Cori, 2010-05-18 The second book in the Sirian Revelations Trilogy explores the wisdom ancient Atlantis can offer contemporary seekers The lost continent of Atlantis has existed in the collective consciousness of humankind for eons contemplated as early as 355 BC by Plato and echoing in the modern mind In this controversial book author Patricia Cori provides compelling often startling insights into this lost culture and the lessons it holds for us as both a high civilization and a metaphor for our current world situation earth changes growing extraterrestrial phenomena and government conspiracy theories Only by embracing and recognizing what Atlantis can teach us says Cori can we expect to heal and uplift our own increasingly threatened civilization Where Pharaohs Dwell Patricia Cori, 2011-08-30 In this thought provoking book

Patricia Cori takes time from her channeled work as the Scribe to the Speakers of the Sirian High Council to focus on her past life experiences in ancient Egypt The book begins dramatically with the traumatic recall of a past Egyptian life when Cori relives a horrifying death by suffocation from being buried alive This experience propels her on a journey of exploration into the question of human immortality leading her back to Egypt where she unravels the origins of the ancient Egyptians

obsession with the resurrection of the soul Cori's discoveries reveal new perspectives on Egyptian mysteries new timelines as to the beginnings of the civilization and controversial ideas that link the earliest Egyptian cultures with even earlier civilizations such as that of Atlantis As she returns to sites of her former lives Cori begins to receive messages through which she relives the past life regression guiding her to discover secrets of the ancient Egyptians Finally she travels beyond the veil of illusions into the otherworld of possibilities that lies beyond physical existence This exciting book weaves strands of science history and metaphysics into a shimmering tapestry of personal discovery

Before We Leave You Patricia Cori, 2011-04-26 What if whales and dolphins truly do have a superior intellect as many believe and can speak to the human race What would their message be In November 2008 gifted clairvoyant Patricia Cori was in Jordan teaching a workshop when a life changing event occurred A community of Cetaceans a choir of whales and dolphins as she describes it interrupted her talk with a frantic plea for help Cori was suddenly witness to a devastating scene of suffering a communal grieving of scores of whales and dolphins frenzied lost and dying This was the first of several terrifying calls for help all of which were immediately followed by mass suicide events as these majestic creatures collectively chose to leave us and our planet These troubling incidents evolved into the stream of messages for humanity that Cori reveals in this extremely timely work The whales and dolphins present their deep understanding of our urgent global situation calling for the human race to restore balance to our ecosystems especially our dying oceans For the first time we read the communications of the Cetaceans and their story of devotion and celebration of life on the Great Planet Earth We are also given a glimpse of their role in the unfolding of galactic events throughout our solar system and the message is clear We must wake up and realize that our continued abuse of the environment is altering the course of Gaia's progression to the next dimension Without the whale and dolphin song without these musicians who hold the oceans in balance we risk our advancement through the ascension process for which our entire solar system is destined Before We Leave You is a roadmap to that higher future and a pathway to global transformation NOTE ELECTRONIC VERSION OF THIS TITLE DOES NOT INCLUDE THE CETACEAN MEDITATIONS CARDS INCLUDED IN THE REGULAR PRINTED VERSION
