A COSMIC BIRTH... STARTING BEFORE ZERO PSJ

(Peet) Schutte,2013-07-12 I explain Genesis 1 v 1 the beginning or birth of the Universe in terms of the Bible using not theology but mathematics I prove Genesis 1 verse 1 to be correct by using mathematics The Bible says IN THE BEGINNING OF CREATION 1 when God made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss Yes this I do explain mathematically and I manage this because I prove and explain four cosmic keys that build the Universe namely The Titius Bode Law The Lagrangian Points The Roche limit and Coanda Effect Everything in nature in the Universe applies these phenomena in how space forms The Titius Bode Law The Lagrangian Points The Roche Coanda Effect forms the Universe in as much as forming stars in spheres and forming galactica in circles These principles form space and materials This is a process that produces space and that is how the Universe began before the Universe began in space I take the cosmic birth back to before space came about as the Big Bang Embracing Mind B. Alan Wallace,Brian

Hodel,2008-12-23 What is Mind For this ancient question we are still seeking answers B Alan Wallace and Brian Hodel propose a science of the mind based on the contemplative wisdom of Buddhism Hinduism Taoism Christianity and Islam The authors begin by exploring the history of science showing how science tends to ignore the mind even while it is understood to be the very instrument through which we comprehend the world of nature They then propose a contemplative science of mind based on the sophisticated techniques of meditation that have been practiced for thousands of years in the great spiritual traditions The final section presents meditations that are of universal relevance to scientists and people of all faiths for revealing new dimensions of consciousness and human flourishing Embracing Mind moves us beyond the dogmatic debates between theists and atheists over Intelligent Design and Neo Darwinism and it returns us to the vital core of science and spirituality deepening our experience of reality as a whole **A NEW CONCEPT ABOUT THE UNIVERSE PSJ** (Peet)

ancient times by introducing the reader to concepts and beliefs predating organized religion Universal Truth is an expose of hidden knowledge and truths practiced by adepts and spiritual masters since the beginning of time as we know it In this book Dr Rogers researches countless subjects dealing with metaphysical teachings to help readers gain a better understanding of the world in which live and the laws that govern it Universal Truth is the key to the kingdom for anyone who s not afraid to venture beyond the known into a world of secrecy and mystery that lay hidden from the common person But be for warned this is not a book for the religious at heart nor the conditioned thinker but rather this is a book for the open minded and the brave spirited You wont believe what s been hidden from you by the Church the world governments and the powers that be This is truly a masterpiece and a cornucopia of light for the ardent seeker of wisdom **Revealing Corrupt Science** Peet Schutte,2012-09-25 Revealing Corrupt Science I spent a lifetime uncovering information science hides for centuries My approach to science is revealing to the point and new It is your choice which you wish to read to get the same ideas about a new approach to stars galaxies and the Universe Read how the cosmos works when using the formula Kepler gave us In these books I make a financially rewarding offer of investment to prospective investors From where I stand my work is too big or I am too small to bring about the awareness I have to provoke to allow change in science to come about I need your help to get my work advertised so that people can see what my work entails In this there are 4 identical books namely To Inform To Reveal and To Expose and Uncovering The 1 is better developed than the other or the 1 is less informing than the other The page numbers will tell which is which Reading which one is your choice because we all can cope with different volumes of information and divulge more or less facts given as new information
