Baroness Elsa the first American Dada As a neurasthenic kleptomaniac man chasing proto punk poet and artist the Baroness Elsa von Freytag Loringhoven left in her wake a ripple that is becoming a rip one hundred years after she exploded onto the New York art scene As an agent provocateur within New York's modernist revolution the first American Dada not only dressed and behaved with purposeful outrageousness but she set an example that went well beyond the eccentric divas of the twenty first century including her conceptual descendant Lady Gaga Her delirious verse flabbergasted New Yorkers as much as her flamboyant persona As a poet she was profane and playfully obscene imagining a farting God and transforming her contemporary Marcel Duchamp into M ars my arse With its ragged edges and atonal rhythms her poetry echoes the noise of the metropolis itself Her love poetry muses graphically on ejaculation orgasm and oral sex When she tired of existing words she created new ones phalluspistol spinstertilollipop kissambushed The Baroness's rebellious highly sexed howls prefigured the Beats her intensity and psychological complexity anticipates the poetic utterances of Anne Sexton and Sylvia Plath Published more than a century after her arrival in New York Body Sweats is the first major collection of Elsa von Freytag Loringhoven's poems in English The Baroness's biographer Irene Gammel and coeditor Suzanne Zelazo have assembled 150 poems most of them never before published Many of the poems are themselves art objects decorated in red and green ink adorned with sketches and diagrams presented with the same visceral immediacy they had when they were composed

Sound-Blind Alex Benson, 2023-11-06 In the 1880s a new medical term flashed briefly into public awareness in the United States Children who had trouble distinguishing between similar speech sounds were said to suffer from sound blindness The term is now best remembered through anthropologist Franz Boas whose work deeply influenced the way we talk about cultural difference In this fascinating work of literary and cultural history Alex Benson takes the concept as an opening onto other stories of listening writing and power stories that expand our sense of how a syllable a word a gesture or a song can be put into print and why it matters Benson interweaves ethnographies memoirs local color stories modernist novels silent film scripts and more Taken together these seemingly disparate texts by writers including John M Oskison Helen Keller W E B Du Bois F Scott Fitzgerald and Elsie Clews Parsons show that the act of transcription never neutral is conditioned by the histories of race land and ability By carefully tracing these conditions Benson argues we can tease out much that has been left off the record in narratives of American nationhood and American literature Film And Television In Education Robert Watson, 2003-09-02 First published in 1990 The aim of the series is to define and defend a comprehensive aesthetic both theoretical and practical for the teaching of the arts There can be little doubt that of the six great arts which the Library of Aesthetic Education is committed to defending and defining film has been the most ignored in the curriculum of our schools There is a grand irony in this for film is not only the one unique art form developed in our own century but also the most unequivocally popular Film was envisaged as part of a system of communications which had to be decoded in terms of ideology and contextualized in terms of power and control Robert Watson's Film and Television in Education with its telling
