissance scholars including Galileo who explained things in ways that enraged philosophers and infuriated priests Galileo's methods of investigation were perpetuated by the meticulous work of the Academy of Experiment and Bernard Fontenelle's enthralling dialogue enabled common people to accept life in the rearranged sun centered universe Clairvoyants in a mesmeric trance

claimed they could visit distant planets and endure brutal surgical procedures If any of this was real how was it possible One nineteenth century mesmeric savant Alexis Didier was so convincing that someone claimed no case of clairvoyance could be made for anyone if his accomplishments were not real This unchallenged declaration is now unraveled here for the first time through information gleaned from uncommon documents and rare antiquarian pamphlets The surprising manifestations of modern spiritualism quickly escalated into a psychic arms race that included mysterious tipping and turning of tables Scientist Michael Faraday devised ingenious experiments to show how subtle muscle reactions outside of awareness created these manifestations On the other hand explanations for table levitations and mysterious writing on slates could only be solved by individuals with acute observational skills and acquainted with the methods of trickery Each story in Mysteries and Secrets Revealed captures the tension of conflict the thrill of discovery and the strategies of science that unmasked frauds fakes false belief and the enigmas of our natural world
